**Chris Beckett**

## **Parents And Protectors A Study In Child Abuse And Neglect:**

**Parents and Protectors** Deborah Shapiro, 1979      **Child Welfare Outcomes ...**, 2002      *Dealing with Child Abuse and Neglect as Public Health Problems* Jack C. Westman, 2019-03-23 This thought provoking volume defines child abuse and neglect as a public health crisis both in terms of injuries and mental health problems and as a link to poverty and other negative social outcomes The author identifies key factors contributing to this situation in particular juvenile ageism the pervasive othering of children and youth coupled with the assumption of parental competence until severe abuse or neglect proves otherwise The book's practical answers to these complex issues involve recognizing and balancing the rights of parents and children and responding to the diverse needs of new competent and dysfunctional families To this end a comprehensive prevention model is outlined featuring primary secondary and tertiary interventions Included in the coverage Child abuse and neglect in the United States The impact of juvenile ageism on individuals The devaluation of parenthood The rights and needs of newborn babies and young children Overcoming our crisis recoil response Barriers to change and hope for the future *Dealing with Child Abuse and Neglect as Public Health Problems* should engage professionals in the public health healthcare and social services sectors It should also attract parents in struggling families as well as other laypersons such as policymakers and child advocates interested in improving current social conditions      *Child Neglect* Diane DePanfilis, 2006      [The Children's Bureau Legacy](#) Administration on Children, Youth and Families, The Children's Bureau, Administration for Children and Families, U.S. Department of Health and Human Services, 2013-04-01 Comprehensive history of the Children's Bureau from 1912 2012 in eBook form that shares the legacy of this landmark agency that established the first Federal Government programs research and social reform initiatives aimed to improve the safety permanency and well being of children youth and families In addition to bios of agency heads and review of legislation and publications this important book provides a critical look at the evolution of the Nation and its treatment of children as it covers often inspiring and sometimes heart wrenching topics such as child labor the Orphan Trains adoption and foster care infant and maternal mortality and childhood diseases parenting infant and child care education the role of women's clubs and reformers child welfare standards Aid to Dependent Children Depression relief children of migrants and minorities African Americans Hispanics Native Americans including Indian Boarding Schools and Indian Adoption Program disabled children care children in wartime including support of military families and World War II refugee children Juvenile delinquency early childhood education Head Start family planning child abuse and neglect natural disaster recovery and much more Child welfare and related professionals legislators educators researchers and advocates university school of social work faculty and staff libraries and others interested in social work related to children youth and families particularly topics such as preventing child abuse and neglect foster care and adoption will be interested in this comprehensive history of the Children's Bureau that has been funded by the U S Federal Government since 1912      *The Wiley Handbook of What Works in Child*

*Maltreatment* Louise Dixon, Daniel F. Perkins, Catherine Hamilton-Giachritsis, Leam A. Craig, 2017-06-26 A comprehensive guide to empirically supported approaches for child protection cases The Wiley Handbook of What Works in Child Maltreatment offers clinicians psychologists psychiatrists and other professionals an evidence based approach to best professional practice when working in the area of child protection proceedings and the provision of assessment and intervention services in order to maximize the well being of young people It brings together a wealth of knowledge from expert researchers and practitioners who provide a comprehensive overview of contemporary work informing theory assessment service provision rehabilitation and therapeutic interventions for children and families undergoing care proceedings Coverage includes theoretical perspectives insights on the prevalence and effects of child neglect and abuse assessment children s services and interventions with children victims and families      **Recognizing and Helping the**

**Neglected Child** Jane Scott, Brigid Daniel, Julie Taylor, David Derbyshire, Deanna Neilson, 2011-08-15 This book based on extensive research of the evidence outlines how neglect can be recognized examining the signs that parents give to signal their need for help and the signs that a child s needs are not being met It then covers how practitioners should respond including assessment planning and appropriate interventions      **Child Protection** Ron Haskins, Fred Wulczyn, Mary Bruce Webb, 2007-10-01 The National Survey of Child and Adolescent Well Being NSCAW is the first nationally representative study of children who have been reported to authorities as suspected victims of abuse or neglect and the public programs that protect them Child Protection is the first book that reports the results of NSCAW interprets the findings and puts them into a broader policy context The authors all experts in child welfare issues address a range of issues made apparent by the survey results including which types of personal and familial problems the programs are meant to address the range of services and interventions that the child protection system can make available and an assessment of these programs Each chapter discusses the survey s implications and suggests new alternatives for designing and implementing future programs that not only protect at risk children from further harm but also provide them with security and support The practical lessons included in this volume make it an essential reference for all professionals working in the child protection field as well as anyone studying in the field of child welfare      *Child Abuse and Neglect Research* , 1976      **The Nurturing Parenting**

**Programs** Stephen J. Bavolek, 2000      *Protecting Children* Featherstone, Brid, Gupta, Anna, 2018-09-19 The state is increasingly experienced as both intrusive and neglectful particularly by those living in poverty leading to loss of trust and widespread feelings of alienation and disconnection Against this tense background this innovative book argues that child protection policies and practices have become part of the problem rather than ensuring children s well being and safety Building on the ideas in the best selling Re imagining child protection and drawing together a wide range of social theorists and disciplines the book Challenges existing notions of child protection revealing their limits Ensures that the harms children and families experience are explored in a way that acknowledges the social and economic contexts in which they live

Explains how the protective capacities within families and communities can be mobilised and practices of co production adopted Places ethics and human rights at the centre of everyday conversations and practices      **A Coordinated Response to Child Abuse and Neglect** Diane DePanfilis, Marsha K. Salus, 1994-04 Addresses community prevention identification and treatment efforts Intended to be used by all professionals involved in child protection CPS law enforcement education mental health legal services health care and early childhood professionals Provides general information to anyone who is concerned about the problem of child maltreatment Glossary bibliography and list of resources      **The Child Protection Handbook** Kate Wilson, Adrian L. James, 2007-04-26 This title is directed primarily towards health care professionals outside of the United States The new edition of this popular handbook gives an authoritative informative and accessible account of key areas of child protection practice Covering research policy and practice it is relevant to all professionals working in child care No other book on child protection offers such comprehensive coverage of policy and practice It provides research findings in all areas of child abuse latest policies and indications of good practice plus specialist chapters for different professionals Chapters have been contributed by known experts in the field both distinguished academics and practitioners By combining the latest factual information with sophisticated analysis it is the ideal course text for child protection programmes as well as meeting the needs of more experienced practitioners academics and trainers Practical Examines the issues grounded in reality and therefore gives the reader confidence in practice coupled with an understanding of the responsibilities of colleagues in other professions Comprehensive Covers a broad review of what constitutes child abuse and characteristics of the abused and the abusers medical social and legal management of the process of protection the actions involved in intervention and training and new directions for research and practice Authoritative Contributors are senior professionals known nationally and internationally for their specific expertise in this area Research based All books should be but amongst the professionals most closely involved in child protection the heavy workload often means there is little time to catch up on and assimilate up to date research fully This book offers a through guide to what research and policy initiatives can give to the practice of the reader new chapters addressing issues of culture and parenting each chapter contains key messages for practitioners key websites have been listed a website on Evolve with supplementary material      **Preventing Child Abuse and Neglect Through Parent Education** N. Dickon Reppucci, Preston A. Britner, Jennifer L. Woolard, 1997 This unique volume outlines an empowering approach to service delivery in child abuse prevention programs Using knowledge gained from research on 25 distinct parenting programs the authors provide detailed case studies and dozens of practical suggestions for planning evaluating and strengthening parent education programming Convenient appendices offer a sample program curriculum targeted handouts for program personnel and comprehensive lists of program evaluation measures      Parental Stress and Early Child Development Kirby Deater-Deckard, Robin Panneton, 2017-05-14 This book examines the complex impact of parenting stress and the effects of its transmission on young children s development and

well being e g emotion self regulation executive functioning maltreatment future parenting practices It analyzes current findings on acute and chronic psychological and socioeconomic stressors affecting parents including those associated with poverty and cultural disparities pregnancy and motherhood and caring for children with developmental disabilities Contributors explore how parental stress affects cognitive affective behavioral and neurological development in children while pinpointing core adaptation resilience and coping skills parents need to reduce abusive and other negative behaviors and promote optimal outcomes in their children These nuanced bidirectional perspectives on parent child dynamics aim to inform clinical strategies and future research targeting parental stress and its cyclical impact on subsequent generations Included in the coverage Parental stress and child temperament How social structure and culture shape parental strain and the well being of parents and children The stress of parenting children with developmental disabilities Consequences and mechanisms of child maltreatment and the implications for parenting How being mothered affects the development of mothering Prenatal maternal stress and psychobiological development during childhood Parenting Stress and Early Child Development is an essential resource for researchers clinicians and related professionals and graduate students in infancy and early childhood development developmental psychology pediatrics family studies and developmental neuroscience

**Human Rights in Child Protection** Asgeir Falch-Eriksen, 2005-01-01 This open access book critically explores what child protection policy and professional practice would mean if practice was grounded in human rights standards This book inspires a new direction in child protection research one that critically assesses child protection policy and professional practice with regard to human rights in general and the rights of the child in particular Each chapter author seeks to approach the rights of the child from their own academic field of interest and through a comparative lens making the research relevant across nation state practices The book is split into five parts to focus on the most important aspects of child protection The first part explains the origins aim and scope of the book the second part explores aspects of professionalism and organization through law and policy and the third part discusses several key issues in child protection and professional practice in depth The fourth part discusses selected areas of importance to child protection practices low impact in house measures public care in residential care and foster care respectively and the fifth part provides an analytical summary of the book Overall it contributes to the present need for a more comprehensive academic debate regarding the rights of the child and the supranational perspective this brings to child protection policy and practice across and within nation states A

History of Child Protection in America John E. B. Myers, 2004 A History of Child Protection in America is the first comprehensive history of American efforts to protect children from abuse and neglect The book begins in colonial times and chronicles child protection into the twenty first century Among the important nineteenth century events detailed in these pages are the rise of orphanages for dependent children the orphan trains operated by the New York Children s Aid Society the birth of the juvenile court the reforms of the Children s Progressive Era and the dramatic rescue of Mary Ellen Wilson

which led to the creation of the world's first organization devoted entirely to child protection the New York Society for the Prevention of Cruelty to Children Twentieth century milestones include the gradual transition from private child protection societies to government operated child protection the obscurity of child abuse from the 1920s to the 1960s the discovery of child abuse in 1962 and the creation of the child protection system we know today

**Effective Child Protection** Eileen Munro, 2008-05-19 Effective Child Protection is a significant contribution to child welfare practice and policy Munro offers a pathway to achieving better outcomes for children and families who are recipients of child protection services Children and Youth Services Review Praise for the First Edition The book makes the fully justified claim that it will be essential reading for professionals undergoing qualifying and post qualifying training It is to be hoped that it will enjoy an even wider readership Child Abuse Review This new edition is essential reading for anyone concerned with improving child protection practice Building on the strengths of the first edition it provides a deeper understanding of how practice judgements and decisions can be improved in child protection work Updates include an account of how intuition emotion and analytic thinking are combined in practice an analysis of how the nature of the task determines what combination is needed an updated chapter on how we can detect errors new material on how organisations can promote good reasoning skills a simpler way to understand risk assessment instruments Illustrated with detailed case studies throughout it will be invaluable reading for students researchers and practitioners in all areas of child protection including social work education health and policing Eileen Munro is a Reader in Social Policy at the London School of Economics specialising in child protection Other publications include Child Protection SAGE 2006

*Child Protection* Chris Beckett, 2007-04-18 Praise for the First Edition All readers will be drawn to the style of the book as well as its content The structure will make sure that it is not just a one off being read as part of a course of study but a book which is used frequently as a source of reference Child Abuse Review The Second Edition of this best selling textbook provides students and practitioners with a broad introduction to and critical analysis of the complex issues involved in child protection work Beckett unpacks these complexities in a clear and engaging way all the time encouraging reflection and debate through such features as case examples and interactive exercises The book is fully comprehensive considering key topics such as the consequences for children of abuse and neglect the reasons why some adults abuse and neglect children the personal challenges involved in doing child protection work and the organizational framework within which child protection work takes place Other key features of this thoroughly revised Second Edition include Fully updated content the book has been revised to incorporate new literature research legal and policy developments including the recent Working Together guidelines Two new chapters these comprise a chapter on domestic violence in families and a chapter on bringing about change Interprofessional appeal the author addresses all the professionals involved in child protection work ensuring relevance across a range of disciplines and professions The new edition of this highly successful textbook will be required reading for students studying social work and allied subjects and an

essential resource for all professionals involved in child protection work Chris Beckett is based at the Division of Social Work and Social Policy Anglia Ruskin University He is the author of three best selling SAGE textbooks Human Growth and Development Values and Ethics in Social Work with Andrew Maynard Essential Theory for Social Work Practice     **Child Maltreatment in the United Kingdom** Pat Cawson,2000 This study explores the childhood experience of a national sample of 2869 18 24 year olds in the UK including their experience of abuse and neglect It reviews such issues as the defining and measuring of maltreatment It gives prevalence figures for physical and sexual abuse emotional maltreatment absence of physical care absence of supervision and bullying by other children The findings carry serious implications for the UK s child protection system
