Parent Preferences Of Young Children:

Parent Preferences of Young Children Margarete Simpson, 1935 Parenting Matters National Academies of Sciences, Engineering, and Medicine, Division of Behavioral and Social Sciences and Education, Board on Children, Youth, and Families, Committee on Supporting the Parents of Young Children, 2016-11-21 Decades of research have demonstrated that the parent child dyad and the environment of the family which includes all primary caregivers are at the foundation of children's well being and healthy development From birth children are learning and rely on parents and the other caregivers in their lives to protect and care for them The impact of parents may never be greater than during the earliest years of life when a child's brain is rapidly developing and when nearly all of her or his experiences are created and shaped by parents and the family environment Parents help children build and refine their knowledge and skills charting a trajectory for their health and well being during childhood and beyond The experience of parenting also impacts parents themselves For instance parenting can enrich and give focus to parents lives generate stress or calm and create any number of emotions including feelings of happiness sadness fulfillment and anger Parenting of young children today takes place in the context of significant ongoing developments These include a rapidly growing body of science on early childhood increases in funding for programs and services for families changing demographics of the U S population and greater diversity of family structure Additionally parenting is increasingly being shaped by technology and increased access to information about parenting Parenting Matters identifies parenting knowledge attitudes and practices associated with positive developmental outcomes in children ages 0-8 universal preventive and targeted strategies used in a variety of settings that have been effective with parents of young children and that support the identified knowledge attitudes and practices and barriers to and facilitators for parents use of practices that lead to healthy child outcomes as well as their participation in effective programs and services This report makes recommendations directed at an array of stakeholders for promoting the wide scale adoption of effective programs and services for parents and on areas that warrant further research to inform policy and practice It is meant to serve as a roadmap for the future of parenting policy research and practice in the United States **Parent Preferences of Young Children** Margaret Simpson, 1972 *No Bad Kids* Janet Lansbury, 2014-09-17 A modern classic on the gentle art of discipline for toddlers by the internationally renowned childcare expert podcaster and author of *Elevating Child Care* *No Bad Kids* provides practical ways to respond to the challenges of toddlerhood while nurturing a respectful relationship with your child Tina Payne Bryson PhD co author of *The Whole Brain Child* and *No Drama Discipline* Janet Lansbury is unique among parenting experts As a RIE teacher and student of pioneering child specialist Magda Gerber her advice is not based solely on formal studies and the research of others but also on her more than twenty years of hands on experience guiding hundreds of parents and their toddlers A collection of her most popular articles about toddler behavior *No Bad Kids* presents her signature approach to discipline which she sees as a parent's act of compassion and love for a child

Full of wisdom and encouragement it covers common toddler concerns such as Why toddlers need clear boundaries and how to set them without yelling What s going on when they bite hit kick tantrum whine and talk back Advice for parenting a strong willed child How to be a gentle leader and Lansbury s secret for staying calm For parents who are anticipating or experiencing those critical years when toddlers are developmentally obliged to test the limits of our patience and love No Bad Kids is a practical indispensable resource for putting respectful discipline into action

Transforming the Workforce for Children Birth Through Age 8 National Research Council, Institute of Medicine, Board on Children, Youth, and Families, Committee on the Science of Children Birth to Age 8: Deepening and Broadening the Foundation for Success, 2015-07-23 Children are already learning at birth and they develop and learn at a rapid pace in their early years This provides a critical foundation for lifelong progress and the adults who provide for the care and the education of young children bear a great responsibility for their health development and learning Despite the fact that they share the same objective to nurture young children and secure their future success the various practitioners who contribute to the care and the education of children from birth through age 8 are not acknowledged as a workforce unified by the common knowledge and competencies needed to do their jobs well Transforming the Workforce for Children Birth Through Age 8 explores the science of child development particularly looking at implications for the professionals who work with children This report examines the current capacities and practices of the workforce the settings in which they work the policies and infrastructure that set qualifications and provide professional learning and the government agencies and other funders who support and oversee these systems This book then makes recommendations to improve the quality of professional practice and the practice environment for care and education professionals These detailed recommendations create a blueprint for action that builds on a unifying foundation of child development and early learning shared knowledge and competencies for care and education professionals and principles for effective professional learning Young children thrive and learn best when they have secure positive relationships with adults who are knowledgeable about how to support their development and learning and are responsive to their individual progress Transforming the Workforce for Children Birth Through Age 8 offers guidance on system changes to improve the quality of professional practice specific actions to improve professional learning systems and workforce development and research to continue to build the knowledge base in ways that will directly advance and inform future actions The recommendations of this book provide an opportunity to improve the quality of the care and the education that children receive and ultimately improve outcomes for children

Characteristics of Children's Early Care and Education Programs Sandra Hofferth, 1999-10 Characteristics of Children's Early Care and Education Programs Sandra L. Hofferth, 1998 Drawing on data from the 1995 National Household Education Survey this report examines the characteristics of the care and education children receive on a regular basis before they enter school The report focuses on various characteristics of child care arrangements categorized into two groups those that have been associated with children

s development and those that stem from parental concerns other than child development such as family budget or work schedules Following an introduction detailing data sources and limitations and what characteristics of child and family and of non parental care are of interest the report presents factors and findings in the following areas 1 what were children s experiences in non parental care in 1995 2 what factors were associated with the types and characteristics of the child care arrangements that parents chose 3 what were parents sources of information and preferences regarding child care arrangements 4 what were parents preferences related to the attributes of the child care arrangements they selected and 5 what were parents preferences related to the types of arrangements they selected The final section of the report provides a summary and conclusions Among the findings highlighted are the following 1 compared with children who did not have various characteristics associated with school failure children who had these characteristics spent more time in nonparental care and were more likely to be in multiple care arrangements 2 parents valued having their children cared for by a trained provider and with a small number of children cost of child care was almost as important as the number children cared for 3 a variety of other child care characteristics were related to parents choices including distance between home and care whether sick child care was available and whether English was spoken most of the time and 4 inconsistent relationships were found between cost of care and characteristics associated with positive child outcomes The report s two appendices present supplemental tables of data and technical notes and methodology of the study Contains 57 references HTH

Reading in the Digital Age: Young Children's Experiences with E-books Ji Eun Kim, Brenna Hassinger-Das, 2019-07-23 This edited book focuses on affordances and limitations of e books for early language and literacy features and design of e books for early language and literacy print versus e books in early language and literacy development and uses of and guidelines for how to use e books in school and home literacy practices Uniquely this book includes critical reviews of diverse aspects of e books e g features and e book uses e g independent reading for early literacy as well as multiple examinations of e books in home and school contexts using a variety of research methods and or theoretical frames The studies of children s engagement with diverse types of e books in different social contexts provide readers with a contemporary and comprehensive understanding of this topic Research has demonstrated that ever increasing numbers of children use digital devices as part of their daily routine Yet despite children s frequent use of e books from an early age there is a limited understanding regarding how those e books are actually being used at home and school As more e books become available it is important to examine the educational benefits and limitations of different types of e books for children So far studies on the topic have presented inconsistent findings regarding potential benefits and limitations of e books for early literacy activities e g independent reading shared reading The studies in this book aim to fill such gaps in the literature
