Lewis, 2013-04-03 This book explores the diverse definitions and growing importance of STEM education It emphasizes the need for STEM literacy to solve complex problems and innovate The book addresses equity and access issues in STEM education from PK 12 to university levels offering insights for educators and policymakers

*The Politics of Gender and Education* S. Ali, S. Benjamin, M. Mauthner, 2003-11-25 What are the politics of gender within education How are the issues of gender being explored in diverse educational settings Does gender still matter in education This book draws together the work from an international array of authors working at the cutting edge of gender research in education From policy issues affecting single mothers to the incorporation of Southern learning into Northern contexts this collection provides a compelling argument for renewed engagement with gender issues at both macro and micro political levels within the full range of educational contexts from primary to higher education

*Parents And Teachers* Carol Vincent, 2013-10-08 This work examines the factors that shape and influence home school relations At its heart is an analysis of parent teacher relationships in an inner city borough drawn from case studies of five primary schools and a parents centre Interviews with parents are revealing windows into parents views on a range of issues including curriculum discipline and parents relationships with their children s teachers The author also considers teachers perspectives on these matters and explores the influence of social class ethnicity and gender on parent teacher interactions While presenting these issues within a

consideration of broader themes such as citizenship community power and participation the book discusses the reasons why initiatives designed to improve home school relations appear to result in such limited change

**Parenting Matters**

National Academies of Sciences, Engineering, and Medicine, Division of Behavioral and Social Sciences and Education, Board on Children, Youth, and Families, Committee on Supporting the Parents of Young Children, 2016-11-21 Decades of research have demonstrated that the parent child dyad and the environment of the family which includes all primary caregivers are at the foundation of children's well being and healthy development From birth children are learning and rely on parents and the other caregivers in their lives to protect and care for them The impact of parents may never be greater than during the earliest years of life when a child's brain is rapidly developing and when nearly all of her or his experiences are created and shaped by parents and the family environment Parents help children build and refine their knowledge and skills charting a trajectory for their health and well being during childhood and beyond The experience of parenting also impacts parents themselves For instance parenting can enrich and give focus to parents lives generate stress or calm and create any number of emotions including feelings of happiness sadness fulfillment and anger Parenting of young children today takes place in the context of significant ongoing developments These include a rapidly growing body of science on early childhood increases in funding for programs and services for families changing demographics of the U S population and greater diversity of family structure Additionally parenting is increasingly being shaped by technology and increased access to information about parenting Parenting Matters identifies parenting knowledge attitudes and practices associated with positive developmental outcomes in children ages 0-8 universal preventive and targeted strategies used in a variety of settings that have been effective with parents of young children and that support the identified knowledge attitudes and practices and barriers to and facilitators for parents use of practices that lead to healthy child outcomes as well as their participation in effective programs and services This report makes recommendations directed at an array of stakeholders for promoting the wide scale adoption of effective programs and services for parents and on areas that warrant further research to inform policy and practice It is meant to serve as a roadmap for the future of parenting policy research and practice in the United States

International Handbook of Research on Children's Literacy, Learning and Culture

Moll, 2016-10-31 The International Handbook of Research in Children's Literacy Learning and Culture presents an authoritative distillation of current global knowledge related to the field of primary years literacy studies Features chapters that conceptualize interpret and synthesize relevant research Critically reviews past and current research in order to influence future directions in the field of literacy Offers literacy scholars an international perspective that recognizes and anticipates increasing diversity in literacy practices and cultures

*Children, Home and School* Ros Edwards, 2004-08-02 In contemporary western societies there are increasing emphases on children being the responsibility of their parents contained within the home and on their compartmentalisation into separate and protected organised educational settings Thus home

and school form a crucial part of children's lives and experiences. This book explores the key institutional settings of home and school and other educationally linked organised spaces in children's lives and the relationships between these. It presents in depth discussions concerning new research findings from a range of national contexts and focuses on various aspects of children's and sometimes adults' own understandings and activities in home and school and after school settings and the relationship between these. The contributors assess children from a variety of backgrounds and circumstances and consider how these children see and position themselves as autonomous within connected to or regulated by home and school.

Discussion of the impact of policy and practice developments on the everyday lives of these children is also included. *Get Real About Sex* Alldred, Pam, David, Miriam, 2007-07-01. Up to date and accessible, this book manages to be both theoretically subtle and attuned to the realities of classroom practice. Dr Rachel Thomson, The Open University. This book is a great success and provides a wealth of insights into the realities of teaching and being taught about sex and relationships. Michael Reiss, Institute of Education. What are the different values and perspectives on sex and relationship education within a single secondary school? How do young people think sex education should be taught? What are the challenges facing the provision of good sex and relationship education at the classroom level and at the political level? Young people often receive mixed messages about gender and sexual relationships. When providing sex education lessons, schools should take into account different ideas and values, including the general British embarrassment over intimate matters and differing political and personal views about sex education. This book combines young people's views of sex education, schooling and parenthood with those of teachers, school nurses and head teachers. It brings together these varied perspectives and considers how they reveal different values, aims and agendas. The authors highlight the potential conflict between approaches to education and health and reveal the complexity of dealing with sexuality and gender in real life situations. Focusing on young people's identities in the classroom, contemporary theoretical approaches in the social sciences are employed to explore how gender is enacted and experienced by individuals and how social pressures and government agendas operate at the level of the individual. This book contains original first hand empirical material from a detailed study of all the schools in one English city and offers a critical analysis of broader political and cultural ideas and values. *Get Real About Sex* is key reading for students and professionals in education, health and the sociology of gender and sexuality. **Leaders in Gender and Education**

Marcus B. Weaver- Hightower, Christine Skelton, 2013-09-04. Gender studies are a key lens through which education has been examined in the past forty years, having become an accepted and popular subfield in educational foundations studies. Moreover, scholars in gender and education have made tremendous contributions well beyond education, influencing humanities and social sciences scholars across the academy. Hearing the stories of these scholars, their development, education, important works and thoughts on the future, offers unique insights into the genesis and growth of the field and gives new scholars an overview of advances made. *Leaders in Gender and Education: Intellectual Self Portraits* does just that.

showing the history of gender and education through the eyes of 16 of its leaders By recounting their experiences and scholarly work they trace the development of feminist and profeminist research on girls on boys and on the issues shaping both gender and education issues like race sexuality neoliberalism globalization and more Importantly the volume has a global focus including scholars from the United States Canada the United Kingdom and Australia This diversity gives readers a broad sense of the progress of gender scholarship in education around the world Each essay provides students and researchers alike with not only background on the 16 scholars included but also the lists of major works chosen by contributors themselves direct readers to some of the most important scholarship on gender and education Taken together further the contributors thoughts on the future of the field provide glimpses of productive directions for studies of gender and education

**The Palgrave Handbook of Race and Ethnic Inequalities in Education** P. Stevens,A. Dworkin,2014-01-22 This comprehensive state of the art reference work provides the first systematic review to date of how sociologists have studied the relationship between race ethnicity and educational inequality over the last thirty years in eighteen different national contexts

**School Choice and Student Well-Being** A. Kelly,2007-08-16 This review of research in school choice adapts Sen s theory of Capability developing a more complex theoretical framework for understanding education markets This gives those most affected by the perceived failure of public education a better explication of the tension between the rhetoric of public good and the reality of everyday disadvantage

**Home-School Work in Britain** John Bastiani,Sheila Wolfendale,2013-12-19 First Published in 1996 This book forms part of a series that brings together wide ranging contributions which are written from both professional and parental viewpoints offer an assessment of what has been achieved explore a number of problematic issues and experiences and illustrate developments that are beginning to take shape It will appeal to those with a special interest in and commitment to home school work in all its actual and potential facets This book like the series it introduces is an attempt to capture the flavour of home school work in Britain in the 1990s It conveys a mixture of familiar concerns and recent developments of shared interests and differences of approach that relate to differences of setting and circumstance

**Class Work** Diane Reay,2023-05-12 This text looks at the ways in which women as mothers are positioned in society in terms of ethnicity social class and marital status Using case study material the author expands her assessment to analyse the way women s educational experience influences their involvement in their children s schooling The book examines the support of the mother in her child s schooling to reveal the part she plays in social reproduction and to recognize her centrality to an understanding of social class The book should be of interest to undergraduates in the sociology of education gender studies and to those studying PGCE primary education

**Feminism And Social Justice In Education** Kathleen Weiler,2005-08-04 Gathers together notable educators from five different countries to examine contemporary feminist politics and practice in education It presents a response to recent developments in education and feminist theorising and the restructuring of educational provision

**Education Into the 21st Century**

Inga Elgquist-Saltzman, Alison Mackinnon, Alison Prentice, 2005-08-16 Probing the abilities and disabilities of women in education from the mid 19th century to the present this work brings historical analysis classroom research and theoretical reflection to bear on gender issues in education     *The SAGE Handbook of School Organization* Michael Connolly, David H. Eddy-Spicer, Chris James, Sharon D. Kruse, 2018-12-10 The SAGE Handbook of School Organization provides a substantial review of the history current status and future prospects of the field of school organization Bringing together chapters exploring key issues important debates and points of tension the Handbook highlights school and system organisational structure processes and dynamics coupled with insights into important theoretical foundations from diverse perspectives This volume is designed to provide a much needed critically informed and coherent account of the field against a backdrop of increasing complexity in which schooling as an institution and schools as organisations operate     Feminism and 'The Schooling Scandal' Christine Skelton, Becky Francis, 2009-01-13 Brings together feminist contributions from two generations of educational researchers to provide a comprehensive overview of contemporary research and theory emerging from second wave feminism and assesses their impact on pupils and teachers in today's schools and classrooms     A Political Education Elizabeth Todd-Breland, 2018 In 2012 Chicago's school year began with the city's first teachers strike in a quarter century and ended with the largest mass closure of public schools in U.S. history On one side a union leader and veteran black woman educator drew upon organizing strategies from black and Latinx communities to demand increased school resources On the other side the mayor backed by the Obama administration argued that only corporate style education reform could set the struggling school system aright The stark differences in positions resonated nationally challenging the long standing alliance between teachers unions and the Democratic Party Elizabeth Todd Breland recovers the hidden history underlying this battle She tells the story of black education reformers community based strategies to improve education beginning during the 1960s as support for desegregation transformed into community control experimental schooling models that pre dated charter schools and black teachers challenges to a newly assertive teachers union This book reveals how these strategies collided with the burgeoning neoliberal educational apparatus during the late twentieth century laying bare ruptures and enduring tensions between the politics of black achievement urban inequality and U.S. democracy
