Windows is the world s most popular operating system and Windows For Dummies is the bestselling computer book ever When you look at Windows XP For Dummies 2nd Edition it s easy to see why Here s all the stuff you want to know served up in plain English and seasoned with a few chuckles But make no mistake this book means business Author Andy Rathbone listened to what you wanted to know and this edition is loaded with additional information about E mail faxing and troubleshooting Maximizing security features Customizing and upgrading Windows XP Multimedia applications CDs digital music and photos video and more Answers to questions asked by thousands of Windows users If you re just getting started with Windows XP you ll find Windows XP For Dummies 2nd Edition is a lot easier than trying to get the fourth grader next door to explain it to you Andy Rathbone is a lot more patient There s a whole section devoted to Windows XP Stuff Everybody Thinks You Already Know so you can get the hang of the basics quickly and in the privacy of your own home And if you ve been around a couple of generations of Windows you ll be especially interested in how to squeeze maximum security from the beefed up anti spam and firewall features in Service Pack 2 Windows XP For Dummies 2nd Edition is sort of like a buffet you can sample everything or just stick with the stuff you know you like You ll find out how to Locate programs and files organize your information and fax scan or print documents Get online safely send and receive e mail work with Internet Explorer s security toolbar and steer clear of pop ups viruses and spam Make Windows XP work the way you want it to share your computer while maintaining your privacy set up a network and perform routine maintenance Transfer and organize pictures from your digital camera edit digital video and create custom CDs of your favorite tunes Use Windows XP s troubleshooting wizards and become your own computer doctor With its task oriented table of contents and tear out cheat sheet Windows XP For Dummies 2nd Edition is easy to use You can quickly find what you want to know and you just may discover that this book is as important to your computer as the power cord **Microsoft Windows Me For Dummies** Andy Rathbone,2000-07-26

Microsoft Windows Me For Dummies boils down to this simple fact Some people want to be Windows wizards They sit in front of their computers randomly pressing keys hoping to stumble onto a hidden undocumented feature And you Well you re no dummy that s for sure But when it comes to Windows and computers the fascination just isn t there You just want to get your work done feed the cat and relax for a while And there s nothing wrong with that That s where this book comes in Instead of becoming a Windows Me expert you ll know just enough to get by quickly cleanly and with a minimum of pain so that you can move on to the more pleasant things in life Don t try to read this book in one sitting Instead treat it like a

dictionary or an encyclopedia Turn to the page with the information you need then put down the book and move on Don't bother trying to remember all the Windows Me buzzwords leave that stuff for the computer gurus In fact if anything technical comes up in a chapter a road sign warns you well in advance That way you can either slow down to read it or speed on around it You won't find any fancy computer jargon in Microsoft Windows Me For Dummies Instead you'll find subjects like these discussed in plain old English Why did they choose a dumb name like Windows Me Finding the file you saved yesterday Moving those little windows around on the screen with the mouse Making Windows Me run a little better Performing chores in Windows Me that you used to do in older versions of Windows Starting and closing programs by clicking the mouse button In Microsoft Windows Me For Dummies there's nothing to memorize and nothing to learn Just turn to the right page read the brief explanation and get back to work Unlike other books this one enables you to bypass the technical hoopla and still get your work done
