Partial Magic The Novel As Self Conscious Genre:

Partial Magic Robert Alter,1978 **Partial Magic** Robert Alter,Professor of Hebrew and Comparative Literature Robert Alter,1975 The Literature of Emigration and Exile James Whitlark,Wendell M. Aycock,1992 The Literature of Emigration and Exile is a collection of works from various writers that explore the literature of emigration and exile These writers examine poetic fictional and biographical voices from settings such as Turkey renaissance Italy modern Spain Central and South America Eastern Europe China Canada and elsewhere **The Self-Conscious Novel** Brian Stonehill,2016-11-11 This book is a volume in the Penn Press Anniversary Collection To mark its 125th anniversary in 2015 the University of Pennsylvania Press rereleased more than 1 100 titles from Penn Press s distinguished backlist from 1899 1999 that had fallen out of print Spanning an entire century the Anniversary Collection offers peer reviewed scholarship in a wide range of subject areas **A Reference Guide for English Studies** Michael J. Marcuse,1990-01-01 This ambitious undertaking is designed to acquaint students teachers and researchers with reference sources in any branch of English studies which Marcuse defines as all those subjects and lines of critical and scholarly inquiry presently pursued by members of university departments of English language and literature Within each of 24 major sections Marcuse lists and annotates bibliographies guides reviews of research encyclopedias dictionaries journals and reference histories The annotations and various indexes are models of clarity and usefulness and cross references are liberally supplied where appropriate Although cost conscious librarians will probably consider the several other excellent literary bibliographies in print such as James L Harner s Literary Research Guide Modern Language Assn of America 1989 larger academic libraries will want Marcuse s volume Jack Bales Mary Washington Coll Lib Fredericksburg Va Library Journal Comparative Criticism: Volume 1, The Literary Canon Elinor S. Shaffer,Elinor Shaffer,1979-11 This is a yearbook sponsored by the British Comparative Literature Association which promotes comparative literary studies **The Ideology of Genre** Thomas O. Beebee,2010-11 In a series of comparative essays on a range of texts embracing both high and popular culture from the early modern era to the contemporary period The Ideology of Genre counters both formalists and advocates of the if genres exist on the other hand then they exist not as essences but as differences and thus those places within and between texts where genres collide reveal the connections between generic status interpretive strategy ideology and the use value of language **General Ecology** Erich Hörl,James Edward Burton,2017-05-04 Ecology has become one of the most urgent and lively fields in both the humanities and sciences In a dramatic widening of scope beyond its original concern with the coexistence of living organisms within a natural environment it is now recognized that there are ecologies of mind information sensation perception power participation media behavior belonging values the social the political a thousand ecologies This proliferation is not simply a metaphorical extension of the figurative potential of natural ecology rather it reflects the thoroughgoing imbrication of natural and technological elements in the constitution of the contemporary environments we inhabit the rise of a cybernetic

natural state with its corresponding mode of power Hence this ecology of ecologies initiates and demands that we go beyond the specificity of any particular ecology a general thinking of ecology which may also constitute an ecological transformation of thought itself is required In this ambitious and radical new volume of writings some of the most exciting contemporary thinkers in the field take on the task of revealing and theorizing the extent of the ecologization of existence as the effect of our contemporary sociotechnological condition together they bring out the complexity and urgency of the challenge of ecological thought one we cannot avoid if we want to ask and indeed have a chance of affecting what forms of life agency modes of existence human or otherwise will participate and how in this planet's future

Death Sentences Garrett Stewart, 1984 This is a book about terminals and boundaries mortality and closure the infinitesimals of style and the finite limits of representational language about least and last things together It is a book to start with about three vast and familiar facts of life and art death content and form Only by their particular triangulation in the genre of prose fiction do they mark out the hypothesis of the present study that death in fiction is the fullest instance of form indexing content is indeed the moment when content comprising the imponderable of negation and vacancy can be found dissolving to pure form Death in narrative yields by yielding to sheer style

Fictionality, Factuality, and Reflexivity Across Discourses and Media Erika Fülöp, 2021-06-08 Concerned with the nature of the medium and the borders between fact and fiction reflexivity was a ubiquitous feature of modernist and postmodernist literature and film While in the wake of the post postmodern return to the real cultural criticism has little time for discussions of reflexivity it remains a key topic in narratology as does fictionality The latter is commonly defined opposition to the real and the factual but remains conditioned by historical cultural discursive and medium related factors Reflexivity blurs the boundaries between fact and fiction however by giving fiction a factual edge or by questioning the limits of factuality in non fictional discourses Fictionality factuality and reflexivity thus constitute a complex triangle of concepts yet they are rarely considered together This volume fills this gap by exploring the intricacies of their interactions and interdependence in philosophy literature film and digital media providing insights into a broad range of their manifestations from the ancient times to today from East Asia through Europe to the Americas

Just Words Robert W. Greene, 2010-11 Are the words that a novelist uses adequate to his or her elusive subject the human condition Are they pertinent accurate invariably fair unflinchingly honest Or do the novelist's words execute essentially formal maneuvers engaging our interest through their patterns rather than their reach And what about a possible third synthesizing option Robert W Greene discovers that the two apparently divergent intentions in question metalinguistic vs moralistic often paradoxically coexist in French fiction Also no doubt because it is more consistently self conscious than that of any previous era the fiction of twentieth century France seems to illustrate this convergence with special brilliance From *L'Immoraliste* 1902 to *L'Usage de la parole* 1980 Greene explores combinations and permutations of moralistic analysis and metalinguistic commentary in a particular sequence of prose narrative Along the way he observes Gide Proust Malraux Camus Duras and

Sarraute each in his or her own fashion moving ceaselessly back and forth between soundings of the heart and diagnoses of the tongue The Wisdom Books: Job, Proverbs, and Ecclesiastes: A Translation with Commentary ,2011-09-20 Robert Alter s bold new translation of the wisdom books of the Old Testament **Figural Language in the Novel** Ramon Saldivar,2014-07-14 Novels affirm the power of fiction to portray the horizons of knowledge and to dramatize the ways that the truths of human existence are created and preserved Professor Saldivar shows that deconstructive readings of novels remind us that we do not apprehend the world directly but through interpretive codes Originally published in 1984 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 **The Five Books of Moses: A Translation with Commentary** Robert Alter,2008-10-17 A modern classic Thrilling and constantly illuminating Michael Dirda Washington Post Book World Through a distinguished career of critical scholarship and translation Robert Alter has equipped us to read the Hebrew Bible as a powerful cohesive work of literature In this landmark work Alter s masterly translation and probing commentary combine to give contemporary readers the definitive edition of The Five Books Winner of the PEN Center USA Literary Award for Translation and the Koret Jewish Book Award for Translation a Newsweek Top 15 Book Los Angeles Times Favorite Book and San Francisco Chronicle Best Book The Mind of the Novel Bruce F. Kavin,2006 From Moby Dick to The Unnamable from A Tale of a Tub to The Book of Questions Bruce Kavin explores the nature of self conscious fiction and compares its structure to that of human consciousness Focusing on texts that confront their own limits by trying to name the unnamable the ineffable self Kavin draws on methods from literary criticism to systems theory to explain a variety of first person works that dance around the ungraspable subject **Freud's Paranoid Quest** John Farrell,1996 John Farrell argues forcefully against Freud but does something more important in the process his reframing of the discussion of modernity has implications for every branch of contemporary humanistic inquiry and makes this a timely and most significant book HARVARD REVIEW **John Irving and Cultural Mourning** Bouchra Belgaid,2011-01-01 John Irving and Cultural Mourning offers a chronological survey of his eleven novels examining his prose via thematically focused chapters on postmodernism the sixties fatherhood narcissism mourning and finally self redemption **Modernist Parody** Sarah Davison,2023 This volume argues that parody is central to modernism and shows that as a literary technique parody was a means for modernists to learn their craft sharpen their historical sense and define themselves as post Victorians **Writing from History** Timothy Hampton,2018-05-31 No detailed description available for Writing from History **The German Bildungsroman from Wieland to Hesse** Martin Swales,2015-03-08 Although some of the most distinguished German novels written since about 1770 are generally

considered to be Bildungsromane the term Bildungsroman is all too frequently used in English without an awareness of the tradition from which it arose Professor Swales concentrates on the roles of plot characterization and narrative commentary in novels by Wieland Goethe Stifter Keller Mann and Hesse By pointing out that the goal in each work is both elusive and problematic he suggests a previously unsuspected ironic intent His analysis adds to our awareness of the potentialities inherent in the novel Originally published in 1978 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905
