Brian Fikkert, Russell Mask

Microfinance Poverty Assessment Tool:

Microfinance Poverty Assessment Tool Carla Henry, 2003-01-01 The Microfinance Poverty Assessment Tool method was developed to increase transparency in the outreach performance of microfinance institutions MFIs in order to more effectively assess their impact on the lives of poor people It provides accurate data on the poverty levels of MFI clients relative to people living in the same community using a more standardised and rigorous set of indicators than those used by conventional microfinance targeting tools and allow comparative measurement of poverty outreach within and across countries Although this method was designed for microfinance it can also be used to measure the poverty levels of clients of other development programmes

Microfinance Poverty Assessment Tool, 2003-01-01 The Microfinance Poverty Assessment Tool was developed as a much needed tool to increase transparency on the depth of outreach of microfinance institutions MFIs It is intended to help donors and investors integrate a poverty focus into their appraisals and funding of financial institutions through a more precise understanding of the clients served by these institutions Used in conjunction with an institutional appraisal of financial sustainability governance management staff and systems a poverty assessment allows for a more holistic understanding of an MFI

Microfinance and Poverty Hege Gulli, 1998 **Money with a Mission: Microfinance and poverty reduction** James G. Copestake, Martin Greeley, 2005 Money with a Mission Volume 1 presents the findings of a five year action research programme into how far poverty oriented microfinance institutions are contributing to global poverty reduction and how they can do so more effectively Based on collaboration with more than thirty microfinance institutions across Africa Asia and the Americas the book is a seminal reference on social performance measurement and management in microfinance

BOOK JACKET *From Dependence to Dignity* Brian Fikkert, Russell Mask, 2015-05-12 The church of Jesus Christ finds itself at a very unique moment in history The average Christian living in the economically advanced countries enjoys a level of prosperity that has been unimaginable for most of human history At the same time over 2.5 billion people in the Majority World Africa Asia and Latin America live on less than 2 per day with many of these people being Christians Ironically it is amongst the least of these in the Global South that the global church is experiencing the most rapid growth All of this raises profound challenges to the global church How can churches and missionaries in the Majority World effectively address the devastating poverty both inside their congregations and just outside their doors How can churches in the economically advanced countries effectively partner with Global South churches in this process The very integrity of the global church's testimony is at stake for where God's people reside there should be no poverty Deuteronomy 15:4 Acts 4:34 For the past several decades microfinance MF and microenterprise development MED have been the leading approaches to poverty alleviation MF MED is a set of interventions that allow households to better manage their finances and start small businesses From remote churches in rural Africa to the short term missions programs of mega churches in the United States churches and missionaries have taken the plunge into MF MED trying to

emulate the apparent success of large scale relief and development organizations Unfortunately most churches and missionaries find this to be far more difficult than they had imagined Repayment rates on loans are low and churches typically end up with struggling programs that require ongoing financial subsidies Everybody gets hurt in the process donors relief and development agencies churches and missionaries and most importantly the poor people themselves This book explains the basic principles for successfully utilizing microfinance in ministry Drawing on best practice research and their own pioneering work with the Chalmers Center Brian Fikkert and Russell Mask chart a path for churches and missionaries to pursue a path that minimizes the risks of harm relies on local resources and enables missionaries and churches to minister in powerful ways to the spiritual and economic needs of some of the poorest people on the planet The insights of microfinance can play a tremendous role in helping to stabilize poor households removing them from the brink of disaster and enabling them to make the changes that are conducive to long term progress Moreover when combined with evangelism and discipleship a church centered microfinance program can be a powerful tool for holistic ministry one that is empowering for the poor and devoid of the dependencies plaguing most relationships between churches in economically advanced countries and churches in poor nations The New Microfinance Handbook Joanna Ledgerwood, Julie Earne, Candace

Nelson, 2013-02-01 The New Microfinance Handbook provides a detailed overview of client financial service needs the various providers and financial products and services that meet those needs and the supporting functions that allow the financial market system to provide better more appropriate financial services to the poor sustainably **Evaluation and Poverty Reduction** Osvaldo Fajnzylber, Robert Picciotto, In his foreword the president of the World Bank James D Wolfensohn states plainly and precisely the rationale for this volume Evaluation is a central aspect of any poverty reduction endeavor Evaluation implies that we have adopted a methodology that allows us to look in an effective way at the results of what we are doing so that we can in turn adapt our future actions toward the effective achievement of our goals Evaluation adds value if we can learn something useful from it It is not just a scorecard It is something that helps us change our behavior or influence the behavior of others This high powered collection of papers illustrates this statement The network of world class scholars and development practitioners covers the gamut from methodological issues to policy concerns with respect to participatory evaluation poverty reducing growth macro and micro levels of intervention health nutrition and population programs social inclusion and the changing role of the civil society The participants include major figures including a Nobel Laureate as well as cutting edge policy makers Poverty reduction is examined in innovative ways utilizing state of the art techniques of the social and economic sciences The editors and contributors emphasize what works in poverty reduction programs They point to making interventions context specific with a holistic vision of the problem Contributors emphasize social funds and safety nets social services crisis prevention informal social security and insurance systems anti corruption programs mobilization of the poor and ultimately the creation where none existed in the past of a workable civil

society In short this volume lies at the intersection of development economics and political economy It seeks to promote development effectiveness through social learning and problem solving The volume is unabashedly focussed on pro poor growth It has its roots in a conference sponsored by the Operations Evaluation Department an independent unit within the World Bank The goals of evaluation are to learn from experience to provide an objective basis for assessing the results of the Bank s work and to provide accountability in the achievement of its objectives Osvaldo N Feinstein is a manager and Robert Picciotto director general of the Operations Evaluation Department The World Bank is located in Washington D C with offices throughout the developing world

Microfinance and Poverty Reduction Susan Johnson,Ben Rogaly,1997 The book emphasizes the importance of studying the local context and then considering the macroeconomic factors which may be operating upon the economy of a particular country Five extended case studies in the Gambia Ecuador Mexico Pakistan and the UK are examined with reference to further aspects of sustainability and impact assessment
