The Dynamics of Biblical Parallelism Adele Berlin, 2007-12-18 Understanding of biblical poetry is enhanced by the study of its structure In this book Adele Berlin analyzes parallelism a major feature of Hebrew poetry from a linguistic perspective This new edition of Berlin s study features an additional chapter The Range of Biblical Metaphors in Smikhut by late Russian linguist Lida Knorina Berlin calls this addition innovative and instructive to those who value the linguistic analysis of poetry It is a fitting coda to Berlin s adept analysis The Copper Scroll - 3Q15: A Reevaluation Judah K. Lefkovits, 2018-11-26 This volume deals with the Copper Scroll an almost two thousand year old cryptic proto Mishnaic Hebrew Dead Sea document It is the largest known ancient text to have ever been recorded on metal The Introduction covers the nature and site of the

discovery opening of the two brittle oxidized copper rolls deciphering the text controversy about genuineness of the content etc The in depth study presents the primary major studies and offers a new reading translation and interpretation including alternatives as well as detailed studies of some unique aspects The analysis is based on Rabbinical Jewish sources originating largely in the same historical era This results into a more reliable interpretation of the Copper Scroll which probably originates from the Priestly leaders of Jerusalem and contains a list of the hidden treasures of the Second Temple before its destruction by the Romans

The Whirlwind Stephen L. Cook, Corrine L. Patton, James W. Watts, 2002-02-01 This collection of essays focuses on the book of Job exploring the complex interplay of methodology and hermeneutics There are two major parts approaches that are primarily historical i e the recovery of what the text meant and those that are contextual i e that take seriously the context of reading Both approaches engage the theological issue of how this reading helps us to better appropriate what the text means Contributors include the editors Mark S Smith Douglas J Green Victoria Hoffer Ellen F Davis and Claire Matthews McGinnis An introductory essay surveys the contents and outcomes of the various contributions and proposes new directions for the question of integrating methods

The Missing Jesus Craig A. Evans, Jacob Neusner, 2002-01-01 How can Jesus said to be missing References to Jesus are not missing but rather a dimension of his identity This text demonstrates that in order for us to understand Jesus and his influence we need to see him within the context of the Judaism that was his own natural environment

The Strategic Smorgasbord of Postmodernity Deborah Bowen, 2011-05-25 Contemporary Christian critique often talks about postmodernism apocalyptically in terms of cultural crisis and decline instead the contributors to this volume believe that there is a new place for Christian entries on the academic Smorgasbord of postmodernity and they see the postmodern turn as an opportunity for fresh perspectives on the spiritual dimensions of reading literature These twenty scholars are an eclectic group differing in theological and theoretical commitments but all identifying as Christian In this collection they enter into dialogue with a wide range of contemporary literary theorists and theoretical perspectives and offer new readings of primary texts informed by both these theoretical constructs and their Christian faith The manuscript strikes out in important new directions in its sympathetic reading of postmodern theory from a Christian perspective and even more significantly in its careful and measured dialogic approach to the relationship of Christian thought and contemporary literary theory Daniel Coleman Canada Research Chair in Critical Ethnicity and Race Studies Department of English and Cultural Studies McMaster University Too often Christian literary critics and theologians have preemptively dismissed postmodern theory even as secular critics have been equally dismissive about the contributions that the Christian faith tradition makes to the study of literature This volume successfully brings these two worlds together in innovative at times challenging and always rich ways I do not know of a similar volume in existence a work that gathers in one convenient publication a wide ranging set of discussions of contemporary literary theory by Christian scholars The editor has gathered an impressive and important set of papers here and I believe the volume will
