Parlare Della Trinita Lettura Della Theologia Scholarium Di Abelardo

S Marginson

Parlare Della Trinita Lettura Della Theologia Scholarium Di Abelardo:

The Trinitarian Theology of St Thomas Aquinas Gilles Emery OP, 2007-02-16 A historical and systematic introduction to what the medieval philosopher and theologian Thomas Aquinas 1225-74 said about faith in the Trinity Gilles Emery OP provides an explanation of the main questions in Thomas's treatise on the Trinity in his major work the *Summa Theologiae*. His presentation clarifies the key ideas through which Thomas accounts for the nature of Trinitarian monotheism. Emery focuses on the personal relations of the Father, Son, and Holy Spirit both in their eternal communion and in their creative and saving action. By highlighting the thought of one of the greatest defenders of the doctrine of the Trinity, he enables people to grasp the classical Christian understanding of God.

The Logical Grammar of Abelard R. Pinzani, 2013-03-09 This book focuses on Abelard's logical grammatical analysis of natural language. Tools of modern categorial grammar are employed to clarify many of the problems raised by historiography. The book's ample analysis of grammatical sources and critical literature allows one to evaluate the progress which is at the basis of the forthcoming terministic logic. The book is aimed at scholars of medieval philosophy and historians of logic and linguistics.

I sermoni di Abelardo per le monache del Paracleto Paola De Santis, 2002

Dictionary of Theologians Jonathan Hill, 2010-03-25 An exhaustive guide to every significant Christian theologian who lived from the first century to 1308, the year in which John Duns Scotus died. The dictionary encompasses the Catholic, Orthodox, Nestorian, and Monophysite traditions, including information not previously available in English. Thoroughly indexed, the dictionary incorporates common variants of names and concepts which will help and direct the reader. The main criterion for inclusion has been contribution to the development of Christian theology. Subcriteria by which that is measured include above all originality and influence on later figures. With over 290 entries, the dictionary provides a handy summary of theologians' lives and writings together with recent scholarship as well as an up-to-date definitive bibliography listing primary texts, translations, and secondary literature in the major western European languages. Useful for all levels of academia, no other text matches the depth of the dictionary's bibliographies. The unprecedented thoroughness of Hill's compilation provides an essential resource for studies at all levels on such a large and varied range of Church thinkers.

Rethinking Abelard Babette S. Hellemans, 2014-04-03 Peter Abelard 1079-1142 is one of the most diversely gifted people of the Middle Ages. His letter writing, poetry, theology, logic, and ethics deal with almost every aspect of the trivium. This volume surveys his career to show how his extraordinary versatility enchanted and distressed his public. A selection of international specialists addresses the various aspects of Abelard's literary persona. The topics range from Abelard's personal history to his monastic thinking. There are essays on the letter collection, his views on love, ethical problems such as intention and suicide, his poetry, and treatises written for Heloise and her nuns of the Paraclete. With its strong emphasis on interdisciplinary research, *Rethinking Abelard* opens up new avenues for future scholarship. Contributors are Michael T. Clanchy, Peter Cramer, Lesley Anne Dyer, Juanita Feros Ruys, William Flynn, Babette Hellemans.
