Handbook of Lipids in Human Nutrition Gene A. Spiller,2020-08-11 The Handbook of Lipids in Human Nutrition is a concise reference for professionals and students interested in the role of lipids in nutrition Over 100 tables and illustrations provide quick access to the most current data available Jealousy Catherine Millet,2011-02-08 A haunting story of fragile female identity sexually gained violently lost by the New York Times bestselling author of *The Sexual Life of Catherine M* The New York Times Book Review Catherine Millet's erotic memoir *The Sexual Life of Catherine M* was a landmark book a portrait of a sexual life lived without boundaries and without a safety net Described as eloquent graphic and sometimes even poignant by Newsweek and as perhaps one of the most erotic books ever written by Playboy it drew international attention for its audacity and the apparently superhuman sangfroid required of Millet and her partner Jacques Henric with whom she had an extremely public and active open relationship Now Millet's follow up answers the first book's implicit question How did you avoid jealousy I had love at home Millet explains I sought only pleasure in the world outside But one day she discovered a letter in their apartment that made it clear that Jacques was seriously involved with someone else *Jealousy* details the crisis provoked by this discovery and Millet's attempts to reconcile her need for freedom and sexual liberation with the very real heartache caused by Jacques's infidelity *Jealousy* delves into the world of emotion as evocatively as *The Sexual Life of Catherine M* delves into the realm of the senses Here is the paradoxical confession of a libertine who discovers that love in any of its forms can have a dark side An honest brutal piece of confession and self analysis The Guardian

Underwater Seascapes Olivier Musard, Laurence Le Dû-Blayo, Patrice Francour, Jean-Pierre Beurrier, Eric Feunteun, Luc Talassinis, 2014-03-24 While the European Landscape Convention adopted in Florence in 2000 by the European Council offers a public action framework through a normative definition the marine and submarine dimensions of landscapes are attracting growing interest from researchers worldwide At a time when marine conservation objectives are strongly endorsed by the Convention on Biological Diversity the French Marine Protected Areas Agency a public institution under the governance of the French Ministry of the Environment has gathered prominent experts to draft the very first interdisciplinary overview of underwater seascapes so as to initiate and lend direction to a wider reflection on this emerging research topic

Tourism, Recreation and Regional Development Jean-Christophe Dissart, Jeoffrey Dehez, Jean-Bernard Marsat, 2016-03-03 What factors contribute to tourism and recreation development How can we characterise stakeholder rationales and organisation modes to enhance tourism resources and foster tourism and recreation services To what extent do tourism and recreation contribute to regional development What changes are taking place in terms of new destinations stakeholders policy objectives Bringing together scholars from the fields of planning economics sociology management studies and geography this book examines cross cutting issues in tourism and recreation with the aim of developing an extended view of leisure time Focusing mainly on France with comparison to the experience of Northern and Southern European countries and North America it combines a diverse range of case studies to address issues such as contrasting rural dynamics changing public policies sustainable development imperatives evolving user behaviour and increasingly diverse recreation activities and stakeholder organisation Specific topics are highlighted such as the role of social capital or culture as factors of recreation development resort organisation from international and experience based perspectives and the usefulness of the capability approach to evaluate tourism impacts on local development Emphasising policy recommendations to help public or collective action on the issues and presenting emerging trends in the field this book should be of interest to students scholars and stakeholders in tourism recreation planning and management

Cryospheric Systems Geological Society of London, 2005 The introduction of the term periglacial by Lozinski in 1909 to describe the cold climate conditions in the zone adjacent to but beyond the Pleistocene glaciers encouraged the separate development of geocryological and glaciological research Geological and geomorphological processes at the interface between glaciers and permafrost have as a result been given less attention than they warrant and the influence of one on the other has in many respects been neglected This book includes a collection of papers that emphasize glacier permafrost interactions Papers

consider permafrost and its influence on glaciectonic processes glacial meltwater systems and ground ice development in proglacial and ice marginal environments In addition recent research findings are reported on paraglacial processes permafrost evolution rock glaciers the formation of ice wedge casts and periglacial slope evolution It is hoped that this book will stimulate interest in the interface between glacial and periglacial systems and encourage further collaborative research involving glaciologists and glacial geologists on the one hand and geocryologists and permafrost scientists on the other
