of Learning answers the sort of questions that every parent wants to know but doesn't know where to find the answers. This includes the small everyday questions through to the big life-changing ones. Some of the questions answered in this book include: How much sleep does your child need? Should I actually help them with their homework? Why does my child forget what they have just learnt? How much screen time is too much? What can I do to help them do better at school? Is it really that important that we all eat meals together? How can I help my child learn to better manage their emotions? How can I encourage them to be a better independent learner? A hugely accessible resource, this unique book will provide parents with the knowledge they need to best support their children's learning and development.

The Ordinary Parent's Guide to Teaching Reading (The Ordinary Parent's Guide) Jessie Wise, Sara Buffington, 2004-10-17. A plain English guide to teaching phonics. Every parent can teach reading; no experts need apply. Too many parents watch their children struggle with early reading skills and don't know how to help. Phonics programs are too often complicated, overpriced, gimmicky, and filled with obscure educationalese. *The Ordinary Parent's Guide to Teaching Reading* cuts through the confusion, giving parents a simple, direct, scripted guide to teaching reading from short vowels through supercalifragilisticexpialidocious. This one book supplies parents with all the tools they need. Over the years of her teaching career, Jessie Wise has seen good reading instruction fall prey to trendy philosophies and political infighting. Now she has teamed with dynamic coauthor Sara Buffington to supply parents with a clear, direct phonics program, a program that gives them the know-how and confidence to take matters into their own hands.

Understanding Achievement Tests Lawrence M. Rudner, Jane Close Conoley, Barbara S. Plake, 1989. Current information about tests and testing procedures is provided for school district staff, particularly in districts without specially trained testing directors. Practical information is given about selecting and administering tests and about reporting results effectively. This guide opens with a discussion of the basic principles of testing. The various types of district-level tests are described, and different types of test scores are presented. The advantages and limitations of certain types of tests and scores are reviewed. The viewpoints of measurement experts on important issues in testing are expressed in the following chapters: 1. Common Misuses of Standardized Tests, Eric Gardner; 2. Preparing Students To Take Standardized Achievement Tests, William A. Mehrens; 3. Matching Your Curriculum and Standardized Tests, Jane C. Conoley; 4. Using Customized Standardized Tests, Paul L. Williams; 5. Interpreting Test Scores for Compensatory Education Students, Gary Echternacht; and 6. Working with the Press, Allan Hartman. Four additional discussions are appended: Finding Information about Standardized Tests, Lawrence M. Rudner and Kathryn Dorko; Organizations That Provide Test Information, Ronald T. C. Boyd; Putting Test Scores in Perspective, Communicating a Complete Report Card for Your Schools, M. Kevin Matter; and Major Achievement Tests and Their Characteristics, Northwest Regional Education Laboratory. Names and addresses of major test publishers and a glossary of testing terms are also included.
