 trip to the cathedrals of Europe anthropologist John Rush and his wife entered St Mark s Basilica in Venice and encountered
 a mosaic depicting Jesus surrounded by mushrooms with an Amanita muscaria cap in his hand Examining the space with new
 eyes they discovered images of mushrooms and mind altering plants all over the Basilica Intrigued Dr Rush spent seven years
 researching and reflecting on the profound effects hallucinogens had on the founding of all three major Western religions He
 concluded that Judaism Christianity and Islam are political constructions evolving out of the use of not only Amanita
 muscaria but a plethora of mind altering substances Failed God Fractured Myth in a Fragile World re examines the scriptural
 stories of Judaism Christianity and Islam as told in the Bible and Qur an and reveals them as concocted mythical charters
 stemming from drug induced romps with the super natural Rush shows how mind altering substances played an instrumental
 role in the birth and development of Western religions and explains how they contributed to reports of prophetic experiences
 including angry and disturbing messages from the divine With chapters on Judaism Christianity and Islam Rush fully
 addresses the effects of mind altering substances on each tradition convincingly discrediting the idea that they stem from
 actual human interaction with the divine He also shows how an intoxicated and over zealous Apostle Paul corrupted Jesus s
 simple message of human decency forming an oppressive religious system based on fear In a thought provoking conclusion
 Rush asks how we can continue to attribute authority to traditions that were so clearly irrationally founded and incompatible
