 new type of personality the confirmed self aware revolutionary Maximilien Robespierre originated the role and embodied its
 ideological essence and extremes the self that he projected to the people was equated with the ideals for which he strove In
 creating this intellectual biography of so enigmatic a figure David Jordan has stressed the words of the man about himself
 With great imagination and insight Jordan places Robespierre s self conceptualization within the context of events and

 I and the collapse of the Munich Council Republic by one of the most perceptive chroniclers of German history Victor
 Klemperer provides a moving and thrilling account of what turned out to be a decisive turning point in the fate of a nation for
 the revolution of 1918 9 not only produced the first German democracy it also heralded the horrors to come With the
 directness of an educated and independent young man Klemperer turned his hand to political journalism writing astute
 clever and linguistically brilliant reports in the beleaguered Munich of 1919 He sketched intimate portraits of the people of
 the hour including Erich M hsam Max Levien and Kurt Eisner and took the measure of the events around him with a keen eye
 These observations are made ever more poignant by the inclusion of passages from his later memoirs In the midst of
 increasing persecution under the Nazis he reflected on the fateful year 1919 the growing threat of antisemitism and the
 acquaintances he made in the period some of whom would later abandon him while others remained loyal Klemperer s
 account once again reveals him to be a fearless and deeply humane recorder of German history Munich 1919 will be essential
