Partial Portraits (Classic Reprint) Henry James, 2015-07-01 Excerpt from Partial Portraits Mr Elliot Cabot has made a very interesting contribution to a class of books of which our literature more than any others offers admirable examples he has given us a biography intelligently and carefully composed These two volumes are a model of responsible editing I use that term because they consist largely of letters and extracts from letters nothing could resemble less the manner in which the mere bookmaker strings together his frequently questionable pearls and shovels the heap into the presence of the public Mr Cabot has selected compared discriminated steered an even course between meagreness and redundancy and managed to be constantly and happily illustrative And his work moreover strikes us as the better done from the fact that it stands for one of the two things that make an absorbing memoir a good deal more than for the other About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

Partial Portraits Henry James, 2012-08-01 Unlike some other reproductions of classic texts 1 We have not used OCR Optical Character Recognition as this leads to bad quality books with introduced typos 2 In

books where there are images such as portraits maps sketches etc We have endeavoured to keep the quality of these images so they represent accurately the original artefact Although occasionally there may be certain imperfections with these old texts we feel they deserve to be made available for future generations to enjoy

Annals of the New York Stage.--Index to the Portraits in Odell's Annals of the New York Stage George Clinton Densmore Odell,1927 **Portraits from Life** Jerome Boyd Maunsell,2018-01-05 What happens when novelists write about their own lives directly in memoirs and autobiographies rather than in novels How do they present themselves and what do their self portraits reveal In a series of biographical case studies Portraits from Life examines how seven canonical Modernist writers Joseph Conrad Ford Madox Ford Henry James Wyndham Lewis Gertrude Stein H G Wells and Edith Wharton depicted themselves in their memoirs and autobiographies during the first half of the twentieth century Drawing on a range of life writing sources in this innovative group portrait Jerome Boyd Maunsell reconstructs the periods during which these authors worked on their memoirs often towards the end of their lives and shows how memoirs and autobiographies are just as artful as novels The seven portraits in the book also create a rich network of encounters as many of these writers knew each other and wrote about each other in their reminiscences Portraits from Life investigates the difficulties and possibilities of autobiography the relation of fact and fiction biography and autobiography the ethical issues of dealing with real people the thin generic lines between novels and autobiographies and the deceptive workings of memory and how all these writers dealt with these concerns as they looked back on their lives An act of portraiture and biography as well as an act of criticism moving from London to Paris and through two world wars it also pieces together a fresh and constantly inter connecting narrative of the Modernist era in England and France

Constance Fenimore Woolson: Portrait of a Lady Novelist Anne Boyd Rioux, 2016-02-29 Biography at its best aims at resurrection. Anne Boyd Rioux has brought the novelist Constance Fenimore Woolson back to life for us. Hurrah! Robert D. Richardson, author of the Bancroft Prize-winning *William James: In the Maelstrom of American Modernism*, Constance Fenimore Woolson (1840-1894) who contributed to Henry James's conception of his heroine Isabelle Archer in *The Portrait of a Lady* was one of the most accomplished American writers of the nineteenth century. Yet today the best-known and most misunderstood facts of her life are her relationship with James and her probable suicide in Venice. This first full-length biography of Woolson provides a fuller picture that reaffirms her literary stature. Uncovering new sources, Anne Boyd Rioux evokes Woolson's dramatic life. She was a grand niece of James Fenimore Cooper and was born in New Hampshire, but her family's ill fortunes drove them west to Cleveland. Raised to be a conventional woman, Woolson was nonetheless thrust by her father's death into the role of breadwinner, and yet as a writer she reached for critical as much as monetary reward. Known for her powerfully realistic and empathetic portraits of post-Civil War American life, Woolson created compelling and subtle portrayals of the rural Midwest, Reconstruction-era South, and the formerly Spanish Florida to which she traveled with her invalid mother. After her mother's death, Woolson, with help from her sister, moved to Europe where expenses were lower, living mostly in England and Italy and spending several months in Egypt. While abroad, she wrote finely crafted foreign-set stories that presage Edith Wharton's work of the next generation. In this rich biography, Rioux reveals an exceptionally gifted and committed artist who pursued and received serious recognition despite the difficulties faced by female authors of her day. Throughout, Rioux goes deep into Woolson's character, her fight against depression, her sources for writing, and her intimate friendships, including with Henry James, painting an engrossing portrait of a woman and writer who deserves to be more widely known today.

Henry James's Portrait of the Writer as Hero Sara S. Chapman, 1990-02-12 One of the subjects of deepest and most enduring interest to Henry James was the creative experience of writers and critics. This study examines James's fictions about this experience, placing them within the context of James's critical work and enabling the reader to see this body of work as James himself did, as a coherent extended portrayal of the creative experience of the writer-critic.
