Parthian Shot:

Parthian Shot Loyd Little,1975 *Parthian Shot* David Wishart,2011-11-10 If there is one thing Marcus Corvinus hates more than doing the household accounts it is politics So when he is interrupted in the former to get involved in the latter he is not best pleased His brief is to conduct an unofficial investigation into an attack on the Parthian Prince Phraates a task that taxes his none too diplomatic skills to the utmost The byzantine twists and turns of the case give Corvinus a headache worse than his customary hangover and it takes a violent threat to Perilla before he begins to get a grip on what is involved Along the way he learns a lot about the spice trade and a new way with lampreys *The Parthian Shot* Ian Bradley,2016-06-24 *A Disaster of Our Own Making* Brandon J. Weichert,2024-10-22 This searing account of the conflict between Russia and Ukraine reveals that contrary to popular media narratives Western hawks are culpable in triggering a war that has cost many thousands of innocent Ukrainian lives In 1991 the Cold War ended in a bloodless victory for NATO After 45 years of a grueling nuclear tinged Cold War communism was dead Eastern Europe was free Russia looked to the West for how to build a better freer future for itself and liberal democracy and capitalism reigned supreme But in the ruins of the last war lie the seeds for the next great conflict Floating just beneath the surface of post Cold War international relations was the question of what was to become of NATO with the loss of the Soviet Union as a threat Western leaders believed expansion into the former Soviet states of Eastern Europe was the natural next step But the Russians opposed this For 30 years a succession of Russian leaders from Mikhail Gorbachev to Boris Yeltsin to Vladimir Putin warned the West that NATO's expansion into territories bordering Russia notably into Ukraine would trigger a violent response from Moscow Yet the West did not listen Contrary to the popular narrative in the West *A Disaster of Our Own Making* How the West Lost Ukraine will show readers how Westerners created our current crisis with Russia and why innocent Ukrainians are being made to pay with their lives for the arrogance and ignorance of Western leaders in the post Cold War era Thanks to their hubris the world now teeters on the brink of a potential nuclear world war over the status of Ukraine **The Armies of Ancient Persia** Kaveh Farrokh,2014-02-28 Throughout most of the classical period Persia was one of the great superpowers placing a limit on the expansion of Western powers It was the most formidable rival to the Roman empire for centuries until Persia by then under the Sassanians was overwhelmed by the Islamic conquests in the seventh century AD Yet the armies of ancient Persia have received relatively little detailed attention certainly in comparison to those of Rome This work is the first of three volumes that will form the most comprehensive study of ancient Persian armies available The Sassanians the native Iranian dynasty that ousted their Parthian overlords in AD 226 developed a highly sophisticated army that was able for centuries to hold off all comers They continued the Parthians famous winning combination of swift horse archers with heavily armored cataphract cavalry also making much use of war elephants but Kaveh Farrokh interestingly demonstrates that their oft maligned infantry has been much underestimated The author born in Athens Greece and expert in ancient Persian languages

and military history has been researching the military history and technology of Persia for a quarter of a century He draws on the latest research and new archaeological evidence focusing on the organization equipment and tactics of the armies that dominated the ancient Middle East for so long

The Parthians Uwe Ellerbrock,2021-03-25 This volume provides a comprehensive overview of the history and culture of the Parthian Empire which existed for almost 500 years from 247 BC to 224 AD The Parthians were Rome's great opponents in the east but comparatively little is known about them The Parthians focuses on the rise expansion flowering and decline of the Parthian Empire and covers both the wars with the Romans in the west and the nomads in the east Sources include the small amount from the Empire itself as well as those from outside the Parthian world such as Greek Roman and Chinese documents Ellerbrock also explores the Parthian military social history religions art architecture and numismatics all supported by a great number of images and maps The Parthians is an invaluable resource for those studying the Ancient Near East during the period of the Parthian Empire as well as for more general readers interested in this era

Carrhae 53 BC Nic Fields,2022-08-18 Explores the critical battle of Carrhae a fascinating tale of treachery tactics and topography in which Rome experienced one of its most humiliating defeats The Battle of Carrhae is from a heady moment in Roman history that of the clever carve up of power between the First Triumvirate of Caius Iulius Caesar Cnaeus Pompeius Magnus and Marcus Licinius Crassus the Roman general who had famously put down the Spartacan revolt It is a fascinating tale of treachery tactics and topography in which Rome experienced one of its most humiliating defeats at the hands of the Parthians not far from a trade route town hunkered down on the fringes of the arid wastes of northern Mesopotamia sending shock waves through the Roman power structure In this work classical historian Dr Nic Fields draws out the crucial psychological and political factors including Crassus lust for military glory and popular acclaim that played a key role in this brutal battle Despite being heavily outnumbered the Parthian general Surena's horsemen completely outmanoeuvred Crassus legionaries killing or capturing most of the Roman soldiers The detailed battlescene artworks

reveal the tactics and techniques of the Parthian horse archers and Roman and Parthian equipment and weaponry and the approach to battle is clearly explained in 2d maps and 3D bird's eye views **Getting Out** John Woodcock, 2009-01-27
 Getting Out Excerpts from a Cat's Diary is the first book in a trilogy of at least four books according to the author Translated from the original Cat by John Woodcock It is a humorous diary where Bridget Jones meets The Great Escape head on The escapee is a domestic cat who believes that he is a great diarist and describes in his own words his almost daily escape attempts Over 400 yes four hundred pages of laughter **Mankind** Pamela D. Toler, 2012-10-30 A companion book to the History Channel series The History of Mankind covers the worldwide history of human beings *The Mysterious Plus* William Tarvin, The Mysterious Plus opens with a situation recently in the news the murder of an American embassy official in a North African country The aim of the novel however is broader than an individual act of violence Its murder becomes a symbol of the fanatic inflamed divisions between Muslim Middle East and Judeo Christian West which are fraying the ties that bond humanity The hero of The Mysterious Plus straddles both worlds To save his sister Omar Naaman nineteen betrayed comrades and country during Algeria's fight for independence from colonial rule At the war's end the defeated French grateful for his double dealing service whisked him to France bestowing a new identity Remy Montpellier Years later Remy is coerced by the French DGSE their intelligence service to return incognito to Algeria where as Omar he is still branded as a traitor in fact as the last of the Seven Devils the first six great collaborators having been tracked down and killed by Algerian agents Sent to investigate the gay bashing murder of an American embassy attach who DGSE suspected was trafficking classified documents Remy gradually moves from pursuer to pursued Will he fulfill the true purpose of his returning to Algiers or will his treasonous past overtake him How does the Mysterious Plus control the answers to these two questions and hence the resolution to the novel In his previous book The Saint of Sodomy GLB 1999 William Tarvin who lived in the Middle East for two decades satirized Muslim sexual hypocrisies Though the same barbed wit infuses The Mysterious Plus it is counterpoised by a darker strain that materialistic spiritual differences between West and Middle East threaten to sever the cords bonding humanity Addendum Since the novel incorporates ideas from around one thousand philosophical religious literary social psychological historical and political works Tarvin has provided some commentary and definitions in end of chapter footnotes Fowler's Concise Dictionary of Modern English Usage Jeremy Butterfield, 2016-03-10 Fowler's Concise Dictionary of Modern English Usage is an invaluable reference work that offers the best advice on English usage Known in previous editions as the Pocket Fowler this third edition is a descendant of the original 1926 edition of A Dictionary of Modern English Usage by Henry Fowler Based on the unrivalled evidence and research of the Oxford Languages Programme the new edition answers your most frequently asked questions about language use Should you use a split infinitive or a preposition at the end of a sentence Is it infer or imply Who or whom What are the main differences between British and American English Over 4 000 entries offer clear recommendations on issues of grammar pronunciation spelling

confusable words and written style Real examples are drawn from OUP's vast database of classic and contemporary literary sources newspapers and magazines and the Internet Jeremy Butterfield has judiciously revised the text to reflect the English usage practices and con

Turnabout and Deception Barton Whaley, 2016-07-15 Turnabout and Deception combines two of spymaster Barton Whaley's most potent analyses of the craft Turnabout Crafting the Double Cross and When Deception Fails The Theory of Outs Each examination delves into extensive case studies to establish not only foundational understandings of essential espionage principals but also creates guidance for their practical application on both individual and governmental scales Deception is a basic tactic used by allies and enemies alike but when both protagonist and antagonist ply the same trade it is the master of the double cross who comes out the victor Turnabout and Deception examines how to turn the tables on an opponent and use their own deception against them Through thirty eight case studies this monograph dissects the double cross to reveal the psychological battle of wits at its core No matter how well crafted however there is always a chance that a deception will fail But failure is not the end of a deception and even failed deception operations can yield results Turnabout and Deception pores over sixty more case studies to determine why a deception will fail steps to prevent a failed operation and how to turn that failure into a success

Warrior Horse Breeding Sabine Lorca, AI, 2025-03-29 Warrior Horse Breeding explores the overlooked role of indigenous cultures in strategically breeding horses for military and logistical advantages Challenging conventional narratives the book argues that groups like the Comanches Bedouin and Mongols actively shaped equine genetics to enhance traits like speed and endurance thereby impacting their political and economic power For instance selective breeding allowed some cultures to develop horses uniquely suited for warfare and long distance travel transforming their capabilities The book systematically examines equine genetics the historical impact of selective breeding on warfare and transportation and specific methodologies employed by indigenous cultures By analyzing archaeological findings historical accounts and genetic studies the author demonstrates how specific traits were enhanced through selective breeding Ultimately Warrior Horse Breeding highlights the agency and ingenuity of indigenous peoples in

shaping the animals that played a crucial role in their success filling a gap in existing literature by placing indigenous knowledge at the center of the narrative The book progresses by first introducing equine genetics then moves to specific case studies of indigenous cultures and their breeding practices It then explores the military advantages these horses conferred and concludes with the lasting implications on modern horse breeds and animal science This approach allows for a comprehensive understanding of how indigenous knowledge shaped the evolution of horse breeds and influenced warfare and transportation throughout history

The New Century Dictionary of the English Language Hulbert G. Emery, Katharine G. Brewster, 1927

Cavalry from Hoof to Track Roman Jarymowycz, 2007-12-30 For centuries mounted cavalry dominated the battlefield through shock and mobility Man maintained a symbiotic relationship with the horse which became particularly sacrosanct on the battlefield and even created a new exalted social class These mounted warriors sought to preserve their prestige despite the advent of new technologies threatening to render them obsolete In *Cavalry from Hoof to Track* Roman Jarymowycz traces the evolution of the cavalry from the warhorse to the armored tank and demonstrates how its survival is a history of determined and creative responses to the changing dynamics of modern warfare Ultimately he argues the very concept of cavalry exists as its own state of mind The cavalry and its doctrine are misunderstood and its tactics and operations remain a mystery for many civilians New technology and the increased integration of the armed forces create the illusion that the cavalry no longer exists as a distinct military entity and philosophy Jarymowycz clarifies these misconceptions by offering a comprehensible overview while explaining military terminology and outlining basic cavalry principles The book concludes by suggesting how the cavalry will continue to evolve in response to contemporary third world conflicts perhaps even reverting to its original tactical role of close quarter combat

Artifacts from the Ancient Silk Road William E. Mierse, 2022-12-01 *Artifacts from the Ancient Silk Road* explores the interconnectivity of the Eurasian continent from 4000 BCE to 1000 CE It focuses on the role played by Central Asia through which passed the major trade routes the Silk Roads *Artifacts from the Ancient Silk Road* covers life along the Silk Road over 5000 years as it can be understood by considering objects In this first object based study to consider all of the peoples involved on the Silk Roads objects provide the vehicles for explorations of different aspects of life for the various peoples of the Silk Roads including the sedentary peoples who established urban life on the Silk Roads the steppe nomads who regularly interacted with the settled peoples and the peoples at either end of the Silk Roads who drove certain kinds of economic exchanges The book looks at Central Asia as an international zone during ancient times when multiple religious political and technological ideas found acceptance in the region and allows for a better understanding of how some ideas and forms developed in Central Asia while others passed through or were modified
