**The Parent-Child Dance** Ronald A. Kotkin, Aubrey H. Fine, 2015-06-16 A unique manual to raising a child for parents everywhere using the metaphor of dance to provide expert comforting advice Having children and raising a family should be the greatest joy in one's life but it is a role that requires tremendous responsibility and patience As parents our job is to provide a strong foundation for our children so that they can eventually grow up to become self-sufficient adults However just like everything in life all children are different some requiring more support than others and to varying degrees over time Parenting is like a dance between parent and child The more seamless the movements the more graceful the interaction When a parent takes the lead or decides to share over time with practice the dance can be smooth and effortless Nevertheless when the child is unintentionally allowed to take the lead the parent-child dance may appear more rocky and unstable This often occurs when the parent is unclear and at odds with their role The ensuing battle for the lead may cause disharmony in the relationship and the dance Parenting is a lifelong commitment that takes patience thoughtfulness and skill The Parent-Child Dance is designed to explain the concept of the dance and act as a catalyst for encouraging parents to begin their journey in making positive changes in their child's life Parents will recognize the

scenarios and gain insight through humorous examples and step by step strategies to avoid disharmony Raising Passionate Jesus Followers Phil Comer,Diane Comer,2018-03-06 Hope and practical help for parents whose greatest longing is to shepherd their children into a vibrant faith in God For Christian parents there is no greater joy than seeing their children learn to walk with the Lord And there is no greater fear than that their children will walk away from God After serving together in pastoral ministry and raising their now grown children Phil and Diane Comer know those hopes and fears well Like all new parents they were intimidated and unsure about how to take on the task of spiritually training their young children But now with all four of their children grown and establishing their own households of faith Phil and Diane have embarked on a quest to help the next generation of parents raise passionate Jesus followers Drawing on years of pastoral counseling teaching leading and decades of watching families from the perspective of pastors and leaders in ministry Phil and Diane instruct guide encourage and offer hope and practical help to Christian parents Raising Passionate Jesus Followers is a manual full of practical biblically based and time tested guidelines that parents will be able to turn to again and again through every stage of their children s development including Formulating a plan Laying the foundation ages 0 5 Doing the framing ages 6 12 Installing the functional systems ages 13 17 Completing the finish work ages 18 22 And keeping the front door open for your grown children **Prepared** Diane Tavenner,2021-09-14 A blueprint for how parents can stop worrying about their children s future and start helping them prepare for it from the cofounder and CEO of one of America s most innovative public school networks A treasure trove of deeply practical wisdom that accords with everything I know about how children thrive Angela Duckworth New York Times bestselling author of Grit In 2003 Diane Tavenner cofounded the first school in what would soon become one of America s most innovative public school networks Summit Public Schools has since won national recognition for its exceptional outcomes Ninety nine percent of students are accepted to a four year college and they graduate from college at twice the national average But in a radical departure from the environments created by the college admissions arms race Summit students aren t focused on competing with their classmates for rankings or test scores Instead students spend their days solving real world problems and developing the skills of self direction collaboration and reflection all of which prepare them to succeed in college thrive in today s workplace and lead a secure and fulfilled life Through personal stories and hard earned lessons from Summit s exceptional team of educators and diverse students Tavenner shares the learning philosophies underlying the Summit model and offers a blueprint for any parent who wants to stop worrying about their children s future and start helping them prepare for it At a time when many students are struggling to regain educational and developmental ground lost to the disruptions of the pandemic Prepared is more urgent and necessary than ever Beyond Winning Kim Payne,Luis Llosa,Scott Lancaster,2013-08-20 These days it seems everyone has a youth sports horror story whether it s about a tyrant coach obsessed with his team record that only plays the best kids on the team or a parent who publicly berates his kid for not making a goal But should it really only be all about winning What

applies equally to them Unfortunately coaches and organizations have a mixed level of understanding of the research and study of the science of learning Sometimes coaches and organizations build their teaching on myths and platitudes more than science Sometimes there isn't any science applied at all While there are thousands of books and websites a coach can consult to better understand technical and tactical aspects of the game there is nothing for a coach to consult that explicitly examines the teaching problems on the field the court the rink and the diamond Until now Intended to offer lessons and guidance that are applicable to coaches of any sporting endeavor including everyone from parent volunteers to professional coaches and private trainers Lemov brings the powerful science of learning to the arena of sports coaching to create the next generation of championship caliber coaches
