Michener was in his sixties when he began traveling frequently to the Florida Keys. One result of those visits was the novel *Matecumbe* named after two of the islands that comprise the town of Islamorada located approximately half way between Miami and Key West. Never before published, *Matecumbe* features many of the hallmarks of Michener's best work including detailed descriptions of place. However, the plot is much more intimate than that found in most of his large scale epic historical novels. Focusing on the parallel lives of a woman and her mother, both divorced, Michener spent his creative energy on character development and allegorical storytelling. Random House, his publisher, wasn't pleased and wanted the mega best selling author to concentrate on producing heavyweight books like *Hawaii* and *Centennial*. *Matecumbe* seemed too much in the vein of his earlier romance novel *Sayonara*. So it sat in a drawer until eventually Michener gifted it, including the copyright, to Joe Avenick, his friend and former ghostwriter. Avenick played a key role in the research and writing of *Sports in America* and *Chesapeake* and introduced Michener to Melissa Missy DeMaio, who soon became the primary reason for Michener's increasingly frequent visits to the Keys. Biographers and critics have long agreed that Michener's personality and his characters were both affected by his relationship with DeMaio. As perhaps his most encompassing autobiographical novel and the one written in the midst of these changes, *Matecumbe* provides what may be tantalizing glimpses into Michener's life.

Caravans James A. Michener, 2014-02-18. First published in 1963, James A. Michener's gripping chronicle of the social and political landscape of Afghanistan is more relevant now than ever. The full life story of James Michener written with his cooperation. **The Novel** James Albert Michener, 1991. A good old fashioned sink your teeth into it story.
