Parents Passing On The Faith

Parents Passing On The Faith:

Handing Down the Faith Christian Smith, Amy Adamczyk, 2020-07-02 A new examination of how and why American religious parents seek to pass on religion to their children The most important influence shaping the religious and spiritual lives of children youth and teenagers is their parents A myriad of studies show that the parents of American youth play the leading role in shaping the character of their religious and spiritual lives even well after they leave home and often for the rest of their lives We know a lot about the importance of parents in faith transmission However we know much less about the actual beliefs feelings and activities of the parents themselves what Christian Smith and Amy Adamczyk call the intergenerational transmission of religious faith and practice To address that gap this book reports the findings of a new national study of religious parents in the United States The findings and conclusions in **Handing Down the Faith** are based on 215 in depth personal interviews with religious parents from many traditions and different parts of the country and sophisticated analyses of two nationally representative surveys of American parents about their religious parenting **Handing Down the Faith** explores the background beliefs informing how and why religious parents seek to pass on religion to their children examines how parenting styles interact with parent religiousness to shape effective religious transmission shows how parents have been influenced by their experiences as children influenced by their own parents reveals how religious parents view their congregations and what they most seek out in a local church synagogue temple or mosque explores the experiences and outlooks of immigrant parents including Latino Catholics East Asian Buddhists South Asian Muslims and Indian Hindus Smith and Adamczyk step back to consider how American religion has transformed over the last 100 years and to explain why parents today shoulder such a huge responsibility in transmitting religious faith and practice to their children The book is rich in empirical evidence and unique in many of the topics it explores and explains providing a variety of sometimes counterintuitive findings that will interest scholars of religion social scientists interested in the family parenting and socialization clergy and religious educators and leaders and religious parents themselves **Religious Parenting**

Christian Smith, Bridget Ritz, Michael Rotolo, 2020 The purpose and nature of life Religion's value and truth Children parenting and family The whys and hows of religious transmission Theorizing cultural models Conclusion **Families and Faith** Vern L. Bengtson, 2013-10-04 Winner of the Distinguished Book Award from American Sociology Association Sociology of Religion Section Winner of the Richard Kalish Best Publication Award from the Gerontological Society of America Few things are more likely to cause heartache to devout parents than seeing their child leave the faith And it seems from media portrayals that this is happening more and more frequently But is religious change between generations common How does religion get passed down from one generation to the next How do some families succeed in passing on their faith while others do not **Families and Faith** How Religion is Passed Down across Generations seeks to answer these questions and many more For almost four decades Vern Bengtson and his colleagues have been conducting the largest ever study of religion and

family across generations Through war and social upheaval depression and technological revolution they have followed more than 350 families composed of more than 3 500 individuals whose lives span more than a century the oldest was born in 1881 the youngest in 1988 to find out how religion is or is not passed down from one generation to the next What they found may come as a surprise despite enormous changes in American society a child is actually more likely to remain within the fold than leave it and even the nonreligious are more likely to follow their parents example than to rebel And while outside forces do play a role the crucial factor in whether a child keeps the faith is the presence of a strong fatherly bond Mixing unprecedented data with gripping interviews and sharp analysis Families and Faith offers a fascinating exploration of what allows a family to pass on its most deeply held tradition its faith **The Good, the Bad, and the Grace of God** Jep Robertson, Jessica Robertson, Susy Flory, 2015-06-23 A Moving Story of Redemption and Second Chances Jep Robertson the youngest son of Duck Commander Phil Robertson and his wife Jessica open up about their personal trials their early years together and the challenges that might have destroyed them both had the grace of God not intervened Jep describes being molested as a child and his reluctance to tell anyone until only a few years ago his downward spiral into drug and alcohol abuse and the eventual intervention of his family Jessica shares about the difficult failure of her first marriage while still a teenager and the hurt that came along with it much of it from the church Her insecurities spun out of control as she wondered whether she would ever be good enough or pretty enough This book is their love story but more importantly their love story for God We are desperate to let people know that no matter what you've done no matter what you've lived through you can come out of it You can be washed clean You are redeemed *PASSING ON FAITH*. Faith Lee Strobel, 2010 Previously published as The case for faith visual edition 2005 T p verso The Better Mom Ruth Schwenk, 2018-04-24 Mothering is messy Our joy and hope in raising children doesn t change the reality that being a mom can be frustrating stressful and tiring But just as God is using us to shape our children God is using our children and motherhood to shape us In The Better Mom author Ruth Schwenk herself a mother of four children encourages us with the good news that there is more to being a mom than the extremes of striving for perfection or simply embracing the mess We

don't need to settle for surviving our kids' childhood. We can grow through it. With refreshing and heartfelt honesty, Ruth emboldens moms to find freedom and walk confidently in purpose. Create a God-honoring home environment. Overcome unhealthy and destructive emotions such as anger, anxiety, and more. Avoid glorifying the mess of mom-ing or idolizing perfection. Cultivate life-giving friendships. At the heart of *The Better Mom* is the message that Jesus calls us to live not a weary life but a worthy life. We don't have to settle for either being apathetic or struggling to be perfect. Both visions of motherhood go too far. Ruth offers a better option. She says, "It's okay to come as we are, but what we're called to do and be is far too important to stay there." The way to becoming a better mom starts not with what we are doing but with who God is inviting us to become.

Passing on the Faith Merton P. Strommen, Dick Hardel, 2008. From the Introduction: This book is about passing on the faith from generation to generation throughout the milestones of a person's life. Faith is created and nurtured by the Holy Spirit through the Gospels. The vision underlying the RADICAL model was developed in light of the theological principle that faith is formed by the Holy Spirit through personal, trusted relationships, often but not always in our own homes. A youth and family ministry for the 21st century connects all the generations in the total ministry of the congregation and through the cross of Christ recognizes the work of the Holy Spirit shaping faith in all the circles of relationships. This revised edition expands on the authors' original model in an all-new chapter on the circle of creation. This edition has also been updated throughout in light of new ideas and research that have emerged during the past decade.

Eschatological Discipleship Trevin Wax, 2018-04-01. Discipleship is eschatological in nature because the church that makes and receives disciples is eschatological in nature. Often eschatology is thought to refer only to last things doctrines. However, eschatology in its broader sense encompasses the Christian view of time and the future of the world, informing both one's evangelism and ecclesiology. Failing to relate the eschatological dimension to discipleship leaves one with an incomplete worldview, imbalanced discipleship, and eventually a tragic inability to model the Christian way of life. By answering questions like "What time is it?" and "Where is history going?" Trevin Wax helps Christians view the past, present, and future biblically and shapes their understanding of following Jesus.

I Love Jesus, But I Want to Die Sarah J. Robinson, 2021-05-11. A compassionate, shame-free guide for your darkest days. A one-of-a-kind book to read for yourself or give to a struggling friend or loved one without the fear that depression and suicidal thoughts will be minimized, medicalized, or over-spiritualized. Kay Warren, cofounder of Saddleback Church, asks: What happens when loving Jesus doesn't cure you of depression, anxiety, or suicidal thoughts? You might be crushed by shame over your mental illness, only to be told by well-meaning Christians to choose joy and pray more. So you beg God to take away the pain, but nothing eases the ache inside. As darkness lingers and color drains from your world, you're left wondering if God has abandoned you. You just want a way out. But there's hope. In *I Love Jesus, But I Want to Die*, Sarah J. Robinson offers a healthy, practical, and shame-free guide for Christians struggling with mental illness. With unflinching honesty, Sarah shares her story of battling depression and fighting

to stay alive despite toxic theology that made her afraid to seek help outside the church Pairing her own story with scriptural insights mental health research and simple practices Sarah helps you reconnect with the God who is present in our deepest anguish and discover that you are worth everything it takes to get better Beautifully written and full of hard won wisdom I Love Jesus But I Want to Die offers a path toward a rich hope filled life in Christ even when healing doesn't look like what you expect

Rethink Your Self Trevin Wax, 2020-10-20 Follow your heart You do you You are enough We take these slogans for granted but what if this path to personal happiness leads to a dead end In Rethink Your Self Trevin Wax encourages you to rethink some of our society's most common assumptions about identity and the road to happiness Most people define their identity and purpose by first looking in to their desires then looking around to express their uniqueness and finally maybe looking up to add a spiritual dimension to life Rethink Your Self proposes a counter intuitive approach looking up before looking in It's only when we look up to learn who we were created to be that we discover our true purpose and become our truest selves

Mass Exodus Stephen Sebastian Bullivant, 2019 In 1962 Pope John XXIII opened the Second Vatican Council with the prophecy that a new day is dawning on the Church bathing her in radiant splendour Desiring to impart an ever increasing vigour to the Christian life of the faithful the Council Fathers devoted particular attention to the laity and set in motion a series of sweeping reforms The most significant of these centred on refashioning the Church's liturgy the source and summit of the Christian life in order to make it pastorally efficacious to the fullest degree Over fifty years on however the statistics speak for themselves In America only 15% of cradle Catholics say that they attend Mass on a weekly basis meanwhile 35% no longer even tick the Catholic box on surveys In Britain the signs are direr still Of those raised Catholic just 13% still attend Mass weekly and 37% say they have no religion But is this all the fault of Vatican II and its runaway reforms Or are wider social cultural and moral forces primarily to blame Catholicism is not the only Christian group to have suffered serious declines since the 1960s If anything Catholics exhibit higher church attendance and better retention than most Protestant churches do If Vatican II is not the cause of Catholicism's crisis might it instead be the secret to its comparative success Mass Exodus is the first serious historical and sociological study of Catholic lapsation and disaffiliation Drawing on a wide range of theological historical and sociological sources Stephen Bullivant offers a comparative study of secularization across two famously contrasting religious cultures Britain and the USA

The Case for Christ for Kids Lee Strobel, 2006 Tries to explain in plain terms who Jesus was according to the Bible and suggests reasons why the Bible should be believed

Raising Uncommon Kids Sami Cone, 2016-01-12 The single greatest lesson parents teach their kids isn't anything they say it's what they do And while most parents would say they want to raise compassionate kids they might be surprised to discover just how little they're actually modeling the behaviors they hope to

pass on qualities such as unconditional love gentleness forgiveness patience gratitude humility and more In this unique book Sami Cone shows parents a new way to look at molding their children one in which focusing on adding good behaviors and attitudes is more powerful than eliminating bad ones Grounding her advice in Scripture specifically the twelve characteristics found in Colossians 3 12 17 Cone offers plenty of stories from her own life to show these principles in action And she offers practical things parents can do right now to create a home and family that exhibits love harmony and generosity of spirit in a self centered world
