Parsing Through Customs:

Parsing through Customs Alan Dundes, 2003-03-28 In these stimulating essays Alan Dundes presents a history of psychoanalytic studies of folklore while also showing how folklore methodology can be used to clarify and validate psychoanalytic theory Dundes work is unique in its symbolic analysis of the ordinary imagination His data are children s games folktales everyday speech cultural metaphors for power and prestige and rituals associated with childbirth **The Psychoanalytic Study of Society, V. 18** L. Bryce Boyer, Ruth M. Boyer, Stephen M. Sonnenberg, 2018-12-07 Opening with a critical appreciation of Alan Dundes M Carroll and Dundes s own cross cultural study of the cockfight Volume 18 includes chapters on psychoanalysis and Hindu sexual fantasies W Doniger the modern folk tale The Boyfriend s Death M Carroll a gruesome Eskimo bedtime story R Boyer the homosexual implications of Argentinean soccer M Suarez Orozco and the symbolism of a Malaysian religious festival E Fuller **Killing Tradition** Simon J. Bronner, 2008-11-21 Across the country and around the world people avidly engage in the cultural practice of hunting Children are taken on rite of passage hunting trips where relationships are cemented and legacies are passed on from one generation to another Meals are prepared from hunted game often consisting of regionally specific dishes that reflect a community s heritage and character Deer antlers and bear skins are hung on living room walls decorations and relics of a hunter s most impressive kills Only 5 percent of Americans are hunters but that group has a substantial presence in the cultural consciousness Hunting has spurred controversy in recent years inciting protest from animal rights activists and lobbying from anti cruelty demonstrators who denounce the custom But hunters have responded to such criticisms and the resulting legislative censures with a significant argument in their defense the claim that their practices are inextricably connected to a cultural tradition Further they counter that they as representatives of the rural lifestyle pioneer heritage and traditional American values are the ones being victimized Simon J Bronner investigates this debate in Killing Tradition Inside Hunting and Animal Rights Controversies Through extensive research and fieldwork Bronner takes on the many questions raised by this problematic subject Does hunting promote violence toward humans as well as animals Is it an outdated activity unnecessary in modern times Is the heritage of hunting worth preserving Killing Tradition looks at three case studies that are at the heart of today s hunting debate Bronner first examines the allegedly barbaric rituals that take place at deer camps every late November in rural America He then analyzes the annual Labor Day pigeon shoot of Hegins Pennsylvania which brings animal rights protests to a fever pitch Noting that these aren t simply American concerns and that the animal rights movement in America is linked to British animal welfare protests Bronner examines the rancor surrounding the passage of Great Britain s Hunting Act of 2004 the most comprehensive and divisive anti hunting legislation ever enacted The practice of hunting is sure to remain controversial as it continues to be touted and defended by its supporters and condemned and opposed by its detractors With Killing Tradition Bronner reflects on the social psychological and anthropological issues of the debate reevaluating notions of

violence cruelty abuse and tradition as they have been constructed and contested in the twenty first century *Myth and Method* Laurie L. Patton, Wendy Doniger, 1996 In confronting these tension they provide an outline of the most troubling questions in the field and offer a variety of responses to them Psychoanalytic Approaches to Myth Daniel Merkur, 2005 First Published in 2005 Routledge is an imprint of Taylor Francis an informa company **The Bear and His Sons** James M. Taggart, 2010-07-05 All the world over people tell stories to express their deepest feelings about such things as what makes a real man or woman what true love courage or any other virtue is what the proper relationships are between people Often groups of people widely separated by space or time will tell the same basic story but with differences in the details that reveal much about a particular group s worldview This book looks at differences in the telling of several common Hispanic folktales James Taggart contrasts how two men a Spaniard and an Aztec speaking Mexican tell such tales as The Bear s Son He explores how their stories present different ways of being a man in their respective cultures Taggart s analysis contributes to a revision of Freud s theory of gender which was heavily grounded in biological determinism Taggart focuses instead on how fathers reproduce different forms of masculinity in their sons In particular he shows how fathers who care for their infant sons teach them a relational masculinity based on a connected view of human relationships Thus The Bear and His Sons will be important reading not only in anthropology and folklore but also in the growing field of men s studies

Mondays on the Dark Night of the Moon Kirin Narayan, 1997 Oral tales establish relationships between storytellers and their listeners Yet most printed collections of folktales contain only stories stripped of the human contexts in which they are told If storytellers are mentioned at all they are rarely consulted about what meanings they see in their tales In this innovative book Indian American anthropologist Kirin Narayan reproduces twenty one folktales narrated in a mountain dialect by a middle aged Indian village woman Urmila Devi Sood or Urmilaji The tales are set within the larger story of Kirin Narayan s research in the Himalayan foothill region of Kangra and of her growing friendship with Urmilaji Sood In turn Urmilaji Sood supplements her tales with interpretations of the wisdom that she discerns in their plots At a moment when the mass media is flooding through rural India Urmilaji Sood asserts the value of her tales which have been told and retold across generations As she says Television can t teach you these things These tales serve as both moral instruction and as beguiling entertainment The first set of tales focussing on women s domestic rituals lays out guidelines for female devotion and virtue Here are tales of a pious washerwoman who brings the dead to life a female weevil observing fasts for a better rebirth a barren woman who adopts a frog and lights ritual oil lamps and a queen who remains with her husband through twelve arduous years of affliction The women performing these rituals and listening to the accompanying stories are thought to bring good fortune to their marriages and long life to their relatives The second set of tales associated with passing the time around the fire through long winter nights are magical adventure tales Urmilaji Sood tells of a matchmaker who marries a princess off to a lion God splitting a boy claimed by two families into two selves a prince s journey to the land of the demons

and a girl transformed into a bird by her stepmother In an increasingly interconnected world anthropologists authority to depict and theorize about distant people s lives is under fire Kirin Narayan seeks solutions to this crisis in anthropology by locating the exchange of knowledge in a respectful affectionate collaboration Through the medium of oral narratives Urmilaji Sood describes her own life and lives around her and through the medium of ethnography Kirin Narayan shows how broader conclusions emerge from specific spirited interactions Set evocatively amid the changing seasons in a Himalayan foothill village this pathbreaking book draws a moving portrait of an accomplished woman storyteller Mondays on the Dark Night of the Moon offers a window into the joys and sorrows of women s changing lives in rural India and reveals the significance of oral storytelling in nurturing human ties Fifty Key Anthropologists Robert Gordon, Harriet Lyons, Andrew Lyons, 2010-11-15 A survey of the life work ideas and impact of some of the most influential anthropologists from classic thinkers through to figures working now *Campus Traditions* Simon J. Poetics and Politics of Iran's National Epic, the Shāhnāmeh M. Omidshafar, 2011-11-16 This book considers some of the Western interpretations of The Shahnameh Iran's national epic and argues that these interpretations are not only methodologically flawed but are also more revealing of Western concerns and anxieties about Iran than they are about the Shahnameh

Stagolee Shot Billy Cecil Brown, 2009-07-01 Although his story has been told countless times by performers from Ma Rainey Cab Calloway and the Isley Brothers to Ike and Tina Turner James Brown and Taj Mahal no one seems to know who Stagolee really is Stack Lee Stagger Lee He has gone by all these names in the ballad that has kept his exploits before us for over a century Delving into a subculture of St Louis known as Deep Morgan Cecil Brown emerges with the facts behind the legend to unfold the mystery of Stack Lee and the incident that led to murder in 1895 How the legend grew is a story in itself and Brown tracks it through variants of the song Stack Lee from early ragtime versions of the 20s to Mississippi John Hurt's rendition in the 30s to John Lomax's 1940s prison versions to interpretations by Lloyd Price James Brown and Wilson Pickett right up to the hip hop renderings of the 90s Drawing upon the works of James Baldwin Richard Wright and Ralph Ellison Brown describes the powerful influence of a legend bigger than literature one whose transformation reflects changing views of black musical forms and African Americans altered attitudes toward black male identity gender and police brutality This book takes you to the heart of America into the soul and circumstances of a legend that has conveyed a painful and elusive truth about our culture

Remembering Victoria James M. Taggart, 2010-01-01 On October 15 1983 a young mother of six was murdered while walking across her village of Huitzilán de Serdán Mexico with her infant son and one of her daughters This woman Victoria Bonilla was among more than one hundred villagers who perished in violence that broke out soon after the Mexican army chopped down a cornfield that had been planted on an unused cattle pasture by forty Nahuatl villagers In this anthropological account based on years of fieldwork in Huitzilán James M Taggart turns to Victoria's husband Nacho Angel Hernández to try to understand how a community based on respect and cooperation descended into horrific violence and fratricide When the army chopped down the cornfield at Talcuaco the war that broke out resulted in the complete breakdown of the social and moral order of the community At its heart this is a tragic love story chronicling Nacho

s feelings for Victoria spanning their courtship marriage family life and her death Nacho delivered his testimonio to the author in Nahuatl making it one of the few autobiographical love stories told in an Amerindian language and a very rare account of love among the indigenous people of Mesoamerica There is almost nothing in the literature on how a man develops and changes his feelings for his wife over his lifetime This study contributes to the anthropology of emotion by focusing on how the Nahuatl attempt to express love through language and ritual

"Proverbs Speak Louder Than Words" Wolfgang Mieder, 2008 This book presents a composite picture of the richness of proverbs as significant expressions of folk wisdom as is manifest from their appearance in art culture folklore history literature and the mass media The book draws attention to the fact that proverbs as metaphorical signs continue to play an important role in oral and written communication Proverbs as so called monumenta humana are omnipresent in all facets of life and while they are neither sacrosanct nor saccharine they usually offer much common sense or wisdom based on recurrent experiences and observations
