## Parfums Le Guide:

**Perfumes: Parfums Le Guide 1994** Luca Turin, 2019-11-22 Turin confirms his right to be classed alongside Proust or Patrick Suskind as a poet of smell Lara Feigel Observer In 1992 Luca Turin wrote the first truly critical guide to perfume Parfums le guide It has been out of print until now This new edition includes both the original French and the first authorized English translation plus a new highly personal foreword by Turin LUCA TURIN wrote the first critical guide to perfume He is a biophysicist popular lecturer and author of several books on science perfume and culture TANIA SANCHEZ is a writer with an interest in perfume aesthetics and culture She is the co author with Luca Turin of Perfumes The A Z Guide and The Little Book of Perfumes *Perfumes* Luca Turin, Tania Sanchez, 2010-08-06 I've long wished perfumery to be taken seriously as an art and for scent critics to be as fierce as opera critics and for the wearers of certain fragrances to be hissed in public while others are cheered This year has brought Perfumes The Guide by Luca Turin and Tania Sanchez which I breathed in rather than read in one delighted gulp Hilary Mantel Guardian Perfumes The Guide is the culmination of Turin's lifelong obsession and rare scientific flair and Sanchez's stylish and devoted blogging about every scent that she's ever loved and loathed Together they make a fine and utterly persuasive argument for the unrecognised craft of perfume making Perfume writing has certainly never been this honest compelling or downright entertaining The Little Book of Perfumes Luca Turin, Tania Sanchez, 2011 In Perfumes Luca Turin and Tania Sanchez reviewed nearly 1 500 fragrances in their witty irreverent and innovative handbook separating the divine from the good from the monumentally awful Here in The Little Book of Perfumes the authors choose their 100 greatest fragrances of all time Some are very famous some hardly known for women and men There is Jicky 1889 unisex coeval of the Eiffel Tower and a towering masterpiece Chanel's No 5 1921 perhaps the world's most famous perfume stretching deliciously like a sleepy panther Knize Ten which everyone should own because there is only one like it and White Linen 1978 a canonical expression of the American ideal of sex appeal This is a perfect gift a perfect browse The Emperor of Scent Chandler Burr, 2003-01-21 For as long as anyone can remember a man named Luca Turin has had an uncanny relationship with smells He has been compared to the hero of Patrick Suskind's novel Perfume but his story is in fact stranger because it is true It concerns how he made use of his powerful gifts to solve one of the last great mysteries of the human body how our noses work Luca Turin can distinguish the components of just about any smell from the world's most refined perfumes to the air in a subway car on the Paris metro A distinguished scientist he once worked in an unrelated field though he made a hobby of collecting fragrances But when as a lark he published a collection of his reviews of the world's perfumes the book hit the small insular business of perfume makers like a thunderclap Who is this man Luca Turin they demanded and how does he know so much The closed community of scent creation opened up to Luca Turin and he discovered a fact that astonished him no one in this world knew how smell worked Billions and billions of dollars were spent creating scents in a manner amounting to glorified trial and error The solution to the mystery of every other human

sense has led to the Nobel Prize if not vast riches Why Luca Turin thought should smell be any different So he gave his life to this great puzzle And in the end incredibly it would seem that he solved it But when enormously powerful interests are threatened and great reputations are at stake Luca Turin learned nothing is quite what it seems Acclaimed writer Chandler Burr has spent four years chronicling Luca Turin's quest to unravel the mystery of how our sense of smell works What has emerged is an enthralling magical book that changes the way we think about that area between our mouth and our eyes and its profound secret hold on our lives

**Essence and Alchemy** Mandy Aftel, 2011-04-01 An artisan perfumer reveals a lost art and its mysterious sensual history For centuries people have taken what seems to be an instinctive pleasure in rubbing scents into their skin Perfume has helped them to pray to heal and to make love And as long as there has been perfume there have been perfumers or rather the priests shamans and apothecaries who were their predecessors Yet in many ways perfumery is a lost art its creative and sensual possibilities eclipsed by the synthetic ingredients of which contemporary perfumes are composed which have none of the subtlety and complexity of essences derived from natural substances nor their lush histories Essence and Alchemy resurrects the social and metaphysical legacy that is entwined with the evolution of perfumery from the dramas of the spice trade to the quests of the alchemists to whom today's perfumers owe a philosophical as well as a practical debt Mandy Aftel tracks scent through the boudoir and the bath and into the sanctums of worship offering insights on the relationship of scent to sex solitude and the soul Along the way she imparts instruction in the art of perfume compositions complete with recipes guiding the reader in a process of transformation of materials that continues to follow the alchemical dictum solve et coagula dissolve and combine and is itself aesthetically and spiritually transforming

**The Ghost Perfumer** Gabe Oppenheim, 2021-12-23 This is the story of a

genius and a fraud For more than half a century Olivier Creed heir to a French fashion empire but out to conquer an adjacent field by himself created the most compelling and costly perfumes in the world scents so successful artistically and commercially that the world's largest asset manager bought his small olfactory enterprise for nearly 1 billion in 2020 One could arguably have called him the world's most capable perfumer Except Olivier Creed never authored the scents for which he has long received acclaim and lucre Gabe Oppenheim reveals the heretofore untold story behind this supposed cologne colossus of a man and the eponymous company that became a social media sensation That scents were authored by someone else entirely a brilliant ghostwriter a hidden scholarly figure with a great passion for Proust and an unfortunate tendency to doubt the quality of his own compositions How these two figures met and the arrangement was struck how they circled each other warily for the next 40 years how lies told often enough became truths Gabe Oppenheim examines as he journeys into the heart of an industry mystifying and fanciful enormous and intimate sensuous and yet so damn insubstantial It's an expedition that takes him to a Creed shop in Dubai and the castle in Normandy where the Ghost resides having left behind a Parisian world that in some sense never acknowledged him And yet he's a legend in a certain section of the scented demimonde for a few achievements so innovative he wouldn't yield them even to a charismatic manipulator Oppenheim explores issues of attribution and artistry credit and craftsmanship ingenuity and disingenuousness The Ghost Perfumer is the story of a genius and a fraud And perhaps the greatest con in the history of luxury retail
