Parents Of The Passion:

God-Confident Kids Cyndie Claypool de Neve, 2019-10-01 Today's children and teens are growing up more anxious, depressed, and fearful than previous generations. But if we help this generation, often called Gen Z, to discover true God confidence instead of chasing the illusive self confidence, we can empower them to embrace their uniqueness and find their purpose, passion, and peace as they grow into humble, compassionate, and resilient young people. Cyndie Claypool de Neve, an Associate Marriage and Family Therapist, shares her personal journey from feeling anxious and suicidal to learning God confidence. She explains how parents and youth workers can use these principles to encourage this next generation to discover the purpose for which God created them. God-Confident Kids is filled with stories, Scripture, psychological insights, and practical tips to help families move from fear-based parenting to faith-filled parenting, as we claim Ephesians 2:10 for our kids: For we are God's handiwork, created in Christ Jesus to do good works which God prepared in advance for us to do.

From Judgment to Passion Rachel Fulton, Rachel Fulton Brown, 2002 How and why did the images of the crucified Christ and his grieving mother achieve such prominence, inspiring unparalleled religious creativity as well as such imitative extremes as celibacy and self-flagellation? To answer this question, Fulton ranges over developments in liturgical performance, private prayer, doctrine, and art.

The Happy Kid Handbook Katie Hurley, 2015-10-20 With all the parenting information out there and the constant pressure to be the perfect parent, it seems as if many parents have lost track of one very important piece of the parenting puzzle: raising happy kids. Parenting today has gotten far too complicated. It's never been the easiest job in the world, but with all the parenting advice parents are met with at every corner, it's hard not to become bewildered. It seems that in the past, it was a good deal simpler: You made sure there was dinner on the table and the kids got to school on time, and no one set anything on fire, and you called it a success. But today, everybody has a different method for dealing with the madness: attachment parenting, free-range parenting, mindful parenting. And who is to say one is more right or better than another? How do you choose? The truth is that whatever drumbeat you march to, all parents would agree that we just want our kids to be happy. It seems like a no-brainer, right? But in the face of all the many parenting theories out there, happiness feels like it has become incidental. That's where *The Happy Kid Handbook* by child and adolescent psychotherapist and parenting expert Katie Hurley comes in. She shows parents how happiness is the key to raising confident, capable children. It's not about giving in every time your child wants something so they won't feel bad when you say no, or making sure that they're taking that art class and the ballet class and the soccer class to help with their

creativity and their coordination and all that excess energy Happiness is about parenting the individual because not every child is the same and not every child will respond to parenting the same way By exploring the differences among introverts extroverts and everything in between this definitive guide to parenting offers parents the specific strategies they need to meet their child exactly where he or she needs to be met from a social emotional perspective A back to basics guide to parenting The Happy Kid Handbook is a must have for any parent hoping to be the best parent they can be
