Similar to the popular arcade game, MICRO INVADERS is an exciting, action-filled, high resolution game that will give you hours of enjoyment whenever you play. The object is to destroy as many Invaders as possible while avoiding their deadly bombs.

The player starts the game with three tanks. Paddle controls left and right motion of the tank. When paddle is centered, the tank will remain stationary. Paddle switch zero fires the shots, and after the first shot is fired repeatedly when held down. Each shot can be fired only once per impact of the previous shot. Reaching a score of 1500 will award a fourth tank.

SCORING is as follows:

SAILOR -	Valuable Mystery Score
FIFTH Row Invaders	- 10 POINTS
THIRD and FOURTH Row Invaders	- 20 POINTS
FIRST and SECOND Row Invaders	- 10 POINTS

Remember! The Invaders get closer with each pass across the screen. The more Invaders that are destroyed, the faster those remaining will approach. Have no doubts! Shooting that last Invader will not be the end! There will be more...and then more...and more... Pressing paddle switch zero will restart the game.

MICRO INVADERS is written in machine language and loads from cassette in the following manner:
