Jeff Pollard, Scott T. Brown, 2014 **Shepherding a Child's Heart** Tedd Tripp, 2005-07-01 Shepherding a Child's Heart is about how to speak to the heart of your child. The things your child does and says flow from the heart. Luke 6:45 puts it this way: out of the overflow of the heart the mouth speaks. Written for parents with children of any age, this insightful book provides perspectives and procedures for shepherding your child's heart into the paths of life. In this revised edition of *Shepherding a Child's Heart*, Dr. Tedd Tripp not only draws on his thirty years' experience as a pastor, counselor, school administrator, and father, but he also shares insights gained in many years of teaching this material in conferences worldwide, providing more valuable help for parents.

Visual Theology Tim Challies, Josh Byers, 2016 We live in a visual culture. Today people increasingly rely upon visuals to help them understand new and difficult concepts. The rise and stunning popularity of the Internet infographic has given us a new way in which to convey data, concepts, and ideas. But the visual portrayal of truth is not a novel idea. Indeed, God himself used visuals to teach truth to his people. The tabernacle of the Old Testament was a visual representation of man's distance from God and God's condescension to his people. Each part of the tabernacle was meant to display something of man's treason against God and God's kind response. Likewise, the sacraments of the New Testament are visual representations of man's sin and God's response. Even the cross was both reality and a visual demonstration. As teachers and lovers of sound theology, Challies and Byers have a deep desire to convey the concepts and principles of systematic theology in a fresh, beautiful, and informative way. In this book, they have made the deepest truths of the Bible accessible in a way that can be seen and understood by a visual generation.
