Parish Perspective:

Perseverance in the Parish? Darren W. Davis, 2017-09-14 This book examines the religious attitudes of African American Catholics and their relationships to the church What is a Parish? Thomas A. Baima, Lawrence Hennessey, 2011

From the Parish for the Life of the Word Stephen P Bouman, 2000-01-01 This is a book about the parish written from the heart of parish life Its heart is an edited collection of Lutheran Forum articles with other published work and new material adding dimension to some of the themes explored in these pages This collection provides diverse soundings of parish life in the Gospel and suggests a Lutheran theology of the parish but one that is accessible and relevant across the ecumenical diversity of the One Body of Christ For pastors and lay readers this book seeks to support the ministry of congregations as well as inspiring and provoking dialogue in local parishes **Rebuilt** Michael White, Tom Corcoran, 2012-02-28 Drawing on the wisdom gleaned from thriving mega churches and innovative business leaders while anchoring their vision in the Eucharistic center of Catholic faith Fr Michael White and lay associate Tom Corcoran present the compelling and inspiring story to how they brought their parish back to life Rebuilt Awakening the Faithful Reaching the Lost and Making Church Matter is a story of stopping everything and changing focus When their parish reached a breaking point White and Corcoran asked themselves how they could make the Church matter to Catholics and they realized the answer was at the heart of the Gospel Their faithful response not only tripled their weekend mass attendance but also yielded increased giving flourishing ministries and a vibrant solidly Catholic spiritual revival White and Corcoran invite all Catholic leaders to share the vision borrow their strategies and rebuild their own parishes They offer a wealth of guidance for anyone with the courage to hear them **The Modern Pilgrim** Paul Post, Paulus Gijbertus Johannes Post, Jos Pieper, Marinus van Uden, 1998 This book is the product of a relatively long history of pilgrimage research in a Dutch theological setting It is intended as a report for an international audience on this long running programme Two lines are followed in the book The first is the track of liturgical studies in which an historical European ethnological and anthropological approach has predominated The second is a social science track with specific content coming from psychology of religion The combination of these two lines has been extremely fruitful In addition to results of various surveys of contemporary pilgrimage practice and the expansion of research into ritual and cultural context in which modern pilgrims find themselves special attention is also bestowed on historiographic issues involved in orienting pilgrimage research and its theoretical and methodological aspects The places of pilgrimage examined here are Wittem Dokkum and Amsterdam in The Netherlands Banneux in Belgium Lourdes and La Salette in France and Santiago de Compostela in Spain The central question which informs the whole study is to what extent one can perhaps speak of a new type of pilgrim today the modern pilgrim **The Catholic Parish** Robert J. Hater, 2004 The Catholic Parish is a book intended for those interested in making their parish a more faith filled community To help them accomplish this goal it blends real life stories pastoral experiences church directives theological conclusions

managerial perspectives and pastoral suggestions into a holistic approach that addresses the complex challenges facing parishes Robert Hater provides a roadmap that will guide parishes through an examination and renewal of pastoral ministry relevant to today's world BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved

The Responsibilities and Significance of the Congregatio Pro Clericis in the Life and Ministry of the Diocesan Clergy Christian Onyems Okwuru, 2012-08-24 Of the many problems which excite general concern in the Catholic Church today are issues regarding the ministerial priesthood Lack of collegiality with

the authority structure of the Church and other circumstances have contributed to the frustration of many priests Of this unfortunate state of affairs this study carried out in the light of the apostolic constitution Pastor Bonus of John Paul II aims to address some of those pertinent matters confronting priests in their day to day living Its many features include the sanctification and ongoing formation of clerics clerical rights and obligations the equitable distribution of the clergy in the world and priestly sustenance It also examines the pastoral leadership of parish priests in their sacramental role as pater familias in the community of faith and the challenges confronting pastoral ministry in todays parishes

Making Disciples in a World Parish Paul W. Chilcote, 2011-04 Description In this collection of inspirational and challenging essays Methodists from around the globe reflect on the practice of disciple making in their own contexts From their own perspectives they address questions like What are the challenges you face What biblical images shape your missional practice What examples of Christian authenticity inspire your communities What gifts related to mission and evangelism do you offer the global community of faith Churches on every continent have their own stories of struggle and faithfulness Indeed each distinct community within any given region has a voice of its own that deserves to be heard The voices included in this volume belong to women and men alike Likewise they resound with the accents of Africa and Asia Latin and North America Europe and Oceania Each voice is distinct but all articulate a vision of faith made effective through love In a world characterized variously by poverty and violence as well as prosperity and peace the church must reclaim its central mission to make disciples of Jesus Christ In their effort to articulate a vision of mission and evangelism the contributors to this volume bear witness to the fact that we can no longer do this work in isolation from one another To be the ambassadors of the gospel we need each other and we need to pay attention to the voices that sound different from our own This volume takes a large step in that vital direction Endorsements This is a first rate collection of essays that takes the debate about discipleship to a whole new level It is indispensable reading for all who are interested in the survival and flourishing of Christianity in an increasingly hostile world Both scholars and church leaders should read mark learn and inwardly digest its riches without delay William J Abraham Perkins School of Theology Southern Methodist University Inspiration and hope emerge as one reads Paul Chilcote s new collection of essays Images stories ideas and perspectives regarding the global context and reality of evangelism spring from the voices of the writers Insights about evangelism described in multifaceted realities propel one to read the next sentence and paragraph with the expectation of finding yet another perspective shifting angle of view Karen Greenwaldt General Secretary General Board of Discipleship The United Methodist Church About the Contributor s Paul W Chilcote is Professor of Historical Theology Wesleyan Studies and Director of the Center for Applied Wesleyan Studies at Ashland Theological Society in Ohio

[Return to the Parish](#) David Horn, Jason R. McConnell, 2022-11-04 Return to the Parish The Pastor in the Public Square is a pastoral theology that challenges pastors to view their local community rather than their congregation as their primary sphere of ministry Too many churches have become insular by hoarding their resources

including their pastors and trying to sustain their own survival instead of seeking the peace and prosperity of their town or city By breathing new life into an old idea of parish this book casts a vision for pastors and churches to actively engage their community with the gospel rather than simply perpetuate more programs inside the church It offers a new paradigm for pastoral ministry where pastors model and mobilize their churches to make disciples of Jesus Christ in the public square through community involvement and cultural engagement The book chronicles seven young pastors from diverse ministry contexts as they seek to become new parish pastors who lead their congregations into engaging various sectors of the public square business and workplace science and technology healthcare politics education the arts and multiethnic settings

Psychological Perspectives on Christian Ministry Leslie J. Francis, Susan H. Jones, 1996 *Postsecular Cities* Justin Beaumont, Christopher Baker, 2011-06-16 This book reflects the wide spread belief that the twenty first century is evolving in a significantly different way to the twentieth which witnessed the advance of human rationality and technological progress including urbanisation and called into question the public and cultural significance of religion In this century by contrast religion faith communities and spiritual values have returned to the centre of public life especially public policy governance and social identity Rapidly diversifying urban locations are the best places to witness the emergence of new spaces in which religions and spiritual traditions are creating both new alliances but also bifurcations with secular sectors *Postsecular Cities* examines how the built environment reflects these trends Recognizing that the turn to the postsecular is a contested and multifaceted trend the authors offer a vigorous open but structured dialogue between theory and practice but even more excitingly between the disciplines of human geography and theology Both disciplines reflect on this powerful but enigmatic force shaping our urban humanity This unique volume offers the first insight into these interdisciplinary and challenging debates Neighbourhood planning Nick Gallent, Steve Robinson, 2013 This book mixes conceptual rigour with accessible case study analysis and aims to expose the operation of community led planning activities and frame them in a discussion of the effectiveness of collaborative planning processes
