century millions of anxious parents have turned to child rearing manuals for reassurance. Instead, however, they have often found yet more cause for worry. In this rich social history, Ann Hulbert analyzes one hundred years of shifting trends in advice and discovers an ongoing battle between two main approaches: a child-centered focus on warmly encouraging development versus a sterner parent-centered emphasis on instilling discipline. She examines how pediatrics, psychology, and neuroscience have fueled the debates but failed to offer definitive answers. And she delves into the highly relevant and often turbulent personal lives of the popular advice givers from L. Emmett Holt and Arnold Gesell to Bruno Bettelheim and Benjamin Spock to the prominent and ever-conflicting experts of today.

License to Parent Christina Hillsberg, Ryan Hillsberg, 2021-06-08. If Mr. and Mrs. Smith had kids and wrote a parenting book, this is what you'd get: a practical guide for how to utilize key spy tactics to teach kids important life skills from self-defense to effective communication to conflict resolution. Working Mother Christina was a single successful CIA analyst with a burgeoning career in espionage when she met fellow spy Ryan, a hotshot field operative who turned her world upside down. They fell in love, married, and soon they were raising three children from his first marriage and later two more of their own. Christina knew right away that there was something special about the way Ryan was parenting his kids, although she had to admit their obsession with surviving end-of-world scenarios and their ability to do everything from archery to motorcycle riding initially gave her pause. More than that, Ryan's kids were much more security-savvy than most adults she knew. She soon realized he was using his CIA training and field experience in his day-to-day child rearing. And why shouldn't he? The CIA trains its employees to be equipped to deal with just about anything. Shouldn't parents strive to do the same for their kids? As Christina grew into her new role as a stepmom and later gave birth to their two children, she got on board with Ryan's unique parenting style and even helped shape it using her own experiences at the CIA. Told through honest and relatable parenting anecdotes, Christina shares their distinctive approach to raising confident, security-conscious, resilient children, giving practical takeaways rooted in CIA tradecraft along the way. **License to Parent** aims to provide parents with the tools necessary to raise savvy, well-rounded kids who have the skills necessary to navigate through life.
