Adult Catalog: Subjects Los Angeles County Public Library,1970 [The Michelin Men](#) Herbert R. Lottman,2003-10-23

This is the remarkable story of how two brothers Edouard and Andre Michelin turned a sleepy family tyre firm in the heart of rural France into one of the most innovative and successful industrial empires in the world Edouard a landscape painter at the Ecole des Beaux Arts displayed an engineering genius for tyre making and product innovation whilst Andre trained as an engineer displayed a creative genius for advertising and marketing Together they kick started the world motor industry and created a tourist industry around the motor car and their now legendary Michelin Guides The Michelin history as described

here by Herbert Lottman reveals insights into the development of this remarkable business **Marketing Michelin** Stephen L. Harp,2001-12-14 Harp uses the familiar figure of Bibendum and the promotional campaigns designed around him to analyze the cultural assumptions of belle epoque France including representations of gender race and class He also considers Michelin s efforts to promote automobile tourism in France and Europe through its famous Red Guide first introduced in 1900 noting that in the aftermath of World War I the company sold tour guides to the battlefields of the Western Front and favourably positioned France s participation in the war as purely defensive and unavoidable Throughout this period the company successfully identified the name of Michelin with many aspects of French society from cuisine and local culture to nationalism and colonialism **Foreign Touring Guide** Automobile Association (Great Britain),1931
