**Facsimile Products** United States. National Weather Service, 1979 **Conflict in Africa** Oliver Furley, 1995-12-31 Conflict prevention and resolution early warning systems and peace keeping are becoming issues of pressing concern in Africa today and are now the subject of much research by academics government bodies the UN the World Bank the OAU non government organizations aid agencies and human rights groups The search for solutions to the many causes of violent conflict grows apace at a time when Africa has been afflicted by a series of wars and disasters that have resulted in human tragedy on an unimaginable scale This book brings together many of the most prominent writers in the field to treat conflict in its widest sense Essays on individual countries cover the issues of international and civil wars rebellion ethnic and religious disturbance criminality and warlordism The authors adopt a multi disciplinary approach to analyse the roots of

conflict Particular attention is paid to both internal and external political and economic influences artificial state boundaries divisions based on ethnicity and religion poverty and inequality neglect of the rural sector and the effects of rapid urbanization In addition there are three chapters that give a wider overview of conflict in Africa examining the colonial legacy the effect of conflict on the economies of African states and human rights issues Prison Journal, 1940-1945 Edouard Daladier, 1995-03-21 The French Prime Minister who signed the Munich Agreement in 1938 and who one year later led his country into war against Hitler's Germany Edouard Daladier was arrested by the Vichy regime and imprisoned in France and Germany until the war's end As a pastime and a catharsis Daladier wrote He wrote about what had happened to him and to his country about day to day conditions in captivity and about what he could glean of the anti Nazi war effort through newspaper accounts from the visits of his friends and family and from his well hidden radio receiver He wrote of the accusations made against him by his former proteges and comrades in arms and of his trial during which the charges oddly metamorphosed from having declared war on Germany to not having sufficiently prepared France for battle the charges were of little importance as the verdict had been previously decided Ever the statesman Daladier wrote most of all about his hopes and fears for France and Europe which hung so heavily at first upon the battlefield successes of the British American and Allied forces and later upon the Allies refusal to recognize in Soviet power the danger of the very totalitarianism that they had been fighting to eliminate At the war's end witnessing the devastation of Germany Daladier wrote with a poignant sympathy that is unexpectedly moving Daladier's notes remained forgotten and unpublished until twenty years after his death when they were discovered and compiled by his son Jean They are presented here in English for the first time By turns sorrowful enraged humorous and philosophical this lively narrative gives fresh insights into the tangled politics of the era
