Teresa Harlow, 2021-09 *Combative to Collaborative: The Co-parenting Code* channels parents' interactions with each other to what they really want to be good parents together. But while most co-parenting books tell parents to just put the kids first even if that means sacrificing their own happiness, *Combative to Collaborative* shows parents how supporting each other as good parenting partners ensures they do what's best for their kids while also achieving personal happiness. Move from anger, hurt, and loss to consideration, kindness, and cooperation. Discover how to diffuse a co-parent's snarky behavior and avoid triggering their hostility. Recognize your own combative behaviors and stop exhibiting them. Plan for co-parenting collaboration and success. Correct course when a relationship goes astray even after many years of conflict. The book is divided into three stages: Uncoupling, Life Goes On, and Correcting Course. Then each chapter lays out a roadmap for a particular area of co-parenting. Whether parents are newly separated, well into their journey, or have been at it for years, this book will guide the way. For each co-parenting topic covered, explore what's at stake for the child, parents, and others involved. Identify the combative behaviors that derail parenting efforts and make life miserable for everyone. Read True Stories to see how real parents have handled situations both successfully and not as well. As you read these stories, you'll learn what worked and what didn't, and also find out you're not alone. Learn the DOs and DON'Ts of collaborative behaviors. Answer questions that will help you adopt an empathetic mindset, apply the Golden Rule to your situation, and achieve the positive outcome you desire. This is *The Co-parenting Code: Combative to Collaborative*. The Co-parenting Code is the essential guide for parents living separately to not only improve life for their children but also for themselves and everyone that surrounds them. You can save your family. You can be happy. A painful decision does not have to mean a pain-filled life. **Get the Behavior You**
