**Real / Ideal** Karen Hellman, 2016-08-30 In the years following the announcement of the invention of photography in 1839 practitioners in France gave shape to this intriguing new medium through experimental printing techniques and innovative compositions The rich body of work they

developed proved foundational to the establishment of early photography from the introduction of the paper negative in the late 1840s to the proliferation of more standardized equipment and photomechanical technology in the 1860s The essays in this elegant volume investigate the early history of the medium when the ambiguities inherent in the photograph were ardently debated Focusing on the French photographers who worked with paper negatives especially the key figures douard Baldus Gustave Le Gray Henri Le Secq and Charles N gre Real Ideal explores photography s status as either fine art or industrial product or both its repertoire of subject matter its ideological functions and even the ever experimental photographic process itself

**Murder in the Métro** Gayle K. Brunelle, Annette Finley-Croswhite, 2010-05 On the evening of May 16 1937 the train doors opened at the Porte Dor e station in the Paris M tro to reveal a dying woman slumped by a window an eight inch stiletto buried to its hilt in her neck No one witnessed the crime and the killer left behind little forensic evidence This first ever murder in the Paris M tro dominated the headlines for weeks during the summer of 1937 as journalists and the police slowly uncovered the shocking truth about the victim a twenty nine year old Italian immigrant the beautiful and elusive Laetitia Toureaux Toureaux toiled each day in a factory but spent her nights working as a spy in the seamy Parisian underworld Just as the dangerous spy Mata Hari fascinated Parisians of an earlier generation the mystery of Toureaux s murder held the French public spellbound in pre war Paris as the police tried and failed to identify her assassin In *Murder in the M tro* Gayle K Brunelle and Annette Finley Croswhite unravel Toureaux s complicated and mysterious life assessing her complex identity within the larger political context of the time They follow the trail of Toureaux s murder investigation to the Comit Secret d Action R volutionnaire a secret right wing political organization popularly known as the Cagoule or hooded ones Obsessed with the Communist threat they perceived in the growing power of labor unions and the French left wing the Cagoule s leaders aimed to overthrow France s Third Republic and install an authoritarian regime allied with Italy With Mussolini as their ally and Italian fascism as their model they did not shrink from committing violent crimes and fomenting terror to accomplish their goal In 1936 Toureaux at the behest of the French police infiltrated this dangerous group of terrorists and seduced one of its leaders Gabriel Jeantet to gain more information This operation the authors show eventually cost Toureaux her life The tale of Laetitia Toureaux epitomizes the turbulence of 1930s France as the country prepared for a war most people dreaded but assumed would come This period therefore generated great anxiety but also offered new opportunities and risks to Toureaux as she embraced the identity of a modern woman The authors unravel her murder as they detail her story and that of the Cagoule within the popular culture and conflicted politics of 1930s France By examining documents related to Toureaux s murder documents the French government has sealed from public view until 2038 Brunelle and Finley Croswhite link Toureaux s death not only to the Cagoule but also to the Italian secret service for whom she acted as an informant Their research provides likely answers to the question of the identity of Toureaux s murderer and offers a fascinating look at the dark and dangerous streets of pre World War II Paris

National Approaches to the Governance of Historical Heritage Over Time Stefan Fisch,2008 The five elements governmental authorities public discourse corporate and market interests citizens associations and international agencies may help in figuring out the complex and challenging purpose of the research work presented in this volume which is nothing less than the history of the governance of cultural and natural heritage in eleven countries from its outset to the present Speaking about governance is challenging The term has been vastly used and misused But today when the feverish popularity of the concept is probably in decline we rest with one solid conviction at least that social economic cultural and institutional processes are governed not only through government be it national or local with its legislative administrative and jurisdictional mechanisms but through a larger array of different actors and factors These include schools and universities citizens associations public opinion economic corporations non governmental organizations learned societies unions media international agencies clubs consultants etc In fact the reader is going to meet quite a few of these actors in this publication they are the unavoidable characters involved in the story the authors have set out to tell

*Nadar: Collection Michel Et Michèle Auer* Maria Morris Hambourg,Françoise Heilbrun,Philippe Néagu,1995 Nadar whose real name was Felix Tournachon 1820 1910 was a conspicuous even astonishing presence in nineteenth century France Engaging and quick witted he invented himself over and over as a bohemian writer a journalist a romantic utopian a caricaturist a portrait photographer a balloonist an entrepreneur a prophet of aeronautics The name Nadar was on everyone s lips Today it is Nadar s photography that is remembered His sitters who were often his friends included the great men and women of his time Dumas Rossini Baudelaire Sarah Bernhardt Daumier Berlioz George Sand Delacroix Nadar s legendary name has been attached not only to his original photographs but to reprints copies and a great deal of studio work For that reason this volume exactly reproduces some one hundred photographs from the years 1854 60 the period of his earliest and finest photography allowing viewers to become familiar with the subtle light and

balanced velvety tones that distinguish Nadar's original work. Accompanying the photographs are essays that shed new light on the many facets of Nadar. **Beirut on the Bayou** Raif Shwayri, 2016-02-16 Raif Shwayri begins his family's story with his grandfather Habib Shwayri's arrival at Ellis Island in 1902. Having left Beirut then a harbor city on the Syrian coast of the Ottoman Empire only weeks before he took the name Alfred Nicola and made his way to relatives in New Orleans. There he began peddling down the Bayou Lafourche, befriending the communities living alongside the water and earning the nickname Sweet Papa for his kindness and generosity. When he returned home to Lebanon in 1920 he invested the money he had made from years of peddling in real estate and died a wealthy man in 1956. After his death his youngest son Nadim Raif's father turned his part of the inheritance into an endowment that started Al Kafa, an iconic and unique institution in Lebanon that serves the handicapped and underprivileged. Alfred Nicola's story like the story of Lebanon itself begins farther back in history. In its account of centuries of Ottoman rule, decades of colonial occupation and years of internal political strife and civil war, *Beirut on the Bayou* intertwines a family narrative with the story of a people of Lebanon in the making. From the Fertile Crescent that was Syria to the Crescent City that is New Orleans, the saga of the Shwayri family reflects the experiences of those Lebanese who walked the path of immigration to the United States as well as those who stayed behind or returned to help forge a nation. **Naturalisme et excès visuels** Catherine Dousteysier-Khoze, Edward

Welch, 2008-12-18 Dans le sillage des travaux incontournables de David Baguley sur Zola et le Naturalisme, le recueil intitulé *Naturalisme et excès visuels* pantomime, parodie, image fixe, M. Langes en l'honneur de David Baguley cherche à clarifier l'esthétique naturaliste d'une lumière nouvelle, travers le concept d'excès. Un excès naturaliste qui devient synonyme tout tour ou simultanément de théâtralisation, de surcodage, de débordement des cadres, de gérances et de littéraires, l'intérieur comme l'extérieur du mouvement littéraire naturaliste, il s'agit de mettre en évidence certaines énergies naturalistes, travers quatre grandes pistes ou articulations qui n'ont que peu abordées ensemble par la recherche, celles de pantomime, de parodie, d'image et de fixe. Chacune de ces facettes va sans faute permettre d'affirmer ou de réaffirmer la prédominance de l'excès du corporel, du visuel inscrits au cœur d'une esthétique naturaliste foncièrement moderne. **French Foreign Legion 1831-71** Martin

Windrow, 2016-12-15 Concluding his bestselling series on the French Foreign Legion, Martin Windrow explores the formation and development of the Legion during its first generation. Raised in 1831, the Legion's formative years would see it fight continuous and savage campaigns in Algeria, aid the Spanish government in the Carlist War, join the British in the Crimean campaign and fight alongside the Swiss in the bloody battles of Magenta and Solferino. With the ever-changing combat environments they found themselves in, the Legion had to constantly adapt in order to survive. Taking advantage of the latest research, this lavishly illustrated study explores the evolution of the uniforms and kit of the French Foreign Legion from their early campaigns in Algeria through to their iconic Battle of Camerone in Mexico and their role in the Franco-Prussian war.

**Regards sur la libération de Paris**, 2004 **Fortnightly Information Leaflet** American Chamber of Commerce in

France,1922      Dutch Culture Overseas Frances Gouda,2008 European colonial expansion led to Dutch notions of civilised society or the Dutch s community s flexible and relatively charitable attitudes toward others being scattered as in the Greek word diaspeirein to the four corners of the earth In some cases the exportation of Dutch cultural values to places overseas like North America endowed Dutchness with subtle new meanings But in colonial Indonesia Dutch political customs and traditions were transformed in the process of migrating to exotic locales In this book Frances Gouda examines the ways in which the Netherlands portrayed its unique colonial style to the outside world Why were citizens of a small and politically insignificant European nation able to represent as natural and normal their dominance over ancient civilizations on islands such as Java and Bali How did Dutch colonial residents explain the cultural differences between themselves and the supposedly primitive peoples of the Indonesian archipelago In trying to understand the gendering practices of colonial governance in the Netherlands East Indies Gouda also explores the interactions of Dutch and Indonesian women with European men FRANCES GOUDA earned a Ph D in history from the University of Washington in Seattle in 1980 She is currently professor of history and gender studies in the Political Science Department of the University of Amsterdam
