**Michelangelo and the Sistine Chapel** Andrew Graham-Dixon, 2009-01-01 The story behind the timeless Renaissance revealed The First Book of Moses, Called Genesis ,1999 Hailed as the most radical repackaging of the Bible since Gutenberg these Pocket Canons give an up close look at each book of the Bible *Michelangelo and the Pope's Ceiling* Ross King, 2014-10-14 From the acclaimed author of Brunelleschi's Dome and Leonardo and the Last Supper the riveting story of how Michelangelo against all odds created the masterpiece that has ever since adorned the ceiling of the Sistine Chapel In 1508 despite strong advice to the contrary the powerful Pope Julius II commissioned Michelangelo Buonarroti to paint the ceiling of the newly restored Sistine Chapel in Rome Despite having completed his masterful statue David four years earlier he had little experience as a painter even less working in the delicate medium of fresco and none with challenging curved surfaces such as the Sistine ceiling's vaults The temperamental Michelangelo was himself reluctant He stormed away from Rome incurring Julius's wrath before he was eventually persuaded to begin Michelangelo and the Pope's Ceiling recounts the fascinating story of the four extraordinary years he spent laboring over the twelve thousand square feet of the vast ceiling while war and the power politics and personal rivalries that abounded in Rome swirled around him A panorama of illustrious figures intersected during this time the brilliant young painter Raphael with whom Michelangelo formed a rivalry the fiery preacher Girolamo Savonarola and the great Dutch scholar Desiderius Erasmus a youthful Martin Luther who made his only trip to Rome at this time and was disgusted by the corruption all around him Ross King blends these figures into a magnificent tapestry of day to day life on the ingenious Sistine scaffolding and outside in the upheaval of early sixteenth century Italy while also offering uncommon insight into the connection between art and history Oil and Marble Stephanie Storey, 2016-03-01 From 1501 to 1505 Leonardo da Vinci and Michelangelo Buonarroti both lived and worked in Florence Leonardo was a charming handsome fifty year old at the peak of his career Michelangelo was a temperamental sculptor in his mid twenties desperate to make a name for himself The two despise each other Front jacket flap *The Sistine Chapel* Ulrich Pfisterer, 2018 The art of the Sistine Chapel decorated by artists who competed with one another and commissioned by popes who were equally competitive is a complex fabric of thematic chronological and artistic references Four main campaigns were undertaken to decorate the chapel between 1481 and 1541 and with each new addition fundamental themes found increasingly concrete expression One overarching theme plays a central role in the chapel the legitimization of papal authority as symbolized by two keys one silver one gold to the kingdom of heaven The Sistine Chapel Paradise in Rome is a concise informative account of the Sistine Chapel In unpacking this complex history Ulrich Pfisterer reveals the remarkable unity of the images in relation to theology politics and the intentions of the artists themselves who included such household names as Botticelli Michelangelo and Raphael Through a study of the main campaigns to adorn the Sistine Chapel Pfisterer argues that the art transformed the chapel into a pathway to the kingdom of God legitimizing the absolute authority of the

popes First published in German the prose comes to life in English in the deft hands of translator David Dollenmayer

**The Two Michelangelos** Bette Talvacchia, 2021 Through historical coincidence that almost takes on a mythical character Michelangelo was the given name not only of the Florentine sculptor but also of the painter who grew up in Caravaggio a provincial town in Lombardy about 25 miles east of Milan Michelangelo Merisi da Caravaggio commonly called by reference to his hometown produced revolutionary paintings whose impact was as great at the beginning of the 1600s as the other Michelangelo's art had been a century earlier In this book author Bette Talvacchia explores the significant but little discussed connection between the two Michelangelos She exposes the dynamic relationship between their work through looking at the ways in which Caravaggio creatively responded to the art of his namesake from the start of his youthful arrival in Rome In addition she suggests how Michelangelo's overwhelming achievement was a model that helped to drive the young Caravaggio's powerful ambition and shape his identity as an artist With lucid and intelligent prose this fascinating book sheds light on the similar artistic temperament constructed in the biographies of each artist glorifying their rebellious anti social behaviour and uncompromising artistic principles examined both in its historical and contemporary configurations Why does our culture find these two artists so compelling and how were they seen in their time and in the intervening centuries until our own day Linking the past to the present Talvacchia encourages readers to appreciate more fully the individual works discussed and to reflect upon the continuing relevance of these two artists to the culture of the present day
