 Blunden,Violet Cheung,2014-04-01 This book presents a data driven message that exposes the cyberwar media campaign
 being directed by the Pentagon and its patronage networks By demonstrating that the American public is being coerced by a
 threat that has been blown out of proportion much like the run up to the Gulf War or the global war on terror this book
 discusses how the notion of cyberwar instills a crisis mentality that discourages formal risk assessment making the public
 anxious and hence susceptible to ill conceived solutions With content that challenges conventional notions regarding cyber
 security Behold a Pale Farce covers topics including cybercrime modern espionage mass surveillance systems and the threats
 facing infrastructure targets such as the Federal Reserve the stock exchange and telecommunications in a way that provides
 objective analysis rather than advocacy This book is a must read for anyone concerned with the recent emergence of
