

Parliaments And Parliamentarians In Democratic Politics

Andreas Bummel, Jo Leinen

Parliaments And Parliamentarians In Democratic Politics:

Party Discipline and Parliamentary Government Shaun Bowler, David M. Farrell, Richard S. Katz, 1999 Brings together empirical studies of the internal cohesiveness of political party groups in European parliaments and the leadership behavior that leads to disciplined parties in parliament in sections on theories and definitions the Westminster Model established continental European systems newly emerging systems and parliamentary discipline and coalition governments Chapters originated as papers presented at a spring 1995 workshop held in Bordeaux France Annotation copyrighted by Book News Inc Portland OR

A World Parliament Andreas Bummel, Jo Leinen, 2024-08 This book explores the history current relevance and future implementation of the monumental idea of an elected global parliament The second edition brings the book up to date and incorporates extensive revisions and additions

Reforming Parliamentary Democracy F. Leslie Seidle, David Campbell Docherty, 2003 Parliamentary government's continuity is rooted in enduring principles such as citizen representation and accountability to the legislature But parliamentary systems have evolved in response to changes in the societies they govern and in citizens views about democratic practices In this title the authors demonstrate how in their respective countries parliamentary governments have combined stability with the capacity to adapt to such changes They provide analyses of reforms to parliamentary institutions and governance in Canada the United Kingdom Australia New Zealand and South Africa The authors address issues of representation the move to a proportional electoral system in New Zealand the unsuccessful attempt to establish a domestic head of state in Australia and the reform of the British House of Lords and demonstrate that citizens increasingly want legislative institutions to more closely reflect the societies they serve To discuss responsiveness the governance of indigenous communities and their place within the broader society in Canada and New Zealand are examined

Parliament and Democracy in the Twenty-first Century David Beetham, 2006

The Anthropology of Parliaments Emma Crewe, 2021-05-13 The Anthropology of Parliaments offers a fresh comparative approach to analysing parliaments and democratic politics drawing together rare ethnographic work by anthropologists and politics scholars from around the world Crewe's insights deepen our understanding of the complexity of political institutions She reveals how elected politicians navigate relationships by forging alliances and thwarting opponents how parliamentary buildings are constructed as sites of work debate and the nation in miniature and how politicians and officials engage with hierarchies continuity and change This book also proposes how to study parliaments through an anthropological lens while in conversation with other disciplines The dive into ethnographies from across Africa the Americas Asia Europe the Middle East and the Pacific Region demolishes hackneyed geo political categories and culminates in a new comparative theory about the contradictions in everyday political work This important book will be of interest to anyone studying parliaments but especially those in the disciplines of anthropology and sociology politics legal and development studies and international relations

Equality in Politics Julie Ballington, 2008

Parliament and Parliamentarism Pasi Ihalainen, Cornelia

Ilie, Kari Palonen, 2016 Parliamentary theory practices discourses and institutions constitute a distinctively European contribution to modern politics Taking a broad historical perspective this cross disciplinary innovative and rigorous collection locates the essence of parliamentarism in four key aspects deliberation representation responsibility and sovereignty and explores the different ways in which they have been contested reshaped and implemented in a series of representative national and regional case studies As one of the first comparative studies in conceptual history this volume focuses on debates about the nature of parliament and parliamentarism within and across different European countries representative institutions and genres of political discourse , The Politics of Parliamentary Debate Sven-Oliver Proksch, Jonathan B. Slapin, 2015 This book explains how parties and their members of parliament structure parliamentary debate providing novel insights into intra party politics and representation *Comparative Constitutional Design* Tom Ginsburg, 2012-02-27 Assesses what we know and do not know about comparative constitutional design and particular institutional choices concerning executive power and other issues **The Madisonian Turn** Torbjörn Bergman, Kaare Strøm, 2011-06-14 Parliamentary democracy is the most common regime type in the contemporary political world but the quality of governance depends on effective parliamentary oversight and strong political parties Denmark Finland Iceland Norway and Sweden have traditionally been strongholds of parliamentary democracy In recent years however critics have suggested that new challenges such as weakened popular attachment the advent of cartel parties the judicialization of politics and European integration have threatened the institutions of parliamentary democracy in the Nordic region This volume examines these claims and their implications The authors find that the Nordic states have moved away from their previous resemblance to a Westminster model toward a form of parliamentary democracy with more separation of powers features a Madisonian model These features are evident both in vertical power relations e g relations with the European Union and horizontal ones e g increasingly independent courts and central banks Yet these developments are far from uniform and demonstrate that there may be different responses to the political challenges faced by contemporary Western democracies **Global Governance and the Emergence of Global Institutions for the 21st Century** Augusto Lopez-Claros, Arthur L. Dahl, Maja Groff, 2020-01-23 Identifies the major weaknesses in the current United Nations system and proposes fundamental reforms to address each This title is also available as Open Access *Parliament the Mirror of the Nation* Gregory Conti, 2019-04-25 The notion of representative democracy seems unquestionably familiar today but how did the Victorians understand democracy parliamentary representation and diversity **Handbook of Parliamentary Studies** Cyril Benoît, Olivier Rozenberg, 2020-11-27 This comprehensive Handbook takes a multidisciplinary approach to the study of parliaments offering novel insights into the key aspects of legislatures legislative institutions and legislative politics Connecting rich and diverse fields of inquiry it illuminates how the study of parliaments has shaped a wider understanding surrounding politics and society over the past decades Parliamentarism and Democratic Theory Kari Palonen, José María Rosales, 2015 The authors

deal with the place of parliamentary politics in democracy Apparently a truism parliamentarism is in fact a missing research object in democratic theory and a devalued institutional reference in democratic politics Yet the parliamentary culture of politics historically explains the rise and fall of modern democracies From the Contents Part I The Uses of Parliamentarism Parliamentary Emergency Powers A Political Chimera Questions in the House Parliamentary Politics and the Rhetoric of Question Time Cambridge and Oxford Union Societies as Parliamentary Bodies Advanced Liberalism and the Politics of Reform in Victorian Parliamentary Culture The Mandate in the Parliament Varieties of Anti Parliamentarism in Europe Revising the Aggregative Role of Parliaments in a Fragmented World Part II Debating Democratic Theory and Performance The Rhetorical Use of Parliamentarism and the Interwar Crisis of Democracy Democracy and Compromise Why Consensus is not Democratic The Legitimacy Politics of the Theory of Aleatory Democracy The Paradox of Democratic Selection Is Lottery Better than Voting Can Deliberative Mini Publics Help to Improve the Standards of Representative Democracy The Editors Kari Palonen Professor of Political Science and Director of the Centre of Political Thought and Conceptual Change Editor of Redescriptions and Co founder of the History of Political and Social Concepts Group University of Jyväskylä Finland Jose Maria Rosales Associate Professor of Moral and Political Philosophy at the University of Malaga Spain and board member of Concepta International Research School in Conceptual History and Political Thought University of Helsinki Finland

Delegation and Accountability in Parliamentary Democracies Kaare Strøm, Torbjörn Bergman, Wolfgang C.

Müller, 2006-01-19 Comparative Politics is a series for students and teachers of political science that deals with contemporary issues in comparative government and politics The General Editors are Max Kaase Professor of Political Science Vice President and Dean School of Humanities and Social Science International University Bremen Germany and Kenneth Newton Professor of Comparative Politics University of Southampton The series is published in association with the European Consortium for Political Research Today parliamentarism is the most common form of democratic government Yet knowledge of this regime type has been incomplete and often unsystematic Delegation and Accountability in Parliamentary Democracies offers new conceptual clarity on the topic This book argues that representative democracies can be understood as chains of delegation and accountability between citizens and politicians Under parliamentary democracy this chain of delegation is simple but also long and indirect Principal agent theory helps us to understand the perils of democratic delegation which include the problems of adverse selection and moral hazard Citizens in democratic states therefore need institutional mechanisms by which they can control their representatives The most important such control mechanisms are on the one hand political parties and on the other external constraints such as courts central banks referendums and supranational institutions such as those of the European Union Traditionally parliamentary democracies have relied heavily on political parties and presidential systems more on external constraints This new empirical investigation includes all seventeen West European parliamentary democracies These countries are compared in a series of cross national tables and figures and

seventeen country chapters provide a wealth of information on four discrete stages in the delegation process delegation from voters to parliamentary representatives delegation from parliament to the prime minister and cabinet delegation within the cabinet and delegation from cabinet ministers to civil servants Each chapter illustrates how political parties serve as bonding instruments which align incentives and permit citizen control of the policy process This is complemented by a consideration of external constraints The concluding chapters go on to consider how well the problems of delegation and accountability are solved in these countries They show that political systems with cohesive and competitive parties and strong mechanisms of external constraint solve their democratic agency problems better than countries with weaker control mechanisms But in many countries political parties are now weakening and parliamentary systems face new democratic challenges Delegation and Accountability in Parliamentary Democracies provides an unprecedented guide to contemporary European parliamentary democracies As democratic governance is transformed at the dawn of the twenty first century it illustrates the important challenges faced by the parliamentary democracies of Western Europe

Parliamentary Democracy in Crisis Peter H. Russell, Lorne Sossin, 2009-04-04 In November 2008 as the economic decline was being fully realized Canada's newly elected minority government led by Conservative Stephen Harper presented a highly divisive fiscal update in advance of a proposed budget Unable to support the motion the Liberal and New Democratic Parties with the backing of the Bloc Qu b cois formed a coalition in order to seek a no confidence vote and to form a new government In response Conservative cabinet ministers launched a media blitz informing Canadians that the opposition was mounting a coup d tat Ultimately Governor General Micha lle Jean allowed Parliament to be prorogued the coalition fell apart and a budget was accepted by the House in January 2009 However widespread public uncertainty and confusion about the principles of government evident during the crisis revealed a grave lack of understanding about the mechanics and legalities of parliamentary democracy on the part of Canadians With a foreword by former Governor General Adrienne Clarkson Parliamentary Democracy in Crisis brings together journalists political scientists and leading constitutional experts to analyse the crisis and to discuss the nature of Canada's democracy The contributors bring perspectives from both French and English Canada and cover all aspects of the crisis including the prorogation of Parliament the role of the governor general the proposed Liberal NDP coalition the challenges of minority parliaments and the now evident rifts in the culture of Canadian democracy Knowledgeable and comprehensive but still highly accessible Parliamentary Democracy in Crisis provides a reasoned and timely response to Canada's parliamentary crisis of November 2008

Cabinet Ministers and Parliamentary Government Michael Laver, Kenneth A. Shepsle, 1994-09-30 A close examination of the constitutional relationship between legislature and executive in parliamentary regimes

Parliamentary Roles in Modern Legislatures Magnus Blomgren, Olivier Rozenberg, 2015-02-13 This book gathers the most influential authors on role research and legislative studies to examine the different roles that MPs are playing in modern day legislatures It provides a comprehensive and critical overview of current

research on legislative roles summarises previous research presents a large variety of methodological approaches and also explores the latest developing approaches to role theory The concept of political roles has become increasingly relevant for understanding contemporary political systems Parliamentary legislative and representative roles are professional roles that provide a way of connecting the individual legislator to their institution that can also explain a legislator s attitude and behaviour Drawing upon case studies with as much as 40 years of data that include Germany the Netherlands UK Austria Hungary Australia New Zealand and the European Parliament this book examines the link between representative roles different institutional settings and parliamentary behaviour It argues that the roles MPs play depend of who they think they should represent between their voters their party the people of their country and also themselves conflicts of loyalty can occur This book provides a framework to analyse MPs choices by searching both the reasons for their views about representation and the consequences of those views in parliament Parliamentary Roles in Modern Legislatures will be of strong interest to students and scholars of government legislative studies political parties comparative politics political sociology and deliberative democracy

Coalitions in Parliamentary Government L. Dodd, 2015-03-08 For eighty years students of parliamentary democracy have argued that durable cabinets require majority party government Lawrence Dodd challenges this widely held belief and offers in its place a revisionist interpretation based on contemporary game theory He argues for a fundamental alteration in existing conceptions of the relationship between party systems and parliamentary government The author notes that cabinet durability depends on the coalitional status of the party or parties that form the cabinet This status is created by the fractionalization instability and polarization that characterize the parliamentary party system Cabinets of minimum winning status are likely to endure as they depart from minimum winning status their durability should decrease Hypotheses derived from the author s theory are examined against the experience of seventeen Western nations from 1918 to 1974 Making extensive use of quantitative analysis the author compares behavioral patterns in multiparty and majority party parliaments contrasts interwar and postwar parliaments and examines the consistency of key behavioral patterns according to country He concludes that a key to durable government is the minimum winning status of the cabinet which may be attained in multiparty or majority party parliaments Originally published in 1976 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

Parliaments And Parliamentarians In Democratic Politics Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In todays fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Parliaments And Parliamentarians In Democratic Politics PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing

individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Parliaments And Parliamentarians In Democratic Politics PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Parliaments And Parliamentarians In Democratic Politics free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About Parliaments And Parliamentarians In Democratic Politics Books

1. Where can I buy Parliaments And Parliamentarians In Democratic Politics books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores.
