*Hollywood Highbrow* Shyon Baumann, 2018-06-05 Today s moviegoers and critics generally consider some Hollywood products even some blockbusters to be legitimate works of art But during the first half century of motion pictures very few Americans would have thought to call an American movie art Up through the 1950s American movies were regarded as a form of popular even lower class entertainment By the 1960s and 1970s however viewers were regularly judging Hollywood

films by artistic criteria previously applied only to high art forms In Hollywood Highbrow Shyon Baumann for the first time tells how social and cultural forces radically changed the public's perceptions of American movies just as those forces were radically changing the movies themselves The development in the United States of an appreciation of film as an art was Baumann shows the product of large changes in Hollywood and American society as a whole With the postwar rise of television American movie audiences shrank dramatically and Hollywood responded by appealing to richer and more educated viewers Around the same time European ideas about the director as artist an easing of censorship and the development of art house cinemas film festivals and the academic field of film studies encouraged the idea that some American movies and not just European ones deserved to be considered art     Secret Lives of the Underground Railroad in New York City Don Papson, Tom Calarco, 2015-02-11 During the fourteen years Sydney Howard Gay edited the American Anti Slavery Society's National Anti Slavery Standard in New York City he worked with some of the most important Underground agents in the eastern United States including Thomas Garrett William Still and James Miller McKim Gay's closest associate was Louis Napoleon a free black man who played a major role in the James Kirk and Lemmon cases For more than two years Gay kept a record of the fugitives he and Napoleon aided These never before published records are annotated in this book Revealing how Gay was drawn into the bitter division between Frederick Douglass and William Lloyd Garrison the work exposes the private opinions that divided abolitionists It describes the network of black and white men and women who were vital links in the extensive Underground Railroad conclusively confirming a daily reality     **Lost Mohawk Valley** Bob Cudmore, 2015-09-21 Life in the Mohawk Valley today is vastly different from generations ago Long gone are the factory whistles calling workers to their shifts in old mill towns Fort Plain still benefits from little known inventor William Yerdon and Utica baseball player George Burns was so skilled that fans called left field Burnsville Few realize that a local artist shared a special bond with John Philip Sousa one of the nation's greatest musicians The Tamarack Playhouse was once the venue of spectacular theatricals and as time goes on there are fewer alumni to remember Amsterdam's Bishop Scully High School Local author Bob Cudmore shows that while lost these and other compelling stories no longer need be forgotten
