The Young Michelangelo Michael Hirst, Jill Dunkerton, 1994 Michael Hirst's chapters are followed by Jill Dunkerton's survey of Michelangelo's technique as a painter on panel using both egg tempera and oil paint based on the investigation of his paintings in the National Gallery Included in the discussion is Michelangelo's slightly later Doni Tondo in the Uffizi Florence his only completed panel painting and one of the most perfect of his works Dunkerton also looks back to the paintings by Ghirlandaio and his workshop in which Michelangelo was trained Her illuminating text helps us to understand how Michelangelo executed these two familiar but relatively little studied paintings and also to envisage the startling finished appearance probably conceived by the artist

Michelangelo Miles J. Unger, 2015-07-21 Among the immortals Leonardo Rembrandt Picasso Michelangelo stands alone as a master of painting sculpture and architecture He was not only the greatest artist in an age of giants but a man who reinvented the practice of art itself Throughout his long career he clashed with patrons by insisting that he had no master but his own demanding muse and promoting the novel idea that it was the artist rather than the lord who paid for it who was creative force behind the work This is the life of perhaps the most famous most revolutionary artist in history told through the stories of six of his magnificent masterpieces

Michelangelo's Theory of Art Robert John Clements, 1961 Few mortals have made a discipline of art and of life or devoted themselves to learning with the singleness of purpose of Michelangelo Even in the magnificent turmoil of the Italian Renaissance when Botticelli and Leonardo and Cellini electrified the civilized world with their creative genius one man towers

over them all Michelangelo the master artist Out of Michelangelo's reading associations and the everyday ordeal of art there emerged a complete theory of art at once personal and representative of his times This volume traces the development of that theory by drawing upon his letters poetry conversations Renaissance biographies and his works of art themselves Professor Clements offers a unified view of the artist's thoughts opinions and seeming contradictions on all the arts he practiced so vigorously and brilliantly Michelangelo's artistic biases his personality and his temperament are brought into sharp focus The result is a complete and revealing image of a man hailed by his age as divine Jacket flap *Michelangelo* Emily J.
