Microbial Problems In The Offshore Oil Industry Proceedings:

Proceedings of the Symposium on Applications of Microorganisms to Petroleum Technology, 1988 Microbial Problems in the Offshore Oil Industry E. C. Hill, J. L. Shennan, R. J. Watkinson, 1987-04-28 The growth of the offshore oil industry has been a boon to the versatile micro organism causing fouling spoilage and corrosion This book examines the microbial problems encountered in the offshore oil industry to see why they occur and how they can be controlled

Proceedings of 1982 International Conference on Microbial Enhancement of Oil Recovery Erle C. Donaldson, J. Bennett Clark, 1983 **Failure Analysis of Microbiologically Influenced Corrosion** Richard B. Eckert, Torben Lund Skovhus, 2021-11-07 Failure Analysis of Microbiologically Influenced Corrosion serves as a complete guide to corrosion failure analysis with an emphasis on the diagnosis of microbiologically influenced corrosion MIC By applying the principles of chemistry microbiology and metallurgy readers will be able to reliably determine the mechanistic cause of corrosion damage and failures and select the appropriate methods for mitigating future corrosion incidents FEATURES Provides background information on the forensic process types of data or evidence needed to perform the analysis industrial case studies details on the MIC failure analysis process and protocols for field and lab use Presents up to date advances in molecular technologies and their application to corrosion failure investigations Offers specific guidelines for conducting MIC failure analyses and case studies to illustrate their application Examines state of the art information on MIC analytical tools and methods With authors with expertise in microbiology corrosion materials and failure investigation this book provides tools for engineers scientists and technologists to successfully combat MIC issues Proceedings, 1992 **Petroleum Engineer's Guide to Oil Field Chemicals and Fluids** Johannes Fink, 2011-05-13 Petroleum Engineer's Guide to Oil Field Chemicals and Fluids is a comprehensive manual that provides end users with information about oil field chemicals such as drilling muds corrosion and scale inhibitors gelling agents and bacterial control This book is an extension and update of Oil Field Chemicals published in 2003 and it presents a compilation of materials from literature and patents arranged according to applications and the way a typical job is practiced The text is composed of 23 chapters that cover oil field chemicals arranged according to their use Each chapter follows a uniform template starting with a brief overview of the chemical followed by reviews monomers polymerization and fabrication The different aspects of application including safety and environmental impacts for each chemical are also discussed throughout the chapters The text also includes handy indices for trade names acronyms and chemicals Petroleum production drilling completion and operations engineers and managers will find this book invaluable for project management and production Non experts and students in petroleum engineering will also find this reference useful Chemicals are ordered by use including drilling muds corrosion inhibitors and bacteria control Includes cutting edge chemicals and polymers such as water soluble polymers and viscosity control Handy index of chemical substances as well as a general chemical index *Biofouling and Biocorrosion in Industrial Water Systems* Gill G.

Geesey,1994-04-15 Biofouling and Biocorrosion in Industrial Water Systems presents the state of the science on biofilm processes that relate to fouling corrosion of surfaces used in industrial systems The book explores engineering and scientific approaches to the characterization and control of biofilm processes and it introduces new developments in the analysis and understanding of microbial processes Several chapters have been devoted to examining the new concept of biological and chemical heterogeneity in microbial biofilms and how this has altered the way biofilm behavior is modeled Monitoring Water in the 1990's Jack R.
