The First 1000 Days in the Nordic Countries: Psychosocial Interventions and Psychological Tests: A Review of the Evidence

Breivik, Kyrre, Eng, Helene, Kaiser, Sabine, Karjalainen, Piia, Kurki, Marjo, Kyrrestad, Henriette, Laajasalo, Taina, Martinussen, Monica, Merikukka, Marko, Peltonen, Kirsi, Pettersen, Susann Dahl, Rasmussen, Lene-Mari P., Reedtz, Charlotte, Rye, Marte, 2021-06-22 Available online <https://pub.norden.org/nord/2021/037> The report provides an overview and short systematic review of the psychosocial interventions and psychological tests used in the Nordic countries during the first 1000 days of a child's life i.e. from the prenatal period until two years of age A total of 63 interventions and 33 tests were reviewed Findings reveal that although a large number of interventions and tests are available for the target groups in the Nordic countries evidence regarding their effectiveness or psychometric properties is often lacking or insufficient Thus it is important that research efforts be enhanced in the Nordic region to strengthen the evidence base of the interventions and instruments that practitioners rely upon in order to assess and support mental wellbeing for Nordic children and families during this critical period in their lives

Parent Management Training Alan E. Kazdin, 2008-12 Among evidence based therapies for children and adolescents with oppositional aggressive and antisocial behavior parent management training PMT is without peer no other treatment for children has been as thoroughly investigated and as widely applied Here Alan E Kazdin brings together the conceptual and empirical bases underlying PMT with discussions of background principles and concepts supplemented with concrete examples of the ways therapists should interact with parents and children The second half of the book is a PMT treatment manual The manual details the particulars of the therapy what is done to and by whom what the therapist should say and what to expect at each stage of treatment It also contains handouts charts and aides for parents A companion website www.oup.com/us/pmt provides additional resources for clinicians

The Power of Positive Parenting Matthew R. Sanders, Trevor G. Mazzucchelli, 2018 Safe nurturing and positive parent child interactions lay the foundations for healthy child development How children are raised in their early years and beyond affects many different aspects of their lives including brain development language social skills emotional regulation mental and physical health health risk behavior and the capacity to cope with a spectrum of major life events As such parenting is the most important potentially modifiable target of preventive intervention The Power of Positive Parenting provides an in depth description of Triple P one of the most extensively studied parenting programs in the world backed by more than 30 years of ongoing research Triple P has its origins in social learning theory and the principles of behavior

cognitive and affective change and its aim is to prevent severe behavioral emotional and developmental problems in children and adolescents by enhancing the knowledge skills and confidence of parents Triple P incorporates five levels of intervention on a tiered continuum of increasing strength for parents of children from birth to age 16 The programs comprising the Triple P system are designed to create a family friendly environment that better supports parents with a range of programs tailored to their differing needs This volume draws on the editors experience of developing Triple P and chapters address every aspect of the system as well as how it can be applied to a diverse range of child and parent problems in different age groups and cultural contexts *The Group Therapist's Notebook* Dawn Viers, 2012-03-07 Get innovative ideas and effective interventions for your group therapy Group work requires facilitators to use different skills than they would use in individual or family therapy The Group Therapist s Notebook Homework Handouts and Activities for Use in Psychotherapy offers facilitators effective strategies to gather individuals who have their own unique needs together to form a group where each member feels comfortable exploring personal and often painful topics This resource provides creative handouts homework and activities along with practical ideas and interventions appropriate for a variety of problems and population types Each chapter gives detailed easy to follow instructions activity contraindications and suggestions for tracking the intervention in successive meetings Every intervention is backed by a theoretical or practical rationale for use and many chapters feature a helpful illustrative clinical vignette Group work has several benefits including the ability to treat a greater number of clients with fewer resources Group therapy work also relies on various theories that may seem to be difficult to apply to clinical practice The Group Therapist s Notebook is a practical guide that builds a bridge between theory and practice with ease The text provides help for psychotherapists who are either beginning group practice or already utilizing groups as part of their practice and need a fresh set of ideas The workbook framework allows group specialists to generate approaches and modify exercises to fit the varying needs of their clients This guide offers a wide variety of valid approaches that effectively address client concerns The book provides therapists with tips and ideas for starting and facilitating a group assists them through sets of interventions activities and assignments then showcases a variety of interventions for needs specific populations or problems Special sections are included with interventions for teens young adults couples and family groups Interventions in The Group Therapist s Notebook include anger management skills ease feelings of shame and guilt substance use and abuse grief and loss positive body image guidance through change independence and belonging interpersonal skills coping skills crisis intervention strategies much much more The Group Therapist s Notebook is an essential resource for both novice and more experienced practitioners working in the mental health field including counselor educators social workers guidance counselors prevention educators and other group facilitators Every nonprofit agency counseling center private practice school hospital treatment facility or training center that organizes and implements therapy groups of any type should have this guide in their library *Zuckerman Parker Handbook of Developmental and Behavioral Pediatrics for Primary Care*
