Grachev,2009 The Jedburghs Will Irwin,2005-10-10 The Jedburghs were a pioneering Special Forces unit uniquely made up of American British and French volunteers They parachuted deep behind the German lines to assist with the recapture of France in 1944 Dropped in teams of three the Jeds would rally local opposition to the Germans and conduct guerrilla warfare sabotage ambush and intelligence gathering ahead of the advancing Allied armies In doing so they contributed to the Allied breakout from the Normandy bridgehead and to the rapid advance to the German border Above all the Jedburgh teams were trained to survive The three man teams could not be certain that their communications with London would survive the drop or that any meaningful resupply would be possible They had to operate alone against extraordinary odds in a country almost entirely occupied by a hostile force prepared to survive pitched battles with the Wehrmacht and relentless manhunts by the Gestapo Nor did they know how long they would have to wait before the Allied front line reached them It was an enormous test of endurance cunning and strength of will The Jedburghs tells the story of these heroic young men and offers a new perspective on the D Day landings Will Irwin who served in the modern U S Army Special Forces himself has selected seven of the Jedburgh teams and told their stories as gripping personal narratives He has gathered archival documents diaries and correspondence and interviewed veterans and family members in order to present a full portrait of their crucial role recognized by Churchill and Eisenhower in the struggle to liberate Europe It is narrative history at its most compelling a vivid drama of the battle for France from deep behind enemy lines BOOK JACKET **The Burgess Shale** Margaret Atwood,2017-03-17 Atwood provides a window into her own early writing days a treasure for readers interested in Canadian literature because this is where it all began Prairie Fire Review of Books The outburst of cultural energy that took place in the 1960s was in part a product of the two decades that came before It s always difficult for young people to see their own time in perspective when you re in your teens a decade earlier feels like ancient history and the present moment seems normal what exists now is surely what has always existed In this short work Margaret Atwood author of *The Handmaid s Tale* and Canada s most famous writer *The New Yorker* compares the Canadian literary landscape of the 1960s to the Burgess Shale a geological formation that contains the fossils of many strange prehistoric life forms The Burgess Shale is not entirely about writing itself however Atwood also provides some insight into the meager writing infrastructure of that time taking a lighthearted look at the early days of the institutions we take for granted today from writers organizations prizes and grant programs to book tours and festivals Allows the reader a brief glimpse into the mind of a great writer and her perspective and experience living through what would now seem to many the Stone Age of the Canadian writing scene invaluable and
