Lucchi, Silvia Suardi, 2002 This book far from being an astronomical dissertation instead refers to the aftermath of a lamp and more precisely to what has happened in the professional life of Michele De Lucchi from the birth of the famous Tolomeo lamp conceived in 1986 until today **Cavolo che Design. 70 ricette con le verdure** ,2011 *Italian Lighting Design*

1945-2000 Alberto Bassi, 2004 Following World War II Italian industrial designers began to earn worldwide acclaim for their lamp and lighting designs since then the country has produced landmark models that have become classics of modern and contemporary design such as lamps by the Castiglioni brothers and Artemide This richly illustrated book documents the evolution of Italian lamp and lighting design from 1945 to the end of the twentieth century A collection of essays by design historian Alberto Bassi organized in seventeen sections traces the industry's critical and commercial successes and the unique relationship between tradition decorative quality technology and production Included are profiles of individual designers such as the Castiglioni brothers Vico Magistretti Gino Sarfatti and Pietro Chiesa and manufacturers such as Flos Fontana Arte and Luceplan The book reproduces more than 300 archival and new photographs original advertisements product displays and installations of lights and lighting This volume is the second in a new series inaugurated by ABC Twentieth Century Graphic Design aimed not just at a traditional readership of architects but also at people working in the field of graphics and students at the new faculties of design **Michele de Lucchi** Silvia Suardi, 2002 Dopotolomeo loin d'être une dissertation astronomique se rapporte au contraire à la vie d'une lampe et plus précisément à ce qui est arrivé dans la vie professionnelle de Michele De Lucchi depuis la naissance de la fameuse Tolomeo lampe dessinée en 1986 jusqu'aujourd'hui Dopotolomeo est un journal sincère et direct qui donne l'image de la succession des événements de l'existence de tout un chacun c'est un collage d'images et de pensées chaotiques comme tout ce qui circule dans la tête des gens Le fil conducteur de ce journal s'inspire des cahiers que De Lucchi a écrits depuis l'époque où il tâtait jusqu'à nos jours du premier regard sur du papier de comptabilité carreaux aux plus grands sur papier pour aquarelle pour finir par les petits carnets quadernini calepins remplis d'encre et qui représentent aujourd'hui l'histoire de l'itinéraire professionnel de Michele De Lucchi Le flux des images de Dopotolomeo nous rapporte un fleuve karstique où les messages apparaissent parfois très vidents et très immédiats les analogies anthropomorphes de nombreux de ses projets et d'autres fois ils sont plus secrets plus cachés et plus souterrains Mais le fleuve suit son cours pour resurgir un peu plus loin en emportant avec lui son histoire un flux continu même s'il est fait de discontinuités parce que produire et adopter des raisons de discontinuité représente une partie essentielle de la façon de concevoir des projets **L'Arca** ,2004 **Domus** ,2002 Modo ,2003 Arte in ,2002 **Oasis** ,2002

Architectural Publications Index ,2003 **Art of the Twentieth Century and Beyond** Loredana Parmesani, 2012 The new updated edition of the Skira best seller on twentieth century art This handy manual is for those who wish to understand what art was in the last century and what it represents today The book whose structure is essential and synthetic aims to divulge the pleasure of art to those who have never delved beyond its surface and above all to describe how it has

become spectacle and performance in recent years Following an analysis of the theories and poetics that tempestuously traversed the historical avant gardes and the neo avant gardes of the twentieth century and contributed to their extraordinary vitality the author focuses on and explains the principal artistic phenomena that starting in 1980 marked the period defined as post modern which was characterised by performance and a system of economic financial art The last chapter describes the arrival of postmodern up to its possible decline marked by the social events of 2007 that by abandoning the special effects of immateriality has headed in a direction that is more tangible worldly and concrete *Forthcoming*
