

Je suis allé au cinéma pour voir un film d'action qui s'appelle **White House Down**.

C'était marrant et spectaculaire.

J'adore les films d'actions.

Les vedettes du film sont Channing Tatum et Jamie Foxx. Ils jouent bien dans les rôles d'un marin américain et le président des États-Unis.

L'action se déroule aux États-Unis, dans la Maison Blanche. Les effets spéciaux sont super et la fin est très surprenant.

Je suis allé au cinéma pour voir un film de science-fiction qui s'appelle **Elysium**.

C'était trop long et barbant.

Normalement j'aime les films de science-fiction mais je ne recommande pas Elysium parce que c'était nul.

Je suis allé au cinéma pour voir un film qui s'appelle **Jurassic Park 3D**. C'était un film de science-fiction.

Je l'ai trouvé intéressant et triste. C'était vraiment passionnant.

Les vedettes sont Sam Neill et Laura Dern, et Richard Attenborough est bon dans le rôle du vieux scientifique.

La musique est vraiment géniale.

***Archive, Slow Ideology and Egodocuments as Microhistorical Autobiography*** Sigurður Gylfi Magnússon, 2021-08-29 This book aims to demonstrate how scholars in recent times have been utilizing egodocuments from various angles and providing an opening for the multivocality of the sources to be fully appreciated The first part of the book is concerned with the significance of egodocuments both for the individual him herself who creates such documents and also for the other who receives them The author approaches the subject on the basis of his own personal experience and goes on to discuss the importance of such documents for the academic world emphasizing more general questions and issues within the fields of historiography philosophy of history microhistory and memory studies The second part of the book is based upon a photographic collection an archive that belonged to the author's grandfather who over decades accumulated photographs of vagabonds and outsiders This part seeks to explore what kind of knowledge can be applied when a single source an archive document letter illustration etc is examined and whether the knowledge derived may not be quite as good in its own context as in the broader perspective
