## **Michelangelo The Sistine Chapel Ceiling:**

**Michelangelo and the Pope's Ceiling** Ross King, 2014-10-14 From the acclaimed author of Brunelleschi's Dome and Leonardo and the Last Supper the riveting story of how Michelangelo against all odds created the masterpiece that has ever since adorned the ceiling of the Sistine Chapel In 1508 despite strong advice to the contrary the powerful Pope Julius II commissioned Michelangelo Buonarroti to paint the ceiling of the newly restored Sistine Chapel in Rome Despite having completed his masterful statue David four years earlier he had little experience as a painter even less working in the delicate medium of fresco and none with challenging curved surfaces such as the Sistine ceiling's vaults The temperamental Michelangelo was himself reluctant He stormed away from Rome incurring Julius's wrath before he was eventually persuaded to begin Michelangelo and the Pope's Ceiling recounts the fascinating story of the four extraordinary years he spent laboring over the twelve thousand square feet of the vast ceiling while war and the power politics and personal rivalries that abounded in Rome swirled around him A panorama of illustrious figures intersected during this time the brilliant young painter Raphael with whom Michelangelo formed a rivalry the fiery preacher Girolamo Savonarola and the great Dutch scholar Desiderius Erasmus a youthful Martin Luther who made his only trip to Rome at this time and was disgusted by the corruption all around him Ross King blends these figures into a magnificent tapestry of day to day life on the ingenious Sistine scaffolding and outside in the upheaval of early sixteenth century Italy while also offering uncommon insight into the connection between art and history *Michelangelo and the Sistine Chapel* Andrew

Before Vasari's extraordinary book, art was considered a technical skill and artists were mere decorators and craftsmen. It was through Vasari's visionary writings that Raphael, Leonardo and Michelangelo came to be regarded as great masters of life as well as art; their creative genius celebrated as a divine gift. Lauded by Sarah Bakewell as insightful, gripping and thoroughly enjoyable, *The Collector of Lives* reveals how one Renaissance scholar completely redefined how we look at art.

Michelangelo Michelangelo, James H. Beck, Antonio Paolucci, Bruno Santi, Michelangelo Buonarroti, Agnese Parronchi, Francesco Panichi, 1994. When Michelangelo left Florence for Rome in 1534, the Medici tombs were unfinished, but there was no question of another sculptor being brought in to complete them. They were already icons of artistic perfection, which it would be sacrilege for anyone else to touch. That eminence they retain to this day. The two seated Medici Dukes and the reclining figures of Night, Day, Dawn and Dusk are among the most famous sculptures in the world, endlessly copied and universally recognisable. *Michelangelo's frescoes on the Sistine Chapel Ceiling* Sandra Kuberski, 2014-12-15. Essay from the year 2012 in the subject Art History of Art, grade 1.7. University of Essex Art History course. The High Renaissance in Italy. language: English. abstract. In 1508, Michelangelo began working on the ceiling of the Sistine Chapel; he completed it four years later. His frescoes show stories of the Old Testament about creation and fall of humankind and give an anticipation of salvation through Christ. Michelangelo at first did not want to paint the ceiling because he saw himself as a sculptor and thought of the commission as a trap of his rivals. Moreover, it was unusual for ceiling frescoes to show narration; they were in general regarded as minor compared to walls. Michelangelo undeniably taught art history better; his artwork became a masterpiece of High Renaissance. This essay is going to examine Michelangelo's concerns in decorating the ceiling, especially in regard to the representation of narration and how successful his attempts were. **Michelangelo** Michelangelo Buonarroti, 1947.
