**Microphone Fiends** Andrew Ross, Tricia Rose, 1994 First Published in 1994 Routledge is an imprint of Taylor Francis an informa company **Music and Youth Culture** Daniel Laughey, 2006-01-05 Music and Youth Culture offers a groundbreaking account of how music interacts with young people s everyday lives Drawing on interviews with and observations of youth groups together with archival research it explores young people s enactment of music tastes and performances and how these are articulated through narratives and literacies An extensive review of the field reveals an unhealthy emphasis on committed fanatical spectacular youth music cultures such as rock or punk On the contrary this book argues that ideas about youth subcultures and club cultures no longer apply to today s young generation Rather archival findings show that the music and dance cultures of youth in 1930s and 1940s Britain share more in common with youth today than the countercultures and subcultures of the 1960s and 1970s By focusing on the relationship between music and social interactions the book addresses questions that are scarcely considered by studies stuck in the youth cultural worlds of subcultures club cultures and post subcultures What are the main influences on young people s music tastes How do young people use music to express identities and emotions To what extent can today s youth and their music seem radical and progressive And how is the special relationship between music and youth culture played out in everyday leisure education and work places **American Youth Cultures** Neil Campbell, 2004 Ten essays by British US and Canadian academics explore popular books films and television shows for clues to the meanings of youth representation in American culture Drawing on a framework of ideas from cultural and social theory they consider themes such as race class gender power and sexuality as well as the ideological nature of youth and its centrality to American popular culture Originally published in 2000 as *The Radiant Hour Versions of Youth in American Culture* U of Exeter Press Annotation 2004 Book News Inc Portland OR booknews com **Youth Cultures** Paul Hodkinson, Wolfgang Deicke, 2007-06-07 Featuring both well known and emerging scholars from the UK the USA and mainland Europe this fascinating new volume addresses core theoretical and methodological developments before going on to examine key substantive themes in the study of young people s identities and lifestyles *Cultures Of Popular Music* Bennett, Andy, 2001-12-01 Presents a comprehensive cultural social and historical overview of post war popular music genres from rock n roll and psychedelic pop through punk and heavy metal to rap rave and techno **Shades of White** Pamela Perry, 2002-02-14 What does it mean to be young American and white at the dawn of the twenty first century By exploring this question and revealing the everyday social processes by which high schoolers define white identities Pamela Perry offers much needed insights into the social construction of race and whiteness among youth Through ethnographic research and in depth interviews of students in two demographically distinct U S high schools one suburban and predominantly white the other urban multiracial and minority white Perry shares students candor about race and self identification By examining the meanings students attached or didn t attach to their social lives and

everyday cultural practices including their taste in music and clothes she shows that the ways white students defined white identity were not only markedly different between the two schools but were considerably diverse and ambiguous within them as well Challenging reductionist notions of whiteness and white racism this study suggests how we might go beyond whiteness to new directions in antiracist activism and school reform *Shades of White* is emblematic of an emerging second wave of whiteness studies that focuses on the racial identity of whites It will appeal to scholars and students of anthropology sociology and cultural studies as well as to those involved with high school education and antiracist activities **Clubbing**
