## **Parti Pris Des Choses:**

*The Voice of Things* Francis Ponge, 1972      *The Nature of Things* Francis Ponge, 1995 Poetry Translated from the French by Lee Fahnestock First published in 1942 and considered the keystone of Francis Ponge's work *Le parti pris de choses* appears here in its entirety It reveals his preoccupation with nature and its metaphoric transformation through the creative ambiguity of language My immediate reaction to Lee Fahnestock's translation was this must certainly be Ponge's voice in English She gives us his tones rhythms humor and maneuvers his word play with respect and unostentatious discretion Barbara Wright translator of Queneau Pinget Sarraute      **Selected Poems** Francis Ponge, 1994 Through translations by two major contemporary poets and a scholar intimate with the Ponge canon this volume offers selections of mostly earlier poetry *Le parti pris des choses* *Pieces Proemes* and *Nouveau nouveau* recueil as representative of the strongest work of this modern French master Jacket      *Translations from Le Parti Pris Des Choses of Francis Ponge* Francis Ponge, Daphne Marlatt, 1968

**Le parti pris des choses** Francis Ponge, 1979      **Mute Objects of Expression** Francis Ponge, 2008-06-02 Francis Ponge boldly proclaims his poetic goal in *Mute Objects of Expression* To accept the challenge that objects offer to language These objects less chosen than received spontaneously are perceived with inimitable Pongean humor and rendered into glimmering still lifes He gives voice to the often unnoticed aspects of natural objects and beings Shunning familiar poetic modes Ponge forges new visions images drawn from nature from mythology and the classics In this volume springing from the Loire countryside in the early 1940s Ponge's poems recall the violent perfume of the mimosa the cries of carnations and the flirtations of wasps From a small note book his sole supply of paper within the wartime deprivations he composes repeated drafts of an innovative form combining poetry with analysis and impish play Despite the demoralizing clouds of Occupation Ponge wrests a soaring paean to his beloved sliver of Provence      **Soap** Francis Ponge, Lane Dunlop, 1998 In this work begun during the German occupation the eminent French poet and philosopher began to turn away from the small perfect poem toward a much more open form a kind of prose poem that recounted its own process of coming into being along with the final result      *The Material, the Real, and the Fractured Self* Susan Harrow, 2004-01-01 In *The Material the Real and the Fractured Self* Susan Harrow explores the fascinating interrelation of subjectivity materiality and representation in the poetry and related texts of four modern French writers Arthur Rimbaud Guillaume Apollinaire Francis Ponge and Jacques R. da She demonstrates the richness and the relevance of modern French poetry for today's readers putting contemporary thought to work on the fractured self emerging in the post Baudelairian lyric Harrow addresses the widely perceived marginalization of poetry in the writing theory debate demonstrating that the emergence of a self at once shaped by and straining against material historical subjective and cultural impediments reveals fertile relations between theory and poetry Where purer forms of postmodernist thinking have stressed the dissolution and dispersal of the human subject new approaches informed by cultural studies autobiography theory and gender studies work to recover fictions of experience and

retrieve submerged narratives of the self Probing the activity of textual self recovery among the debris of history and fantasy  
visuality and desire and culture and corporeality The Material the Real and the Fractured Self imparts something of the  
startling beauty and the raw urgency of poetry writing across the broad modern period The English Dane Sarah  
Bakewell, 2005 Jorgen Jorgenson was a Dane who made Britain his adopted country Restless for adventure and inspired by  
his hero Captain Cook he came to London and at twenty three was among the small party who established a new colony  
Tasmania Amid many twists of fortune he captained a ship for France against Britain but then sailed with British traders to  
Iceland This was his long dreamed of moment of glory staging an outrageous coup for two months he ruled Iceland  
proclaiming it free from Danish rule its ancient rights restored He was not yet thirty Much lay ahead including imprisonment  
in the hulks patronage by Joseph Banks and travels in Europe as a British spy But Jorgenson was always dogged by his own  
excesses Inevitably he spiralled downwards until he was transported as a convict to Tasmania the very colony he helped to  
found Here he rose again He became an explorer cutting through the bush on desperate missions in icy mountains and  
across flooded rivers and despite his sympathy for the people he was caught up in the terrible Aboriginal clearances  
described here Sarah Bakewell tells this tale using unpublished sources and letters The odyssey she describes crossing the  
world from island to island illuminates the murky workings of British power while it also reveals her hero's charisma and  
painful self division **BOOK JACKET** **Camus and Sartre** Ronald Aronson, 2004-01-03 Until now it has been impossible to  
read the full story of the relationship between Albert Camus and Jean Paul Sartre Their dramatic rupture at the height of the  
Cold War like that conflict itself demanded those caught in its wake to take sides rather than to appreciate its tragic  
complexity Now using newly available sources Ronald Aronson offers the first book length account of the twentieth century's  
most famous friendship and its end Albert Camus and Jean Paul Sartre first met in 1943 during the German occupation of  
France The two became fast friends Intellectual as well as political allies they grew famous overnight after Paris was  
liberated As playwrights novelists philosophers journalists and editors the two seemed to be everywhere and in command of  
every medium in post war France East West tensions would put a strain on their friendship however as they evolved in  
opposing directions and began to disagree over philosophy the responsibilities of intellectuals and what sorts of political  
changes were necessary or possible As Camus then Sartre adopted the mantle of public spokesperson for his side a historic  
showdown seemed inevitable Sartre embraced violence as a path to change and Camus sharply opposed it leading to a bitter  
and very public falling out in 1952 They never spoke again although they continued to disagree in code until Camus's death  
in 1960 In a remarkably nuanced and balanced account Aronson chronicles this riveting story while demonstrating how  
Camus and Sartre developed first in connection with and then against each other each keeping the other in his sights long  
after their break Combining biography and intellectual history philosophical and political passion Camus and Sartre will  
fascinate anyone interested in these great writers or the world historical issues that tore them apart **Merleau-Ponty's**

**Poetic of the World** Galen A. Johnson, Mauro Carbone, Emmanuel de Saint Aubert, 2020-08-04 Merleau Ponty has long been known as one of the most important philosophers of aesthetics yet most discussions of his aesthetics focus on visual art This book corrects that balance by turning to Merleau Ponty's extensive engagement with literature From Proust Merleau Ponty developed his conception of sensible ideas from Claudel his conjoining of birth and knowledge as co naissance from Valéry came implex or the animal of words and the chiasma of two destinies Literature also provokes the questions of expression metaphor and truth and the meaning of a Merleau Pontian poetics The poetic of Merleau Ponty is the book argues a poetic of the flesh a poetic of mystery and a poetic of the visible in its relation to the invisible Ultimately theoretical figures or figuratives that appear at the threshold between philosophy and literature enable the possibility of a new ontology What is at stake is the very meaning of philosophy itself and its mode of expression

**Anatomic** Adam Dickinson, 2018-04-24 The poems of *Anatomic* have emerged from biomonitoring and microbiome testing on the author's body to examine the way the outside writes the inside whether we like it or not Adam Dickinson drew blood collected urine swabbed bacteria and tested his feces to measure the precise chemical and microbial diversity of his body To his horror he discovered that our petroculture has infiltrated our very bodies with pesticides flame retardants and other substances He discovered shifting communities of microbes that reflect his dependence on the sugar salt and fat of the Western diet and he discovered how we rely on nonhuman organisms to make us human to regulate our moods and personalities Structured like the hormones some of these synthetic chemicals mimic in our bodies this sequence of poems links the author's biographical details diet lifestyle geography with historical details spills poisonings military applications to show how permeable our bodies are to the environment As Dickinson becomes obsessed with limiting the rampant contamination of his own biochemistry he turns this chemical microbial autobiography into an anxious plea for us to consider what we're doing to our world and to our own bodies

**Vegetation** Francis Ponge, 1987 This book is a short grouping of pieces originally published in his book *Le Parti Pris des Choses* in 1942 Interested in the copulation of things and words Ponge aimed to bring a materiality of language to surface

**Signéponge** Jacques Derrida, 1984 An analysis of the works of the French poet Francis Ponge explores a new technique for reading poetry

**Francis Ponge and the Nature of Things** Patrick Alan Meadows, 1997 One of the most significant French poets of the twentieth century Francis Ponge is treated in this study The fundamental role of atomistic philosophy in Ponge's writings especially as expressed in Lucretius's *De Rerum Natura* is discussed Meadows is the first author to examine Ponge's writings in a book length study

**Nioque of the Early-spring** Francis Ponge, 2018 Poetry Translated from the French by Jonathan Larson On the 50th anniversary of its publication The Song Cave is honored to publish the first English translation of Francis Ponge's *NIOQUE OF THE EARLY SPRING* Ostensibly a book written to honor the season itself and the cycle of time upon its first publication in Paris May 1968 these notes took on a greater metaphorical meaning within this context addressing the need for new beginnings and revolution April is not always the cruelest month In

these stray notations dated early April 1950 Ponge provides a latter day version of Stravinsky's *Sacre du printemps* or of William Carlos Williams' *Spring and All* a vernal enactment of all the resurrectional energies of a spring time to come as witnessed firsthand at the farmhouse of La Fleurie in southern France When subsequently published in *Tel Quel* in May 1968 eighteen years later Ponge's rural pastoral text now acquired a specific urban history and Utopianism its Lucretian *Nioque* or *gnosis* now speaking to the gnomic revolutionary slogans of the Left Bank barricades Be realistic demand the impossible Beneath the cobblestones the beach Jonathan Larson's careful engagement with Ponge manages to seize what is most prosaic about his poetry its fierce communism of the ordinary its insistence that taking the part of things means taking words at their most etymological everydayness Richard Sieburth This startlingly fresh and necessary document of the 1950s by Francis Ponge comes to us via the all too rare feat of true poetic reenactment Understanding that each poet creates language anew Jonathan Larson has found a poetics suitable for the occasion of Ponge's own poetic logic In this rendering Larson's absolute care and attention to syllabic weight and measure to the syntax and length of each line as it unwinds allows us as readers to come into the drama of a text newly made in other words to discover a new poem in its very making Yet none of this comes at the cost of accuracy or through the subjugation of the original at the hands of one wielding the imperial language This is no mean feat in this day and age and by way of Larson's exquisite ear we are again given the poignancy and urgency of Ponge's own moment Ammiel Alcalay

**The Animal Side** Jean-Christophe Bailly, 2011 *The Animal Side* is a manifesto on the importance of animals for human thought It attempts to characterize the importance for human beings of the fact that animals exist Adopting a philosophical and poetic approach the book seeks to show that animals' ways of inhabiting the earth are for human consciousness an expansion and an exploration of what philosophers and poets have tried to name by speaking of the Open Beginning with the story of an encounter with a deer on a road at night the book proceeds by showing that beyond the diversity of animal life and the ways animals differ from human beings there is a layer of the perceptible on which we all draw humans and animals alike in our own ways At present however this layer itself is at risk Thus the book can also be read as a defense and illustration of animals' modes of being and as a plea for their survival

**The Making of the Pre** by Francis Ponge, 1982-10-01 *Mimologies* Gärard Genette, 1995-01-01 Do words their sounds and shapes their lengths and patterns imitate the world Mimology says they do First argued in Plato's *Cratylus* more than two thousand years ago mimology has left an important mark in virtually every major art and artistic theory thereafter Mimology is the basis of language sciences and incites occasional hilarity Genette treats matters as basic and staid as the alphabet and as reverberating as the letter R in *ur* linguistics *Mimologies* bridges mainstream literary history and Genette's expertise in critical method by undertaking an intensive study of the most vexed of literary problems language as a representation of reality From publisher's description

**A Poverty of Objects** Jonathan Monroe, 2019-05-15 The prose poem Jonathan Monroe asserts is the genre that does not want to be itself In his view the dominant literary historical role of

the prose poem has been to test the limits of generic constraints Monroe here undertakes a comparative and historical investigation of the problematic relationship between prose and poetry and of the development of the prose poem over the past two centuries
