Egyptian Religion and Mysteries Earle de Motte, 2013-02-21 Subjects covered in these pages include Egyptian Spirituality The Akhenaten Heresy and Its Impact on Religion and Mystical Thought Creation Mythology of the Four Centres The Soul and Its Journey in Egyptian Metaphysical Thought Secrets of the Book of the Dead The Nature of the Human Being Ra's Journey through the Underworld and Its Initiatory Significance Egyptian Mysteries as the Prototype of Ancient Mystery Schools Shamans Hierophants and the Initiatory Process Wisdom of the Egyptian Sages from Ancient Egypt to the Hermetic Mystics of Alexandria The Heart as the Spiritual Self and Monitor of Morality in Human Behaviour KIRKUS REVIEW A collection of insights into the esoteric meanings of ancient Egyptian religious and spiritual practices This extraordinary book the product of extensive research by author and Rosicrucian lecturer de Motte The Grail Quest 2003 is ideal for readers who want to go beyond ancient Egypt's pyramids artifacts and mummies Here in highly readable form the author presents the broad outlines of the ancient Egyptian spiritual belief system from the founding cosmology of a watery amorphous pre creation mass to the rise of Ra Osiris Isis Horus and Seth and on to the highly developed use of symbols as keys to mystic truths comprehended only by a chosen few Why do ancient Egyptian renderings of human figures have bird heads The book gives the answer They depict among other things the soul in flight freed from an earthly cage and able to access other realms of reality The book also explains how the scarab an insect that stores balls of dung to feed its offspring is intimately linked to the mighty sun god Ra who must successfully pass through the underworld each night One of the book's main themes is the notion that in every age there's a body of secret knowledge about life death and the afterlife known only to initiates and never preached or recorded That knowledge is passed on exclusively by word of mouth over the millennia lest it fall into the hands of those who would abuse it In the Egyptian model the priestly class

served this function in so called mystery schools with elaborate pageantry Although de Motte s prose is highly readable some readers may find this a difficult book to absorb The author presents a very large amount of information here and readers not well acquainted with his topic may find it necessary to re read it to keep from getting lost Only bona fide Egyptologists can render scholarly judgment on de Motte s dazzling pages but neophytes will appreciate the author s liberal citation of experts even when he doesn t agree with them An impressive work that brings light to a mysterious ancient culture *Ancient Mysteries And Modern Masonry* Charles H. Vail,2013-10-24 The purpose of these lectures is to consider the origin and nature of the Ancient Mysteries and Modern Masonry and to show the relation which they bear one to the other Freemasonry deals largely with the morals and symbols of the Mysteries of Antiquity and originally was one of the channels of Ancient Wisdom There were a few among the founders of Modern Masonry who possessed the Royal Secret or at least had a knowledge of its existence and if the key has been lost the Mason as Heir apparent of the Old Wisdom should be foremost in the search for its recovery All agree that the Masonic symbols and traditions are of the greatest antiquity and can be traced to the far East to the earliest civilization from which time and place they have spoken in nature s language to all peoples of the earth We are more and more convinced that this picture language of our ritual contains a most complete philosophy a knowledge embracing the eternal verities of the universe and that these symbols were designed by the Initiates of old to preserve and convey that Ancient Wisdom to the present and future generations Though empires and dynastic continents have appeared and passed away these ancient symbols hewn in rock cut temples and monuments have served to convey the Great Secret from ages past and will continue its record as long as this part of the universe remains **Rudolf Steiner and the Founding of the New Mysteries** Sergei O. Prokofieff,2017-06-21 In this revised and expanded edition of his classic debut Sergei O Prokofieff investigates the deepest mysteries of Rudolf Steiner s life and individuality from the years of apprenticeship and the great Sun period to the path of the Teacher of Humanity and the birth of the New Mysteries He discusses the earthly and supersensible aspects of the first Goetheanum the implications of the Christmas Conference of 1923-24 and the Foundation Stone meditation that Steiner left as a legacy to members of the Anthroposophical Society In his very personal Introduction Prokofieff describes in moving detail the events in his life which led to his discovery of anthroposophy whilst living in Communist Russia and how eventually he came to write this extraordinary study of Rudolf Steiner The resulting volume a work of secondary anthroposophical literature unprecedented in its depth and significance was first published in Germany in 1982 meeting with equal amounts of acclaim astonishment and controversy It is published in this paperback edition to mark the 35th anniversary of the original publication **The Divine Renaissance** J. Todd Ferrier,1929 *Cosmic Mysteries* Carol E. Parrish-Harra,2019-03-05 *Cosmic Mysteries* By Carol E Parrish Harra In her newest book *Cosmic Mysteries* author Carol E Parrish Harra provides deep insights for the exploration of the inner path that can only be detailed by the one who has gleaned awareness through a personal journal Carol s work has long been noted for

clarity and the details of the path dreamed of by many and traveled by the few. Mysticism within the Occult Tradition is held close, realizing how delicately balanced it is. With many years of esoteric studies, Carol shares her understanding of invisible qualities to be explored and the tests each element—Fire, Air, Water, and Earth—presents to be mastered as they are integrated into human life. The importance of daily mindfulness prepares us to move ourselves into the Christ Mind brought about by both our choices and Karma as we go forward with little awareness in life.

Revealing Cosmic Mysteries H. P. Blavatsky, 2023-08-12 What if you could converse with the wisest woman in history and ask her questions about the mysteries of the Universe? Divine Mysteries John Todd Ferrier, 2020-09-09 This is a selection of 38 of the writings of John Todd Ferrier. They have been selected to show the profundity and scope contained in his writings, nearly all of which were spoken to groups of friends between 1918 and 1943. Though given many years ago, they are timeless and connect to all truly mystic teachings through the ages and the universal laws that underlie them. In the Foreword, we read: *Divine Mysteries* is a book for those who acknowledge their spirituality and who are seeking a deeper understanding of the mystery of life. It is for those who feel deeply inspired and committed to discovering the Divine God, the Father, Mother, the Source, the indefinable essence of all life within themselves, the finding of which brings a sense of coming home, of peace and oneness with all that is beautiful in creation. Topics covered include Meditation, Angels, our connection to the Universe, and all of Life, the nature of the Soul, of truth, of consciousness, reincarnation, and life in the beyond, a deeper understanding of colour and music, and their relationship. All of these teachings show aspects of the message of Love which Todd Ferrier brought through from higher realms.

Mysteries and Secrets of Numerology Lionel and Patricia Fanthorpe, 2013-03-09 Paranormal experts Lionel and Patricia Fanthorpe analyze the fascinating history of numerology and its natural occurrence in our

everyday lives **Islam and Biomedicine** Afifi al-Akiti, Aasim I. Padel, 2022-08-27 This book showcases multidisciplinary research at the intersection of the Islamic tradition and biomedicine. Within this broad area of scholarship, this book considers how Islamic theological constructs align with the science and practice of medicine and in so doing offer resources for bridging the challenges of competing ontological visions, varied epistemic frameworks and different theologies of life and living among the bodies of knowledge. By bringing together theologians, medical practitioners and intellectual historians, the book spurs deeper conversations at the intersection of these fields and provides fundamental resources for further dedicated research. May Human Beings Hear It! Sergei O. Prokofieff, 2014-03-12 During the Christmas period of 1923-4, Rudolf

Steiner refounded the Anthroposophical Society at its headquarters in Dornach, Switzerland. This important event, which has come to be known as the Christmas Conference, can be studied on many levels and its many mysteries have been central to Sergei O. Prokofieff's anthroposophical research over the years. His beginning point has been an enduring question: What did Rudolf Steiner mean when he called the Christmas Conference the start of a World Turning point of Time? In this far-reaching work, the author, working from several different viewpoints, guides the reader towards an answer. Prokofieff suggests that the impulse of the Christmas Conference can only be reenlivened today through conscious action by individuals to experience its spiritual essence. Rather than offering dogmatic conclusions, he opens up paths of approaching this goal by throwing light on different aspects of the Conference and what lies at its heart: the Foundation Stone and its Meditation. In particular, Prokofieff explores three key perspectives: the connection of the Christmas Conference with humanity's evolution, the inner relationship of each individual anthroposophist to the Christmas Conference, and the significance of the Conference to Rudolf Steiner himself. Although this is a major work of some length, the individual chapters of *May Human Beings Hear It!* are complete in themselves and can therefore be studied independently of each other.

World History and the Mysteries Rudolf Steiner, 2021-05-17 In this landmark series of lectures, Rudolf Steiner challenges the notion that human consciousness has in essence remained the same throughout history. On the contrary, we can only see the past in its true light when we study the differences in human souls during the various historical eras. Consciousness, he says, evolves constantly and we can only comprehend the present by understanding its origin in the past. Delivered in the evenings during the course of the mystery act of the Christmas Foundation Meeting when Rudolf Steiner not only re-founded the Anthroposophical Society but for the first time took a formal role within it, these lectures study world history in parallel with the ancient mysteries of initiation, showing how they are intimately linked. Steiner describes consciousness in the ancient East and follows the initiation principle from Babylonia to Greece up to its influences in present-day spiritual life. He also discusses Gilgamesh and Eabani, the mysteries of Ephesus and Hibernia, and the occult relationship between the destruction by fire of the Temple of Artemis and the burning of the first Goetheanum in Dornach, Switzerland. Published for the first time with colour plates of Steiner's blackboard drawings, the freshly revised text is complemented with an introduction, notes and appendices by Professor
