Parenthood And The Holocaust:

Parenthood and the Holocaust Dan Bar-On.2001 The Indescribable and the Undiscussable Dan Bar-On,1999 People laymen and practitioners alike face serious difficulties in making sense of each other s feelings behavior and discourse in everyday life and after traumatic experiences Acknowledging and working through these difficulties is the subject of this extremely interesting and highly readable book After a critical look at the psychological and philosophical literature Dan Bar On identifies two groups of impediments First the indescribable as it appears when individuals try to understand and integrate their first heart attack into their previous life experience when a group of pathfinders talk about their different maps of the mind and nature or when a team of welfare practitioners tries to develop a common approach to their regional population Second the undiscussable as it appears in the transmission from generation to generation of the traumatic experiences of the families of both Holocaust survivors and Nazi perpetrators the book showing how their descendants can work through the burden of the past by confronting themselves and each other through a prolonged group encounter This book provides a unique way of looking at life experiences individual as well as interpersonal It proposes a new psychological theoretical framework in a way to which both laymen and professionals can relate while confronting similar issues in their everyday experiences and discourse The book is of especial relevance to present day Central and East European societies relating as it does to the problems of psychological adaptation arising from the transition from totalitarian to democratic Survivors Rebecca Clifford, 2020-08-04 Told for the first time from their perspective the story of children who regimes survived the chaos and trauma of the Holocaust How can we make sense of our lives when we do not know where we come from This was a pressing question for the youngest survivors of the Holocaust whose prewar memories were vague or nonexistent In this beautifully written account Rebecca Clifford follows the lives of one hundred Jewish children out of the ruins of conflict through their adulthood and into old age Drawing on archives and interviews Clifford charts the experiences of these child survivors and those who cared for them as well as those who studied them such as Anna Freud Survivors explores the aftermath of the Holocaust in the long term and reveals how these children often branded the lucky ones had to struggle to be able to call themselves survivors at all Challenging our assumptions about trauma Clifford's powerful and surprising narrative helps us understand what it was like living after and living with childhoods marked by rupture and loss

Part of the Family - Volume 2 Jason Hensley, 2017-06-16 The first volume of this series described the beliefs of the Christadelphians and told the stories of ten of the children who had left their parents and come to live with Christadelphians via the Kindertransport This second volume does the same Just as the first ten of these child survivors and their families give their testimony Unlike the first volume however some of these survivors did not live with Christadelphian families living instead in Elpis Lodge the hostel sponsored by Christadelphians in Birmingham Because of that this second volume includes further details and primary sources relating to the hostel in addition to recounting their childhood flight from Germany and

new life in England These are their stories **Mapping the Bones** Jane Yolen, 2019-01-15 Jane Yolen the bestselling and award winning author of The Devil s Arithmetic returns to World War II and the Holocaust with this timely and necessary novel It s 1942 in Poland and the world is coming to pieces At least that s how it seems to Chaim and Gittel twins whose lives feel like a fairy tale torn apart with evil witches forbidden forests and dangerous ovens looming on the horizon But in all darkness there is light and the twins find it through Chaim's poetry and the love they have for each other Like the bright flame of a Yahrzeit candle his words become a beacon of memory so that the children and grandchildren of survivors will never forget the atrocities that happened during the Holocaust Filled with brutality and despair this is also a story of poetry and strength in which a brother and sister lose everything but each other Nearly thirty years after the publication of her award winning and bestselling The Devil's Arithmetic and Briar Rose Yolen once again returns to World War II and captivates her readers with the authenticity and power of her words Perfect for fans of Markus Zuzak s The Book Thief and Ruta Sepetys s Salt to the Sea The Unwanted Michael Dobbs, 2019 The powerfully told story of a group of German Jews desperately seeking American visas to escape the Nazis and an illuminating account of America's struggle with the refugee crisis caused by the rise of Hitler Official tie in to the U S Holocaust Museum multi year exhibit The Locked Safe: A Family Memoir Miriam E. David, 2024-06-19 This family memoir is my back story A Locked Safe with 5 Nazi passports was found after my mother died in 1996 My father had died 16 years earlier Although we knew he was a German Jewish professional engineer fleeing Nazism in 1936 we did not know the details of how his family fled The help of my mother s family the Leas was essential They had fled from pogroms in Ukraine Russia in the late nineteenth century Some were also caught up with Japanese internment camps in China illustrating the diasporic nature of my family My father his elder brother and father were also interned by the British in 1940 1941 I look forward to not only my generation as the so called second generation from the Holocaust but also the third generation specifically my daughter Charlotte Reiner Hershman Although we tell a unique story of one family that story of migration seeking asylum or refuge and being exiled is a very frequent tale nowadays In excavating my parents backgrounds and their influences on me and Charlotte we show the long term psychological and social effects on our lives and possibly on future generations Signs of Survival Renee Hartman, Joshua M. Greene, 2024-01-04 After Long Silence Helen Fremont, 2011-08-10 Fascinating A tragic saga but at the same time it often reads like a thriller filled with acts of extraordinary courage descriptions of dangerous journeys and a series of secret identities Chicago Tribune To this day I don t even know what my mother s real name is Helen Fremont was raised as a Roman Catholic It wasn t until she was an adult practicing law in Boston that she discovered her parents were Jewish Holocaust survivors living invented lives Not even their names were their own In this powerful memoir Helen Fremont delves into the secrets that held her family in a bond of silence for more than four decades recounting with heartbreaking clarity a remarkable tale of survival as vivid as fiction but with the resonance of truth Driven to uncover their roots Fremont and her

sister pieced together an astonishing story of Siberian Gulags and Italian royalty of concentration camps and buried lives After Long Silence is about the devastating price of hiding the truth about families about the steps we take foolish or wise to protect ourselves and our loved ones No one who reads this book can be unmoved or fail to understand the seductive damaging power of secrets Praise for After Long Silence Poignant affecting part detective story part literary memoir part imagined past The New York Times Book Review Riveting painfully authentic a poignant memoir a labor of love for the parents she never really knew The Boston Globe Mesmerizing Fremont has accomplished something that seems close to impossible She has made a fresh and worthy contribution to the vast literature of the Holocaust The Washington Post Book Memorial Candles: Children of the Holocaust Dina Wardi, 2014-02-04 As the children of the Holocaust reach adulthood they often need professional help in establishing a new identity and self esteem During their childhood their parents have unconsciously transmitted to them much of their own trauma investing them with all their memories and hopes so that they become memorial candles to those who did not survive The book combines verbatim transcriptions of dialogues in individual and group psychotherapy sessions with analyses of dreams fantasies and childhood memories Diana Wardi traces the emotional history of her patients accompanying them on a painful and moving journey into their inner world She describes the children's infancy in the guilt laden atmosphere of survivor families through to their difficult separation from their parents in maturity she also traces in detail the therapeutic process which culminates in the patients separation from White Walls Judy Batalion, 2016-01-05 A memoir of mothers and daughters hoarding and the role of memorial candle healing Judy Batalion grew up in a house filled with endless piles of junk and layers of crumbs and dust suffocated by tuna fish cans old papers and magazines swivel chairs tea bags clocks cameras printers VHS tapes ballpoint pens obsessively gathered and stored by her hoarder mother The first chance she had she escaped the clutter to create a new identity one made of order regimen and clean white walls Until one day she found herself enmeshed in life s biggest chaos motherhood Confronted with the daunting task of raising a daughter after her own dysfunctional childhood Judy reflected on not only her own upbringing but the lives of her mother and grandmother Jewish Polish immigrants who had escaped the Holocaust What she discovered astonished her The women in her family despite their differences were even more closely connected than she ever knew from her grandmother Zelda to her daughter of the same name And despite the hardships of her own mother daughter relationship it was that bond that was slowly healing her old wounds Told with heartbreaking honesty and humor this is Judy's poignant account of her trials negotiating the messiness of motherhood and the indelible marks that mothers and daughters make on each other s lives **Child Holocaust Survivors** Robert Krell,2007-10-29 The majority of children who survived the Holocaust whether in hiding or in labour and concentration camps remained silent about their wartime experiences Those who wanted to talk were often silenced by well meaning adults who advised them to forget the past and get on with their lives The memories and traumas simmered for nearly forty years each child growing into adulthood thinking

they alone struggled with the problems of traumatic memory identity confusion and other consequences In the 1980 s there was a stirring of awareness amongst some child survivors about issues to be addressed Small groups formed in the U S A and Canada and gave birth to the child survivor movement culminating in a large international gathering of Hidden Children in New York in 1991 This book comprises a compilation of talks offered to child Holocaust survivors over a 25 year period from the birth of self awareness to present day awareness of the need to inform the next generations of their parent's experiences Dasberg Krell and Wiesel are themselves child survivors Moskovitz founded the Los Angeles Child Survivor group following her pioneering study of child survivors Gilbert has written and lectured extensively about children in the Holocaust This book offers the child survivor an opportunity to reflect not only on survival but its effects For the spouses and children it clarifies some of the dynamics unique to their families and for Mental Health professionals it provides insights into the effects of trauma as well as the remarkable resilience of traumatized children Transcending Darkness Estelle Glaser Laughlin, 2017-02-28 The memoir of Holocaust survivor Estelle Glaser Laughlin published sixty four years after her liberation from the Nazis Provided by publisher The Jewish Family Yehezkel Margalit, 2018-01-11 Traditional Jewish family law has persevered for hundreds of years and rules covering marriage the raising of children and divorce are well established yet pressures from modern society are causing long held views to be re examined The Jewish Family Between Family Law and Contract Law examines the tenets of Jewish family law in the light of new attitudes concerning the role of women assisted reproduction technologies and prenuptial agreements Through interdisciplinary research combining the legal aspects of family law and contract law it explores how the Jewish family can cope with both old and modern obstacles and challenges Focusing on the nexus of Jewish family law and contract law to propose how freedom of contract can be part of how family law can be interpreted The Jewish Family will appeal to practitioners activists academic researchers and laymen readers who are interested in the fields of law theology and social science Being Both Susan Katz Miller, 2013-10-22 A book on the growing number of interfaith families raising children in two religions Susan Katz Miller grew up with a Jewish father and Christian mother and was raised Jewish Now in an interfaith marriage herself she is a leader in the growing movement of families electing to raise children in both religions rather than in one religion or the other or without religion Miller draws on original surveys and interviews with parents students teachers and clergy as well as on her own journey in chronicling this grassroots movement Being Both is a book for couples and families considering this pathway and for the clergy and extended family who want to support them Miller offers inspiration and reassurance for parents exploring the unique benefits and challenges of dual faith education and she rebuts many of the common myths about raising children with two faiths Being Both heralds a new America of inevitable racial ethnic and religious intermarriage and asks couples who choose both religions to celebrate this decision My Germany Lev Raphael, 2009-04-07 Haunted by his parents horrific suffering and traumatic losses under Nazi rule Lev Raphael grew up loathing everything German Those feelings shaped his Jewish identity

his life and his career While researching his mother s war years after her death he discovers a distant relative living in the very city where she had worked in a slave labor camp found freedom and met his father Soon after Raphael is launched on book tours in Germany and in the process redefines himself as someone unafraid to face the past and let it go Bookmarks Top From Nurturing the Nation to Purifying the Volk Michelle Mouton, 2007-01-08 This Ten Nonfiction Titles of 2009 book explores Weimar and Nazi family policy to highlight the disparity between national policy design and its implementation <u>Iewish Families in Europe</u>, 1939-Present Joanna B. Michlic, 2017-01-03 Examining World War II the Holocaust and their aftermath through the lens of Central and Eastern European Jewish families Contemporary Parenthood Zeynep B. Gürtin, Charlotte Faircloth, 2020-12-23 With the global expansion of reproductive technologies there are ever more ways to create a family and more family types than ever before This book explores the experiences of those persons whether single in a couple or part of collective co parenting arrangements whether hetero or homosexual whether cis or transgender who are creating what has been termed new family forms with reproductive assistance Drawing on qualitative research from around the world the book is particularly anchored in two bodies of social science scholarship sociological and anthropological inquiries into the cultural impact of reproductive technologies on the one hand and parenting culture studies on the other It seeks to create fertile conversations between these scholarships highlighting the intersections in the ways we think about conceiving and caring for children in today s reproductive landscape Focusing specifically on persons whose reproductive journeys do not conform to dominant scripts the book traces the many ways in which intentions expectations and technological developments contribute to changing and enduring conceptions of good parenthood in the twenty first century Taking a holistic perspective the book presents deep insights into the experiences not only of intending parents but also of donors surrogates medical professionals and activists The collection will be of interest to an international readership of scholars of gender reproduction parenting and family life The chapters in Sara's Children and the Destruction of this book were originally published as a special issue of Anthropology Medicine Chmielnik Suzan E. Hagstrom, 2001 Full of love joy and hope Nathan Garfinkel's wedding portrait captures one of life's turning points The occasion however was more momentous than any one could ever imagine Only six years before Nathan and his sisters who surround him in the photograph were reduced to living skeletons victims of anti Semitism that raged out of control during World War II Nazi Germany and its sympathizers brutally murdered more than six million Jews across Europe wiping out entire families and in some cases villages Through sheer luck and by helping each other the Garfinkels overcame seemingly insurmountable odds to evade death Sara's Children records how the five siblings survived slave labor starvation beatings typhus exposure and fatigue The starkly written narrative relies heavily on the Garfinkels own words and interviews with other survivors from their hometown of Chmielnik Poland The non fiction work begins with what they lost loving parents an extended family loyal friends and a simple but vibrant lifestyle Nonetheless disturbing signs of anti

Semitism marred their happy childhoods Violence and hatred escalate as Germany razes Poland and sweeps Europe Each chapter explodes with descriptions of the Garfinkels terrible ordeal Heartbreaking testimonials from other Holocaust survivors maps photographs from the late 1940s and written records culled from Germany reinforce and verify their account Sara's Children is one family s saga of instinct victory over and triumph amid destruction

Decoding Parenthood And The Holocaust: Revealing the Captivating Potential of Verbal Expression

In a period characterized by interconnectedness and an insatiable thirst for knowledge, the captivating potential of verbal expression has emerged as a formidable force. Its ability to evoke sentiments, stimulate introspection, and incite profound transformations is genuinely awe-inspiring. Within the pages of "**Parenthood And The Holocaust**," a mesmerizing literary creation penned by way of a celebrated wordsmith, readers set about an enlightening odyssey, unraveling the intricate significance of language and its enduring effect on our lives. In this appraisal, we shall explore the book is central themes, evaluate its distinctive writing style, and gauge its pervasive influence on the hearts and minds of its readership.
