In the Metro Marc Augé, 2002 Tourists climb the Eiffel Tower to see Paris Parisians know that to really see the city you must descend into the metro In this revelatory book Marc Augé takes readers below Paris in a work that is both an ethnography of the city and a personal narrative Guiding us through history memory and physical space Augé juxtaposes the romance of the metro with the reality of multiethnic urban France His work is part autobiography with impressions from a lifetime riding the trains part meditation on self and memory reflected in the people and places underneath Paris part analysis of a place where the third world and the first world meet where remnants of cultures move and press together and part a reflection on anthropology in an era of globalization and urban development Although he is a pillar of French thought In the Metro is Augé s first major critical and creative work translated into English It shows him to be firmly rooted in a tradition of literary ethnography that reaches back to Claude Lévi Strauss and Michel de Certeau but also engaged in current theoretical debates in literary and cultural studies In Augé s idiosyncratic and innovative approach the act of observing the quotidian is elevated to an art The writer and his history become part of the field he observes and anthropology interacts with a site urban life usually reserved for sociology and cultural studies Throughout Augé reveals a passion for his milieu seeing the metro as a place rich with history and literature an eclectic egalitarian society

The Rome Zoo Pascal Janovjak, 2021-08-03 Rome too wants the sound of roaring as evening falls The Rome Zoo a place born of fantasy and driven by a nation s aspirations It has witnessed and reflected in its tarnished mirror the great follies of the twentieth century Now in an ongoing battle that has seen it survive world wars and epidemics the zoo must once again reinvent itself and assert its relevance in the Eternal City Caught up in these machinations is a cast of characters worthy of this baroque backdrop a man desperate to find meaning in his own life a woman tasked with halting the zoo s decline and a rare animal the last of its species who bewitches the world Drifting between past and present The Rome Zoo weaves together these and many other stories forming a colourful and evocative tapestry of life at this strange place It is both a love story and a poignant juxtaposition of the human need to classify to subdue with the untameable nature of our dramas and anxieties Spellbinding and disturbing precise and dreamy this award winning novel translated by Stephanie Smee is unlike any other Winner of the Swiss Literature Award the Prix Michel Dentan and the Prix du public de la RTS Like all truly great literary allegories The Rome Zoo is both innocent and wise filled equally with tenderness and darkness A gorgeous dream like fable of Italy s past and present Ceridwen Dovey
