The Parlement of Bordeaux and the End of the Old Regime, 1771-1790 William Doyle, 1974 *The Notables and the Nation* Vivian R. Gruder, 2007 The ending of absolute monarchy and the beginning of political combat between nobles and commoners make the years 1787 to 1788 the first stage of the French Revolution In this detailed examination Gruder looks at how the French people became engaged in a movement that culminated in demands for the public's role in government

The Old Regime and the Revolution Alexis de Tocqueville, 1856 *Proceedings* Consortium on Revolutionary Europe, 1750-1850, 1990 **British Book News**, 1975 **Women and Medicine in the French Enlightenment** Lindsay Blake Wilson, 1993 In *Women and Medicine in the French Enlightenment* Lindsay Wilson takes a new approach to the social history of medicine by focusing on the key role that women played as both providers and recipients of health care during the Ancien Regime Wilson pays special attention to three medical controversies involving *maladies des femmes* in eighteenth century France the miraculous cures claimed by the Convulsionaries of St Medard the uncertainty over the maximum length of pregnancy and its implications for the legitimacy of heirs and the debate over the medical effectiveness of mesmerism Wilson's analysis of these debates reveals how social and political concerns affected the medical community's efforts to establish an enlightened science of medicine which would in turn legitimize its own authority But because the issues of legitimacy hierarchy and authority raised by the medical causes celebres resonated so deeply throughout French society debate extended far beyond medical circles to an increasingly engaged public Such debate reflected a significant shift in the center of politics from the institutions of court academy and parlement to journals theaters and the streets Wilson's description of these debates provides insight into the forces that were transforming the family the church corporate society and the state on the eve of the Revolution She argues for a re assessment of a period that has been all too easily categorized as an age of triumph either for enlightenment or for repression Her work also offers concrete examples of the ways in which sexual symbolism can be employed to maintain social order or promote change Based on medical treatises medical topographies official reports judicial documents physicians correspondence and memoirs of eighteenth century women *Women and Medicine in the French Enlightenment* is a thoroughly interdisciplinary work that will appeal to anyone with an interest in the social history of medicine women's studies Enlightenment thought and French social history **BOOK JACKET Title** Summary field provided by Blackwell North America Inc All Rights Reserved **Library of Congress Catalogs** Library of Congress, 1976 *Caste, Class and Profession in Old Regime France* David D. Bien, Jay M. Smith, Rafe Blaufarb, 2010-01-01 First published in French in 1974 David D Bien's essay on the nature of nobility in old regime France pivoted around the 1781 S gur regulation that required four generations of nobility for most officers entering the army Once seen as a classic manifestation of the so called aristocratic reaction against commoners the loi S gur in Bien's deft analysis instead emerges as a telling sign of tensions within an increasingly divided nobility While exploding crude myths about class conflict and its

causative role in the Revolution Bien mounts a strong case for viewing eighteenth century social tensions as the product of professional identity as much as social class This study is presented here for the first time in English with a short preface by Rafe Blaufarb and a wide ranging introduction by Jay M Smith that places Bien s work in the wider context of historical thinking over the past half century on the origins of the French Revolution Subject Index of Modern Books Acquired British Library,1971 **Subject Catalog** Library of Congress,1975 **Subject Catalog, 1975** Library of Congress,1975 **Selection of Recent Books Published in Great Britain**1940-Apr. 1941 ,1975 **Host Bibliographic Record for Boundwith Item Barcode 30112004471568 and Others** ,2013 **Current Book Review Citations** ,1981 □□□□□□□□ ,1976 **International Bibliography of Historical Sciences** ,1979 Verzeichnis der exzerpierten zeitschriften 1926 p XXXI XVII **Arts & Humanities Citation Index** ,1981 A multidisciplinary index covering the journal literature of the arts and humanities It fully covers 1 144 of the world s leading arts and humanities journals and it indexes individually selected relevant items from over 6 800 major science and social science journals *Histoire de la France: La longue durée de l'Etat* Robert Descimon,Alain Guéry,Jacques Le Goff,2000 Ce volume constitue la première partie de l ouvrage publié en 1989 aux éditions du Seuil sous le titre L Etat et les pouvoirs dans la série en quatre volumes illustrés intitulé Histoire de la France *Bibliographie internationale des recensions de la littérature savante* ,1980 **L'invention du barreau français, 1660-1830** Hervé Leuwers,2006 En juin 1780 les avocats de Grenoble cessent de fréquenter les audiences Ils ne s y représentent qu une année plus tard Provoqué par l interruption d une plaidoirie et la remise en cause de l indépendance de l ordre la grève trahit la détermination d avocats persuadés de défendre non seulement leurs intérêts mais la cause du barreau français Croisant histoire sociale et professionnelle ce livre retrace le destin d un groupe minime mais divers aux échelles de la ville du ressort judiciaire et de la France entière Il restitue la naissance d une profession que l Etat et les barreaux dotent d un droit commun et analyse le discours et les mythes par lesquels se forgent des représentations historiques et sociales communes Par l examen de l histoire des avocats et de leurs ordres l ouvrage invite à comprendre comment de l Ancien Régime au premier XIXe siècle un ensemble d hommes partageant un titre et des droits sans toujours exercer la même activité se transforme en une profession libérale En s interrogeant sur les modalités d harmonisation des pratiques et des langages dans l espace du pays Hervé Leuwers montre comment dans l histoire des professions la construction nationale d un groupe précède la rupture révolutionnaire et impériale par l histoire du barreau français Il clarifie les corrélations entre unité professionnelle et unité nationale
