Microfinanciamiento Y Reduccion De La Pobreza:

Microfinanciamiento y pobreza Emma Zapata Martelo, 2004 **Microfinanciamiento y empoderamiento** Emma Zapata Martelo, 2004 Este libro es parte de la colección Libro en BiblioBoard *Microfinanciamiento y Desarrollo Rural* Domingos Magalhães Neto, 2023-01-03 El propósito de este trabajo fue conocer y documentar los logros, las debilidades, las potencialidades y su contribución a los cambios organizacionales y socioeconómicos ocurridos entre los participantes de las cajas de ahorro manejadas por los grupos Sociedad de Solidaridad Social que conforman la Federación de Sociedades de Solidaridad Social de la Cordillera del Tuxtla FESSCOT ubicada en la Mixteca poblana en el Estado de Puebla Región caracterizada por condiciones ecológicas y socioeconómicas restrictivas para la agricultura y el desarrollo rural. Se concluye que las cajas de ahorro son organismos de microfinanciamiento que estaban aportando recursos financieros para satisfacer necesidades sociales y productivas de las familias campesinas y también aportando conocimientos sobre organización para sus miembros. Se verificó que las cajas de ahorro están contribuyendo al microfinanciamiento y a la reducción de los niveles de pobreza de sus participantes y a favor del desarrollo rural *Grassroots Development*, 1999 **Pobreza y microfinanzas** Henio Millán Valenzuela, 2021-06-23 La pobreza ha sido una de las preocupaciones centrales de la política social. La estrategia para su combate ha focalizado sus miras hacia la interrupción de la transmisión internacional de la misma mediante programas de transferencias condicionadas destinadas a la formación de capital humano. Esta forma de proceder ha dejado huecos tanto para las personas adultas que ya son pobres como aquellos que padecen esta condición en condiciones no extremas. Este libro sustenta la tesis de que las microfinanzas pueden cubrir acertadamente estas ausencias si se sabe desarrollar las capacidades empresariales que exhiben una gran cantidad de pobres pero que no pueden explorar por la falta de capital humano y de un mínimo de capital financiero. Para demostrarlo, el autor evalúa tres programas: dos de procedencia y operación federal y otro de ramiere municipal. En los tres encuentra que el microfinanciamiento tiene un impacto notable en la reducción de la pobreza: la evaluación del ingreso y del empleo pero también que es una vía más barata para lograr el mismo objetivo que buscan otros programas destinados a este propósito. Una aportación adicional del texto es que el manejo municipal del microfinanciamiento a pesar de la escala más pequeña exhibe un potencial mayor para impactar en posbeneficiarios si los programas correspondientes son operados por los gobiernos locales en vez de usar como intermediarios a agentes privados. Ello es posible porque permite abatir las muy conocidas altas tasas de interés que suelen acompañar a este tipo de programas sociales sin incurrir en prácticas que con el tiempo desemboquen en descalabros financieros o en subsidios excesivos. Finalmente, enfatizamos que el libro tiene la ventaja de ensayar la evaluación de programas sociales mediante ejercicios matemáticos y estadísticos novedosos que representan un atractivo adicional para esta práctica incipiente en México **The Making of a Market** Juliette Levy, 2012-01-01 During the nineteenth century Yucatán moved effectively from its colonial past into modernity transforming from a cattle ranching and subsistence farming

economy to a booming export oriented agricultural economy Yucatán and its economy grew in response to increasing demand from the United States for henequen the local cordage fiber This henequen boom has often been seen as another regional and historical example of overdependence on foreign markets and extortionary local elites In *The Making of a Market* Juliette Levy argues instead that local social and economic dynamics are the root of the region's development She shows how credit markets contributed to the boom before banks and bank crises existed and how people borrowed before the creation of institutions designed specifically to lend As the intermediaries in this lending process notaries became unwitting catalysts of Yucatán's capitalist transformation By focusing attention on the notaries role in structuring the mortgage market rather than on formal institutions such as banks this study challenges the easy compartmentalization of local and global relationships and of economic and social relationships
