Francis, 2015 It was her love of music especially Stravinsky's music that drew them together This book tells the story of the ever changing nature of Boulanger and Stravinsky's relationship from Boulanger's perspective tracing their interactions from 1931 to 1971 Throughout it asks how Boulanger's professional activity during the turbulent twentieth century intersected with her efforts on behalf of Stravinsky and how this facilitated her own influential conversations with the composer about his works while also drawing her into close contact with his family *A Dash of Daring* Penelope Rowlands, 2005 The definitive biography of Carmel Snow one of the most extraordinary women of the twentieth century whose stewardship of Harper's Bazaar helped to redefine fashion journalism **Encyclopedia of the New York School Poets** Terence Diggory, 2009 An A to Z reference to writers of the New York School including John Ashbery who is often considered America's greatest living poet Examines significant movements in literary history and its development through the years *American Artists in Postwar Rome* Peter Benson Miller, 2025-01-09 Drawing on unpublished archival sources this book reconstitutes the experiences of a wide range of American artists critics and writers working in Rome in a charged environment of Cold War cosmopolitanism After the Second World War American artists flocked to Rome in record numbers even as the United States shored up Italy as a bulwark against the spread of Communism While the market for modern art in Rome was less vigorous as those in Paris and New York numerous galleries artist run spaces and other institutions acted as important catalysts making Rome an international artistic hub The city attracted now

canonical figures Lee Bontecou Philip Guston Robert Rauschenberg Paul Thek and Cy Twombly along with less well known artists such as Eugene Berman Gene Charlton Carlyle Brown Peter Chinni William Congdon Claire Falkenstein Marcia Hafif John Heliker James Leong Beverly Pepper and Laura Ziegler among many others Rather than focusing on institutions and diplomatic relationships the book centres the experience of artists and also addresses Rome's gay subculture and the role of female artists during the period eschewing traditional narratives of the male cultural ambassador Through case study based investigation Peter Benson Miller explores the reciprocal relationships between American modernist artists and Italian artists in postwar Rome and reveals how these artists perceived Rome as less constrained by the demands of a national school and as an alternative to New York This congenial creative atmosphere yielded new pictorial forms developed in tandem with or absorbed from like minded Italian artists engaging the city and its multiple layers of history from antiquity to the profound trauma inflicted by the recent conflict The book also establishes the entangled social networks galleries exhibitions and institutions sustaining their work and providing entrance into local artistic circles Focusing on a series of specific exchanges this study contributes to our understanding American modernism in an international context

The Great Powers and Poland Jan Karski, 2014-01-16 This definitive study provides a comprehensive diplomatic history of Poland during the most seminal period in its existence when its destiny lay in the hands of France Great Britain and the United States Although sovereign in principle Poland was little

more than an object of the Great Powers politics and rapidly changing relationships from the end of WWI to the end of WWII Enriched by unique anecdotes and archival material the book ends with Poland's tragic abandonment by the West into the hands of the Soviet Union **Routledge Revivals: Homosexuality: A Research Guide (1987)** Wayne R.

Dynes, 2017-02-17 First published in 1987 this book encompasses a broad range interdisciplinary research into homosexuality displaying a full spectrum of points of view and given that the major traditions of modern homosexual research began in Europe is not restricted to works in English In general topics that are densely covered in the literature are presented in this guide selectively with some less studied topics such as Economics and Music fleshed out with signposts to more comprehensive research It seeks to not only mirror existing publications but also to stimulate new work by pinpointing neglected themes and methods This book will be of interest to students of sociology **Encyclopedia of Lesbian and Gay Histories and Cultures** Bonnie Zimmerman, George Haggerty, 2021-06-13 A rich heritage that needs to be documented Beginning in 1869 when the study of homosexuality can be said to have begun with the establishment of sexology this encyclopedia offers accounts of the most important international developments in an area that now occupies a critical place in many fields of academic endeavors It covers a long history and a dynamic and ever changing present while opening up the academic profession to new scholarship and new ways of thinking A groundbreaking new approach While gays and lesbians have shared many aspects of life their histories and cultures developed in profoundly different ways To reflect this crucial fact the encyclopedia has been prepared in two separate volumes assuring that both histories receive full unbiased attention and that a broad range of human experience is covered Written for and by a wide range of people Intended as a reference for students and scholars in all fields as well as for the general public the encyclopedia is written in user friendly language At the same time it maintains a high level of scholarship that incorporates both passion and objectivity It is written by some of the most famous names in the field as well as new scholars whose research continues to advance gender studies into the future
