*The Education of the Child* Rudolf Steiner,1996-05 18 lectures in Dornach January 9 February 22 1920 CW 196 In the vast range of Rudolf Steiner s lectures jewels of all kinds lie hidden in plain sight awaiting only our discovery of them Such lectures contain a kind of wisdom not found anywhere else And sometimes as in What Is Necessary in These Urgent Times they also have a translucency and conviction that makes them transformational In early 1920 political economic social and spiritual chaos was everywhere The old world had fallen apart and would need to be rebuilt Anthroposophy too had to be remade Recognizing this Rudolf Steiner tirelessly working for the threefold social order establishing the first Waldorf school helping to create businesses and addressing the talented educated and idealistic young people who were beginning to turn toward Anthroposophy for answers In these lectures Steiner speaks

in the new direct Michaelic way seeking the path to a new way of doing Anthroposophy Throughout the critical situation of the time he never lost his sense of humor or his compassion and equilibrium His tone is warm relaxed and intimate Rather than following a strictly predetermined path he speaks directly from the heart about what concerned him He stresses that the task of spiritual science is to awaken us to reality and to a true understanding of life that sees through illusions and understands the ever present potential of evil Speaking both esoterically and exoterically he returns repeatedly to the importance of community of meeting one another face to face heart to heart as individuals Thus rather than seeking power and control we are called to cultivate trust and receptivity This takes a spiritual transformation We must learn to live this present life in the context of our greater spiritual life which extends from before birth through earthly life and into the life after death that precedes our next birth At the same time we must come to know the Christ who is to be met only in community Selfishness egotism has no part in the new way When someone is alone Christ is not there You cannot find Christ without first feeling a connection to humanity as a whole You must seek Christ on the path that connects you with all humankind To be connected only with your own inner experiences leads you away from Christ Steiner deals with many other important themes as well including imperialism the initiate behind Shakespeare Bacon and James I makers of our modern age and well as fascinating initiatory remarks on reincarnation esoteric physiology and psychology Running throughout the talks is the earnest admonition to be true to the spirit and the call to come to our senses and not fall prey to self pity Now as it was then the world needs us to be awake spiritually and we need the world to be awake spiritually There is nowhere to hide What Is Necessary in These Urgent Times is a translation from German of Geisitige und soziale Wandlungen in der Menschheitsentwicklung GA 196

**Conscious Parenting** Lee Lozowick,2010 Invites parents and educators to examine areas of selfishness ignorance and unconsciousness in their own lives pointing out how these can jeopardise a child s well being This title includes a discussion of conscious conception and continues with a treatment of conscious pregnancy birth and bonding

Shadow Mothers Cameron Lynne Macdonald,2011-02-09 Shadow Mothers shines new light on an aspect of contemporary motherhood often hidden from view the need for paid childcare by women returning to the workforce and the complex bonds mothers forge with the shadow mothers they hire Cameron Lynne Macdonald illuminates both sides of an unequal and complicated relationship Based on in depth interviews with professional women and childcare providers immigrant and American born nannies as well as European au pairs Shadow Mothers locates the roots of individual skirmishes between mothers and their childcare providers in broader cultural and social tensions Macdonald argues that these conflicts arise from unrealistic ideals about mothering and inflexible career paths and work schedules as well as from the devaluation of paid care work

**For Your Own Good** Alice Miller,2002-11-14 For Your Own Good the contemporary classic exploring the serious if not gravely dangerous consequences parental cruelty can bring to bear on children everywhere is one of the central works by Alice Miller the celebrated Swiss psychoanalyst With her typically lucid strong and

poetic language Miller investigates the personal stories and case histories of various self destructive and or violent individuals to expand on her theories about the long term affects of abusive child rearing Her conclusions on what sort of parenting can create a drug addict or a murderer or a Hitler offer much insight and make a good deal of sense while also straying far from psychoanalytic dogma about human nature which Miller vehemently rejects This important study paints a shocking picture of the violent world indeed of the ever more violent world that each generation helps to create when traditional upbringing with its hidden cruelty is perpetuated The book also presents readers with useful solutions in this regard namely to resensitize the victimized child who has been trapped within the adult and to unlock the emotional life that has been frozen in repression
