Sarah Zaidan Emerson **Mindful Mamas and Papas** Sally Jade Powis-Campbell, 2019-03-27 Frustrated that most parenting books didn't speak to modern day mindful parents especially dads the author and her husband worked on a parenting guide for mamas and papas This interactive guide to mindful living includes tips tricks and tasty recipes It's real raw accessible research based and it's ready to be implemented now Flip to any page and you'll find anything from essential oil blends for breathing exercises mindful meal prep tips family meditation scripts smoothie bowl recipes and more The author demonstrates that parents can mindfully respond more and mindlessly react less to each other and to their children Creating moments of stillness to reflect on parenting can be a challenge but it can also be hugely rewarding Mindful parenting is not about somehow becoming the perfect parent it's about being present in your parenting with all its imperfections Whether you're a mama or a papa you'll appreciate the useful methods and achievable steps that will help you bring mindfulness into your life and the lives of your children with this parenting playbook Cultures of Computer Game Concerns Estrid Sörensen, 2018-05-15 The same computer games are played by youths all over the world and worldwide games become matters of concern in relation to children worries rise about addiction violence education time and economy Yet these concerns vary depending upon where they are situated in families legal contexts industry or science They also play out differently across countries and cultures This situated nature of computer game concerns is generally neglected Not in this book It gives a detailed mosaic of the complex and multiple everyday realities of computer game concerns in relation to children as they are variably situated throughout society and across cultures **How to Dungeon Master Parenting** Shelly Mazzanoble, 2024-11-12 2024 Best Book Awards Finalist Parenting Family Gather your party it's time to level up your parenting game For years millions of fans have looked to the beloved role playing game Dungeons Dragons for fun friendship and entertainment And now parents and parents to be can use it to gain inspiration and how to when it comes to their most challenging and rewarding role yet Dungeon Masters are not just expert storytellers and arbiters of the rules they're compassionate creative quick thinking leaders who embody the same traits that make a great parent Where do you find an adventuring party who will have your back What must have starting equipment should you own before venturing into babyland How does your gaming style reflect your parenting style You don't have to know how to be a Dungeon Master to master parenting just think like one Kids may not come with rulebooks but now their parents do When Parenting Isn't Perfect Jim Daly, 2017-06-27 Perfection is the enemy of parenting Jim Daly sees and hears from mothers and fathers trying hard to pursue perfection They listen to the best experts and read all the right books When someone gives them a World's Best Mom or No. 1 Dad coffee mug they want it to be true And they want their children to pursue perfection too It's admirable for parents to be the very best moms and dads they can be for their children But sometimes in so doing they leave grace behind both for themselves and their children Jim believes that our quest for perfection a quest that he believes is particularly strong among Christians runs counter to God's own boundless gift of grace We can become Pharisaical parents

quoting endless rules and holding everyone to impossible standards But God doesn't want us and our kids don't need us to be perfect As parents we're called to simply do our best And when we fail which we will we're called to try again tomorrow Though he's the President of Focus on the Family Jim does not promise that his book will be a catalyst for a perfect family But it can help point the way toward a good family one that feels safe and warm one filled with love and laughter This book will encourage mothers and fathers to embrace the messiness of parenthood and show grace to their own less than ideal children Jim through his own experiences expertise and array of stories will lead both moms and dads to a better understanding of what being a good family is all about New York Magazine, 1989-09-25 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea **Mother Brain** Chelsea Conaboy, 2023-09-19 Health and science journalist Chelsea Conaboy explodes the concept of maternal instinct and tells a new story about what it means to become a parent Conaboy expected things to change with the birth of her child What she didn't expect was how different she would feel But she would soon discover what was behind this her changing brain Though Conaboy was prepared for the endless dirty diapers the sleepless nights and the joy of holding her newborn she did not anticipate this shift in self as deep as it was disorienting **Mother Brain** is a groundbreaking exploration of the parental brain that untangles insidious myths from complicated realities New parents undergo major structural and functional brain changes driven by hormones and the deluge of stimuli a baby provides These neurobiological changes help all parents birthing or otherwise adapt in those intense first days and prepare for a long period of learning how to meet their child's needs Pregnancy produces such significant changes in brain anatomy that researchers can easily sort those who have had one from those who haven't And all highly involved parents no matter their path to parenthood develop similar caregiving circuitry Yet this emerging science which provides key insights into the wide ranging experience of parenthood from its larger role in shaping human nature to the intensity of our individual emotions is mostly absent from the public conversation about parenthood The story that exists in the science today is far more meaningful than the idea that mothers spring into being by instinct Weaving the latest neuroscience and social psychology together with new reporting Conaboy reveals unexpected upsides generations of scientific neglect and a powerful new narrative of parenthood **Contemporary Parenting and Parenthood** Michelle Y. Janning, 2018-11-16 Headlines from news sources are combined with the latest and best social science research to offer scholars practitioners and parents a much needed source for understanding contemporary American parenthood News and social media headlines abound with contradictory stories about parents from tales of neglect to fear of helicopter parenting What readers know about parenting and parenthood can stem from misinformation and oversimplification In **Contemporary Parenting and Parenthood** a wide

Moments of Truth Jose M. Vega, 2010-10-28 **The Surgeon's Love-Child** Lilian Darcy, 2016-10-17 The sexual attraction was instantaneous. American surgeon Candace Fletcher felt it as soon as Dr. Steve Colton met her off the plane as she arrived down under. He was gorgeous, tanned, lean, muscular, Australian, male, several years younger than herself. It wasn't long before they were embarking on a passionate affair. Then, just a few months before she was due to return home to America, the bombshell came: she was pregnant.

Humility, Humor & Heritage Lois Harris Dahlberg, 2011-04-30 This book of Poetry and Prose is sure to tug at your heartstrings and inspire motivation for improving life's conditions and moving forward with hopes for a better life and a better world without need for looking back. Read her love story, Golden Reminiscing, within its pages. Learn of joys and sorrows of depression years growing up with chores of a rugged farm life near Carrington, Jamestown, and Courtenay, North Dakota; life in Pillager, Brainerd, Onamia, and Princeton, Minnesota. Go with her son through space and rubble as he falls down several stories of an old rustic apartment in Mexico. See the surprising but appropriate place where he landed. Delight in her humor as she displays it from a turtle's viewpoint. Feel the love and understanding illuminated in her writings for patriotism, our soldiers in the military, their spouses, Old Glory, and our great nation. Enjoy descriptions of the four seasons, holidays, and the weather. Come to understand her strong love and faith in The Father and His Son, Jesus Christ. His atonement, the resurrection, and Eternal life. Take note of her encouragement of more love for families, friends, and neighbors; for living the golden rule and for furthering education. She stresses a national need for more appreciation of ancestors, our heritage, and our future; a need for subduing the earth and restoring honor, fidelity, dependability, and integrity in a world where so much good has been lost. She feels that each American should strive hard to maintain independence, a sacred gift that we must always be grateful for. Her special prayers are for those who sacrificed, who gave their lives, and those who continue defending us today, constantly protecting our Liberty and guarding our Nation. Read her version of some of the wonders of the Pacific Coast and more. A reprint of our author's Poetry book, FEELINGS AND EXPRESSIONS, is also available at bookstores and can be seen at some libraries.
