*Perspectives on Travel Writing* Glenn Hooper, 2017-05-15. Ranging from the early modern to the postcolonial and dealing mainly with encounters in Europe, the Americas and the Middle East, *Perspectives on Travel Writing* is a collection of new essays by international scholars that examines some of the various contexts of travel writing as well as its generic characteristics. Contributions examine the similarities between autobiography and memoir fiction and travel writing and attempt to define travel writing as a genre. Utilising a variety of approaches, the essays display a shared concern with what travel writing does and how it does it. The effects of encounter and border crossing on gender, race and national identity are considered throughout. The collection begins with a review of some of the problems and issues facing the scholar of travel writing and moves on to a detailed discussion of the qualities of travel writing and its related forms. It then presents in chronological order a number of case studies before closing with a critical discussion of approaches to the subject. An essay collection with broad historical and geographical coverage, this volume should appeal to students and researchers of travel and travel-related literatures from across the Humanities.

**Eiger Dreams** Jon Krakauer, 2009-02-10. No one writes about mountaineering and its attendant hardships and victories more brilliantly than critically acclaimed author Jon Krakauer. In this collection of his finest work from such magazines as *Outside* and *Smithsonian*, he explores the subject from the unique and memorable perspective of one who has battled peaks like K2, Denali, Everest, and of course the Eiger. Always with a keen eye, an open heart, and a hunger for the ultimate experience, he gives us unerring portraits of the mountaineering experience. Yet *Eiger Dreams* is more about people than about rock and ice. People with that odd, sometimes maniacal obsession with mountain summits that sets them apart from other men and women. Here we meet Adrian, the Romanian determined to be the first of his countrymen to solo Denali; John Gill, climber not of great mountains but of house-sized boulders so difficult to surmount that even demanding alpine climbs seem easy; and many more compelling and colorful characters. In the most intimate piece, *The Devil's Thumb*

Krakauer recounts his own near fatal ultimately triumphant struggle with solo madness as he scales Alaska's Devils Thumb Eiger Dreams is stirring vivid writing about one of the most compelling and dangerous of all human pursuits [Rick Steves Best of Scotland](#) Rick Steves, 2024-01-30 Hit Scotland's can't miss sights bites and history in two weeks or less with Rick Steves Best of Scotland Expert advice from Rick Steves on what's worth your time and money One to three day itineraries covering Edinburgh Glasgow St Andrews the Highlands and the Isle of Skye Rick's tips for beating the crowds skipping lines and avoiding tourist traps The best of local culture flavors and haunts including walks through the most interesting neighborhoods and museums Trip planning strategies like how to link destinations and design your itinerary what to pack where to stay and how to get around Over 80 full color maps and vibrant photos Experience the magic of Scotland for yourself with Rick Steves Best of Scotland Planning a longer trip Rick Steves Scotland is the classic in depth guide to spending more than two weeks exploring the country
